> SONS IN HORSE-TAMING-HOW TO SUBDUE A KICKING HORSE.

A kicking horse is the worst kind of a horse to undertake to subdue, and more dreaded by man than any it and touches it with his nose; then other; indeed, it would not be too much to say that they are more dreaded than all the other bad and vicious horses put together. You often hear the expression, even your harness made to fit your from horse jockeys themselves, "1 dreds of horses have been spoiled doesn't kick." Now, a kicking by collars that do not fit as they horse can be broken from kicking should. A little attention to this in harness, and effectually broken matter beforehand will facilitate too, though it will require some your progress very much. Take time to manage him safely; but your harness into the stable; go perseverance and patience by this through the same process as you rule will do it effectually. When did with the saddle, letting the colt you go to harness a horse that you rily; then put it on carefully; and find out whether he is a kicking after you have it all complete, put horse or not, you can ascertain that on your lines; use them gently, fact by stroking him in the flank as he is rather skittish, until he is where the hair lies upwards, which used to them a little; then lead you can discover easily on any him back and forth in the stable horse; just stroke him down with until he does not seem to mind the the ends of your fingers, and if he fitting of the harness to his body; does not switch his tail, and shake traces and pull slightly at first, in- some of these, you need not lear creasing your strength until he will his kicking; if he does any or all pull you across the stable back and of these, set him down for a kick-
