## Mixed bonspiels coming soon - sign up

by Pete Garraway

The second schedule of Friday Night Mixed is upon us. This time of year means the weather gets colder and the curling gets hotter

and more intense. It's the time for bonspiels, and our club has a series starting with the Bryant's Jewellers Bonspiel Jan. 21, the La Maison Bonspiel Feb. 4, and finally the Penetang Bottling Winterama

'Spiel Feb. 18. A large number of the curlers for these events come from the very competitive Friday Night Mixed League. All these events are mainly for fun, so new and old curlers

please sign up on the bulletin board soon to get in on the party!

After one schedule of seasoning I have noticed that our new curlers have greatly improved. This must be due to the extended curling clinics held during the Christmas holidays and on Sundays.

I also think the fun and competitiveness of the Friday Night Mixed League comes from the watchful eye of Rita Sharpen in drawing up the schedule. And, as it happens more often than not, the person who does the schedule is the one who usually drops out when the numbers don't jive. Rita has decided to sit it out this schedule.

The second schedule was revised as a few people dropped out at the last minute, for a variety of reasons. New schedules can be picked up in the lounge. And, I ask anyone who can't curl in the third schedule to please let Rita or myself know as soon as possible. This saves hours of work and frustration on the drawmaster's part. Thank you for a job well done, Rita!!

### BEAVER LUMBER

Speaking of building the Friday Night League ... I would like to take this opportunity to thank the sponsor of the second schedule. PENETANG BEAVER LUMBER has probably built more houses in town than we have curling teams.

Thanks for your generous support. **PETE'S PREDICTIONS**

This is the part where I am going to predict the winners of the second schedule after only two weeks of curling. I hope I don't bring bad luck to any team ... that is unless they're curling me!

The team that will end up in first place will be DAVE YEOMAN'S, who along with wife Audrey, and front end Owen Harries and Ann Bloomberg, form a solid, well-balanced, fun rink.

Second place will go to the veteran mixed curling team of AL and SUE McCLINTON, who along with newcomers Greg Rice and Donna Tomlinson, are good enough to win, but will find the competition just too tough to overtake first place.

Third place will be close, but LARRY BUCKLEY who can make all the tough shots when called upon, will come third. It's unfortunate for Chris and Lorna Wright that Larry and Kim won the first schedule... because I don't think Larry will be able to perform under pressure a second time around, to duplicate a championship. I guess he and the others will just have to prove me wrong!

Read the next issue of the Penetanguishene Curling Club News to see if my predictions for 1989 have come true! Until then ... let's have fun!

### LeCaron schoolboys

Skip Marc Price representing Ecole Secondaire LeCaron delivers a stone during Gore Mutual School Boy action at the Midland Curling Club January 5-6. Waiting to sweep Marc's rock are David Laverdiere and Shawn Desroches. Alfredo Graziani was holding the broom. The LeCaron rink won two and lost two and were eliminated from school boy action by Parry Sound's Darcy Weeks. Of note, the Ecole Secondaire Penetanguishene Secondary School team of Jody Robillard, Phillip David, Spencer Beaudoin and Jay Berriault won their first game in the schoolboy bonspiel, but were knocked out two straight after that.
