

# Penalty-free sweepstakes

The Hockey Development Center for Ontario said the second annual Esso Penalty Free Sweepstakes will take place Jan. 6-22.

The program was introduced last year to help promote skills, safety and sportsmanship on the ice.

More than \$50,000 worth of team prizes will be up for grabs and all provincial amateur hockey teams are eligible. The grand prize will be CCM Custom Tacks supplied through Cupolo's Sports.

Under contest rules, teams may submit a sweepstakes entry form for every penalty-free game they play during the contest period. If the other team takes penalties, the eligibility of the penalty-free team is not violated.

Each player on each

team submitting a valid entry will receive an Esso penalty free sweepstakes certificate of achievement and a crest.

Entry forms are available from participating Esso retailers, arena managers and local hockey associations.

More than 2,500 penalty-free games were played during the 14 days of the contest last year. Over 80 percent of the teams playing penalty-free games either won or tied the match.

Last year, almost 4,000 individual prizes (250 team prizes) were won for every penalty-free player in the province were awarded the certificate and crest.

Sweepstakes winners will be decided Feb. 10 by a series of random draws from the eligible entries.

## Praying?

Penetang Kings goaltender, Greg Fedore, may be praying time to Parry Sound Brewers by a 5-1 count. The Kings were after he stops the puck in Friday night's game at the stymied time after time by the Brewer goaltender. Penetang Arena. The luckless Kings lost another game, this

## Is This Your Child?

- ...an intelligent child who fails at school
- ...a child who reads "on" for "no," writes 41 for 14
- ...a child who forgets his/her own address and telephone number, but remembers the ads on TV

These are some characteristics which may indicate a child has learning difficulties. If you have any concerns about your child, please investigate further.

Perhaps we can help. The **Roblyn Centre** is a private school especially for children with learning problems.

**Our Goal:** To help the child cope with his/her learning difficulties and build self-confidence so he/she can return to the regular school system as soon as possible.
