House cannot do anything else than story. not say to my hon. friend, that at gas. and, that too, of a most worthless an alliance against England. this late period of the session, and and abominable nature. As to the moin the present state of the public lives which actuated the parties concerned There was a severe storm of wind and DEMAINING in the THORNHILL, F.O. business, it is to be hoped there in this very discreditable affair, I shall rain at St. Pauls on the evening of the I 1st August 1858. king the new arrangements

three o'clock on Monday.

BOWMANVILLE COAL MINE

EXPLODED.

From the Oshawa Vindicator. intensely agitated on the coal question- which will cling to him for the remainder not, I am sorry to sav, arising from of his life. beyond the shadow of a doubt, that the to a close. alleged discovery, in May last was a bare aced piece of imposition. Yes, the people of this town, I regret to state, have been sally housed; and what renders the circumstance more a grava ing, is the fact that Mr. James Bates, the proprietor of the bogus mine -a man who incretofore, was held in the highest esteem by his fellow townsmen, and whose cha acter for honesty, integrity, and honour, none ever doubted, stands convicted, by his market. own concession, of having been a party to

the work of deception The facts connected with this shameful transaction leake, out somewhat as follows :- After the first alleged discovery | watchmaking in Switzerland, of Coal, Mr. Charles Bates, a brother to James, a gentlem in of wealth - and who. I might here remark, was neither directly -entered into partnership with his sold in Calnornia next February. by thee, with a view of opening up the mine Beiere proceeding to the work of sinking a shaft, however, he deemed it bu prudent to make a tu-ther search tor another bed of coal, which, he felt assur- fee has been made by a London him. ed, would eas ly be found, provided no de ception bad been practised in the discovery of the first one. Co sequently. the work of boring further d w was er- A boat attached to a sperm whale, in tered upon, and continued until with u the Pacific, was crawn 32 miles an hour. about a week ago, when something occurred which caused Mr. Charles Bates to mistrust that all was not as it should be He then made up his mind that he

the existence of the bed through which it was alleged they had passed, and lothis purpose he had a machine made. which he felt assured, would, it the Coal Was there, demonstrate the fact beyond The Moravian congregation at Bettail doubt. The machine was made and lehem, Pa., have over one million dollar brought to the pit, and what struck Mr. at interest. C. Bates as very remarkable was the fact that the very day that the tester was Thames to be the uncleanest, foulest river b nught, Joe Bals lon, the miner, left the in the world. " ig ings," and could not be undired to re ura. However, the virtue of the tester fac o y that Mr. Bates at once decared have been tost. his belief that the thing was a humong. On the Saginaw river, in a distance of and cut his connection with it immediate- 25 miles, there are more than 50 sawly. At this time he had not the most re- mills. mote idea that his brother was in any way implicated in the work of deception which vicinity, and when the fact became known ama route. the vicinity of the town, but went to work bad cheese. harvesting with a farmer to the neighbor-

hood. All the time he strongly denied declaring that the coal was there, and South Ca.ofma. that he was prepared to go on with the The 157th anniversary of the founding was brought up from the pit, and that he spirit, on the 24th inst. would also take stock in the mine to as large an amount as any other laboring man in the place. He told his story with so smooth a face-lied so pertiniciously. backed up in it as he was by Mr. Jas. ) Quay Streets, Buffalo, New York, are the onl. Thysicians in the State who are members of the Royal College of Surgeons, London. May be con u ted from 8 o'clock in the mornng until 9 o'clock at night, on every state and sympom of disease. The treatment they adopt is the result of upwards of 30 years' extensive and successful practice in London The most invete ata symptoms of Disease eradicated in eight or nine da s. and case of a slight nature in two The cure effected without confinement or his-

Notice. There is an evil liabit sometimes indulged in by boys, in solitude, often growing up with them to manhood, and which, if not retorned by them in due time, not only begets serious obstacles to matrimounal happines, but giv s rise to a series of protracted, insidiens, and devastating affections. Few of those who give 140-6m | way to this permittions practice are aware of the consequences, until they find the nervous sysiem shotte ed, feel strange and unaccount-
