

WESLEYAN SABBATH SCHOOL ANNIVERSARY.

From the Markham Economist of the 13th.

According to announcement the Wesleyan Sabbath School Anniversary in this place was duly celebrated, on Monday last, by recitations of the scholars and a Soiree. At 2 o'clock, p.m., the recitations commenced, under the superintendence of Mr. George Flumerfelt and the Rev. Mr. Messmore; the Rev. Mr. Campbell occupying the chair. About 4 o'clock tea was served on tables spread in the yard adjoining the church. The day was all that could be desired; a genuine October day—neither too hot nor too cold. The tables were well filled and the utmost enjoyment prevailed. The edibles having been satisfactorily disposed of, an intermission followed until 7 o'clock, when the following officers and teachers were elected for the ensuing year, and the report of the Secretary read and adopted, an abstract of which we subjoin.

ABSTRACT OF REPORT.
In the staff of Teachers there has been some change, from removals, &c., and some have been added to the number, making a total of 15, exclusive of Superintendent, Secretary, and Librarian.

The number of children added to the school during the past year is 25, which, added to our last year's figures, would make a total of 130. The average attendance of boys each week during the year was 32; that of girls 43. Total average, 75.

The average number of verses recited each week by the boys is 120; by the girls 180, or 60 more than the boys.

Total weekly average by the whole school, 300. The whole number of verses recited by the boys during the year was 6,340. The total number recited by the girls during the same period was, 9,360. Total number recited by the whole school, 15,000.

The Treasurer reports as follows:
Balance from last year's account \$18 6
Received during the year \$3 32

Total receipts from Oct. 1st, 1858 \$53 33
By Cash paid for Books, &c. 62 59

School in debt \$29 21
There has been no addition to the Library of 200 volumes, and also a large number of Prize Books bought and given out.

The Monthly Teachers' Meeting for prayer and business have been continued, and are usually well attended.

OFFICERS AND TEACHERS ELECTED FOR THE ENSUING YEAR.
George Flumerfelt, Superintendent; Thomas Speight, Assistant Superintendent; C. G. Barnes, Secretary; Wm. Flumerfelt, Librarian; Joseph Byrom and Mr. Hewitt, Absentees Visitors.

FEMALE TEACHERS.
Mrs. Byrom, Mrs. Ellis, Miss Campbell, Mr. And. Crosby, Miss Holt, Miss Jernan, Mrs. J. Speight, Miss Ellen Crosby, Mrs. Kibbs.

MALE TEACHERS.
Mr. J. Speight, Mr. Holt, Mr. Wilkinson, Mr. Pearce, Mr. Deck, Mr. Pyle.

After some well merited and highly complimentary remarks towards that gentleman the Rev. Mr. Campbell called upon Amos Wright, Esq., M.P.P., to occupy the chair, which the worthy gentleman filled in the most satisfactory manner, and after addressing the audience in an appropriate speech, called upon the following Clergymen, Messrs. Hayhurst, Taggart, Gordon, and Willoughby, to address the meeting. The speakers all seemed at home. The Rev. Mr. Willoughby especially, while his remarks were by no means deficient in appropriateness and good sense, they were replete with a steady rise of humor, which the whole audience duly appreciated. At the close of the proceedings the annual votes of the Ladies to the Chair, the Choir, and the Ladies who provided the good things, were unanimously carried, when the meeting was duly dismissed by the Rev. Mr. Campbell.

THE CRICKET MATCH AT HAMILTON.
The Canadians did not come out of the cricket match with the English as well as might be expected from the first day's play. The Eleven concluded their first innings yesterday morning, but added nothing to the score of the previous day; the total number of runs made being 79. The Twenty-two in their second innings made 53. This left the English players 41 to make to win, which they did in quick time, scoring the entire number without losing a wicket. Another match is to be played to-day five "All England" and six Canadians being ranged against five "All England," and six Canadians. The sides in this match being more nearly equal in strength than in the game just concluded, better sport may be anticipated.—*Leader.*

On Wednesday evening last, the 19th inst. Dr. Ann Reid, of Richmond Hill, in his 80th year.

On the 11th instant, departed in peace, in the 50th year of her age, at Ballantrae, Whitechurch, Mary, the beloved wife of the Rev. James DeGeer, and daughter of Major John Button. She leaves a large circle of mourning friends who mourn not as those who have no hope. A large concourse was in attendance to witness the solemnities of her funeral rites. The occasion was improved by the Rev. Mr. Tignor, Wesleyan Methodist Minister, from Revelations chap. 14, 13 verse.

A true devoted wife has gone before. A husband kind who doth her loss deplore; A fond forebearing mother, Death has torn From children who in anguish for her mourn.

A generous neighbor, and a warm friend, Who would resistance to the needy lend; An humble follower of her lowly Lord, Hath cross'd Death's valley—gained the bliss reward.

Her God has wiped her many tears away And she has heard her loved Redeemer say— Come here, poor sufferer, I will give you rest, Henceforth thou shalt be number'd with the blest.

The kindred home of those who went before, With heavenly joy have opened Zion's door; Two darling children and a much loved mother, Three pious sisters and a long lost brother.

So, while the tears are steaming from each eye She's gone where love and joy can never die, Her spirit soars through realms of boundless bliss, Mortality transformed to holiness.

PHONOGRAPHY.

OR, WRITING BY SOUND.

PHONOGRAPHY was invented by ISAAC PITMAN, in 1837. It is the most simple, most natural, most rapid, and most easily learned system of Writing which has ever been, or ever can be invented.

During the past fifteen years, hundreds of thousands of persons, in England and America, in both public and private life, have learned to write Phonography, and thousands of social, and business letters annually pass through the post office.

Nor is its great popularity to be wondered at. The present system of writing is exceedingly cumbersome, and totally unworthy these days of progress and invention. Phonography is equally as legible, can be learned in one-twentieth the time, and can be written six times as fast! In other words, the labor of six days can be performed in one—one man can do the work of six! So simple is the system, too, that a person may learn to write it slowly, in a couple of hours. An hour's daily practice for a few weeks will enable any person to write Phonography with certainty, and with some degree of freedom. The same amount of practice continued for six months will enable a person to take reports of speeches, lectures, sermons, or conversation, and to read them with accuracy.

Dr. J. W. Stone, of Boston, says: "I deem Phonography an invaluable adjunct to Education, and one which, when acquired in youth, would not be parted with in manhood for thousands of dollars."

The late Hon. Thos. H. Beston, upon being presented with a valuable report of one of his masterly speeches, taken by a little boy only twelve years of age, said: "Had this report been known 40 years ago it would have saved me 20 years' hard labor." The learned senator spoke but a portion of the truth. What long-hand requires six years to accomplish, Phonography will perform in one.

To Clergymen, Editors, Physicians, Lawyers, Secretaries, Conventancers, Law and Medical Students, Lecturers, Printers, School Teachers, Merchants, School Boys and Girls, a knowledge of Phonography is of vast utility. In fact there is no profession or calling in which it is not useful, and no young man's education can be considered complete without it.

During the past nine months hundreds of persons in Canada, of every pursuit in life, have acquired the Art, from many of whom the subscriber has received many valuable phonographic letters, expressive of their delight with the attainment, and the extraordinary ease with which they have acquired it.

For the purpose of aiding in the dissemination so important a reform in his own country, the subscriber is now prepared to supply all who apply, with the MANUAL OF PHONOGRAPHY, and the PHONOGRAPHIC BOOK, sent by mail to any part of the Province, postage pre-paid, for the small sum of \$1 ONE DOLLAR.

Anybody, everybody, who can learn anything, can learn PHONOGRAPHY from the MANUAL, without other assistance.

Those who wish to be able to put their thoughts to paper at the rate of from 100 to 250 words per minute, should send for the above-mentioned works at once.

The instruction given by the Manual is as plain as A. B. C., and ten times as easy to understand.

The "CANADIAN PHONETIC MONITOR" is a Monthly Journal, devoted to the advocacy of the Reform. Price 25 cents per annum.

NARRATIVES OF THE JESUIT FATHERS!

LAST year the French reading part of the Canadian people were edified and delighted by the publication of the Narratives of the Jesuit Fathers, who were the pioneers of religion and its attendant civilization in Canada. This work, important as it is to the French Canadian, is not less so to the English-speaking part of the population of North America. All inhabitants of the great continent, especially all Canadians, will assign it an honored place on the shelves which bear the stirring narratives of the first English and Dutch adventures.

It is fit, therefore, to make its reverend authors speak with all English tongues.

The early history of Canada is at this moment attracting much attention. The French Government has made large and precious contributions of historical matter to our Provincial Library, both manuscript and printed, relating chiefly to Canada, its settlement and wars; the Government of the United States has been zealous in collecting documents relating to the acts and sufferings of their hardy and adventurous founders; and the encouragement which our own Government could afford in aid of enterprises of the same character, has always been promptly and effectually granted.

The publication of authentic and interesting historical records has been favored and promoted by all enlightened governments and literary bodies; because they supply the best evidence of the truth of history, or the best materials for its composition. It has even been asserted, that the chronicles and private memoirs of contemporaries are of a higher value than the polished periods of Hume and Meyer.

The Narratives now brought to the public are of great value to all classes. To the religiousist, whether Protestant or Roman Catholic, they afford precious evidence of the zeal of those servants of his Holy Religion who devoted to its propagation among the heathen, and went forward through many a fiery trial, to find too often at last the crown of martyrdom. The ethnologist will find in them faithful descriptions of a race now much degenerated and rapidly approaching to extinction, written among them as they lived, and moved, hunted and fought, married and died, received baptism or ferociously murdered the men who sought to bestow it on them. Ordinary readers, from the intelligent scholar to the untutored peasant, will peruse with interest an account of the men who trod the soil on which they now move,—who were the lords of the forest and the river, now smiling with the rich harvest or glittering with the vessels of commerce,—and will learn with some emotion that they lived and slept in security on the self-same spot which has been often directed with the blood shed in warfare or massacre.

The publication of so voluminous a work will depend entirely on the support received from the public. The first volume has been translated by one of the best translators in the Province; and it will be put to press as soon as a sufficient number of subscribers is obtained to defray the cost of translation and publishing.

The work will make 3 Volumes, Royal 8vo., of about 750 pages each, in Long Primer type. Subscription lists will be found at the Bookstores in Montreal, Toronto, Quebec, Kingston, Ottawa, Hamilton, London, &c., and at the Office of the Publisher, in St. Nicholas Street, Montreal; also at St. Anne Street, Quebec.

Price in paper covers per volume, \$2.74, or for the set \$8.25.

Price in half calf per volume, \$3.50 or for the set \$10.50.
