SINGULAR FLIGHT OF BUTTERFLIES. -Yesterday morning a very singular cirwest. The flight continued for hours, and thousands of the beautiful little aniside. They were of the species known as efforts to capture the bright-winged creathe thing the people are going to submit place where all who choose may consult it tures. Various were the speculations to." Here is a menace," a threat of re- and appeal if aggrieved? Do not the among the crowds around the City Hall elective franchise as he may deem bellion !! for it they (the people) are not facts all point to one inevitable conclu as to the cause of the migration. Some wiseacres shook their heads gravely, muttered something about butterflies and comtured a suggestion that the little wanderis Mr. John Koch, whose herculean intel- but such an idea was laughed to scorn, lect is required to rescue the township and the luckless wight who propounded it hurried away to escape the effects of his indiscreet observation. It was at length graceful work of the Assessor," against agreed by all parties that the event was whose appointment "the trio are trying "very singular," and soon the usual duties

> HIGHLAND SOCIETY OF TORONTO .-It will be seen from our advertising columns that a meeting of Scotchmen is to proposed society is to be purely patriotic in its character. Its object will be the bearers, for the purpose of practising putalso practice curling, shinty, and other Scottish games, on the lake, or elsewhere. as may be most suitable. The society will be under the patronage of distinguished Scotchmen, and others resident in British North America .- Colonist.

A SHERIFF'S OFFICER IN DIFFICUL-TY .- On Friday last one of the officers in the employ of Sheriff Jarvis, named Edward Ellis, went to the house of John Macdonald near the village of Malton, for the purpose of executing a writ of flers facias against his goods and chattels. lowed him, struck him, and took the horses from him. As soon as Ellis refore such a consummation was arrived at. was forced to beat a retreat and seek asof sistance at Brampton, and with this he re-

was to the wind the same and the same and the
