In Missouri, kicks are considered

A lady was dreadfully affronted the other day, because a gentleman accosted her as an 'old friend.'

An Irishman being asked why he wore his stockings wrong side out, said, Be-cause ther's a hole on 'tother side of them.

'I live by my pen,' said a vulgar author to a lady. 'You look, sir, as if you ought to live in a pen.' Fashionable circles were never so nu-

merous as they are now. Almost every lady that appears in the streets is in the center of one.—N. Y. Ledger.

A German writer observes that in the United States there is such a scarcity of thieves they are obliged to offer a reward for the discovery.

THE SHERIFF AND THE WIDOW. good story is told of an Alabama sheri follows: Court was in session, and amid th ood story is told of an Alabama sheriff

multiplicity of business which crowded upon him in term time, he stopped at the door of a beautiful widow of bestowed melting glances upon the sherift aforesaid. He was admitted, and soon aforesaid. He was admitted, and soon the widow appeared; the confusion and delight which the arrival of her visitor had occasioned, set off to a greater advantage than usual, the captivating charms of widow M——. He cheeks bore the widow M.—. He checks bore the beautiful blendid tints of the apple blossom, her lips resembled rose-buds upon which the morning dew yet lingered, and her eyes were like quirers of Cupid; the glances of love and tenderness with which they were filled resembled arrows, that only wanted a fine heavy—nardon the pun wanted a fine beau-pardon the pun to do full execution. After a few com place remarks; Madam,' said the sheriff,
'I have an attachment for you.' deeper blush mantled the cheek o

the widow; -with downcast eyes, whose glances were centered upon her beautiful feet, half concealed by her flowing drapery gently patting the floor, she with equal Sir, the attachment is reciprocal.

For some time the sheriff maintained a astonished silence. At last he said "Madam, will you proceed to Court?" Proceed to court?" replied the lady

with a merry laugh; then shaking her beautiful head, she added, 'no sir, though this is leap year, I will not take license there in granted to my sex, and therefor greatly prefere that you should 'proceed to court!' 'But, madam, the Justice is waiting. 'Let him wait; I am not diswaiting. 'Let him wait; I am not dis-posed to hurry matters in such an unbecoming manner; and besides, sir, when the ceremony is performed, I wish you to understand, that I perfer a minister to a Justice of the Peace!

' Madam,' said he, rising from his chair with solemn diginity, there has been a great mistake here; my language has been misunderstood; the attachment of which -; it commands me to bring you instantly before him, to answer to a contempt in court in disobeying a subpocer a in the case of Smith vs Jones.

Indian Root Pills.

N. MORSE, the inventor of Morse's Indian Root Fills, has spent the greater portion of his life in travelling, having visited Europe, Asia and Africa, as well as North America—has spent three years among the Indians of our Westorn country—it was in this way that the Indian Root Fills were first discovered. Dr. Morse was the first pant as establish the feet Indian Root Fills were first discovered. Dr. Morsa was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strongth, health and life depended upon this vital fluid.

Whon the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; the examinant limits, sixthness and distress of

SCIENTIFIC AMERICAN.

PROSPECTUS. VOLUME FOURTEEN

BEGINS SEPTEMBER 11, 1858. MECHANICS, INVENTORS MANUFACTURERS AND FARMERS,

THE SCIENTIFIC AMERICAN has now reached its Fourteenth Year, and will enter upon a New Volume on the 11th of September. It is the only weekly publication of the kind now issued in this country, and it has a over extensive circulation in all the States of the Union. It is not, or some might suppose from its title, a dry, abstruce work on technical science; on the contrary, it so deals with the great events going on in the scientific, mechanical and industrial worlds, as to please and instruct every one. If the Mechanic or Arizan wishes to know the best machine in use, or how to make any substance employed in his business—if the Housewife wishes to get a recipe for nusking a good color, &c.—if the Inventor whites to know what is going on in the way of improvements—if the Manufacturor wishes to keep posted with the timesand to employ the bes. facilities in his business—if the Manufacturor wishes to keep posted with the timesand to employ the bes. facilities in his business—if the Manufacturor wishes to keep posted with the timesand to employ the bes. facilities in his business—if the Manufacturor wishes to keep posted with the timesand to the chemical laboratory, or in the construction of telegraphs, steamships, rail-roads, respers, mowers, and a thousand other machines and spiplances, both of peace and war—all these desiderate can be found in the Scientific Americas, and not elsecther. They are here presented in a reliable and interesting form, adapted to the comprehension of minds THE SCIENTIFIC AMERICAN has not are here presented in a reliable and inter

Young Men-Take Particular Notice.

Notice.

There is an evil hault sometimes indulged in by boys, in solitude, often growing up with them to manhood, and which, if not reformed by them in due time, not only beggis serious obstacles to matrimonial happiness, but gives rise to a series of potented, insidious, and devastating affections. Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shatteed, feel strange and unaccountable feelings, and vague fears in the mind.

New Remedies and Quick Cures.

DR AMOS & SON take pleasure in announcing that they have invented a most important instrument for the cure of the above diseases. It has been subjected to a test by the most eminent physicians in London, Paris, Philadelphia and New York. It has been declared the only useful instrument every et invented for the cure of Sominal Weakness, or any disease of the gonital organs, caused by the control of the gonital organs. DR AMOS & SON take pleasure in annou

of the genital organs, caused by the secret habits of youth.

Dr. Amos & Son, in order to satisfy the most skeptical as to the merits of these instruments, pledge themselves, that in any instance where they may prove unsatisfactory after fair trial, the money will be refunded by returning the instrument in good order.

Persons wishing the above usoful instrument will observe, that the price, with the accompanying directions, securely packed and soat by mail or express, is ten dollars.

Beware of imprise and inherant self-styled professors, who attempt cures, but nover succeed.

Having guarded against loss from fire by Insuring your property, consider if it would not be as well to make a little additional provision for your family in case of your own premature death:—whether it would not be as well, through the assistance of a Life Assurance Company, to provide a legacy for your wife or daughter, or, if you have not the happiness to be blessed with them, think if the possession of a few hundred pounds additional might not be of advantage to yourself a few years hence. If you decide that it would, write to the Managing Director of the PROVIDENT LIFE ASSURANCE AND INVESTMENT COMPANY 30 Toronto Street, Toronto, for a "Proposal" form, and a copy of the Rates.
