

A MAN SMOTHERED TO DEATH IN A WHEAT BIN.

Last night, about eleven o'clock, a colored man, named Samuel Winder, met his death in a most extraordinary manner. It appears that a number of men were engaged in loading a vessel with wheat at Messrs. Robertson & Delaport's wharf. The wheat was stored in a bin in the upper floor of a building on the front of the wharf, and was being conveyed from the upper story to the ground floor through a large spout. Deceased went up-stairs to shovel the wheat forward to the mouth of the spout, and was observed by one of his fellow workmen to jump into the bin, which contained several hundred bushels of wheat. He was cautioned not to approach too near the spout, and then the men left to go down stairs to give some instructions. On his return, Winder was nowhere to be seen. The other men shouted, and at length he heard groans proceeding from the bin. It then became evident that Winder was buried in the wheat, and the other men were instantly called up from below. Without loss of time, they commenced to shovel away the grain, but when the unfortunate man was found he was quite dead—he had been smothered in the wheat. It is supposed that he must have approached near the mouth of the spout, that he had fallen, and being unable to regain his footing, had met his death. Deceased was a married man, and had left a wife and family totally unprovided for. Coroner Hollowell held an inquest on the body to-day, at the Police Court.—Globe, July 17.

MELANCHOLY ACCIDENT.

On Friday afternoon, the 12th inst., two children of Thomas Keating of the township of North Gwillimbury, Patrick and Edward, aged respectively seven and nine years, were accidentally drowned in the river adjoining the mill of J. O. Fourchier, Esq., in the village of Sutton, township of Georgia. They had only been away from the house about half an hour, when search was made for them, and their bodies were found in the river. Every means was resorted to, for the purpose of restoring animation, but without success. An inquest was held next morning at the Court House, Sutton, before the Coroner, John Boyd, Esq., and a Jury, who chose Mr. Henry Frelow as their foreman, and a verdict of "Accidental Death" was returned.—Globe.

ANOTHER TERRIBLE EARTHQUAKE. THREE THOUSAND LIVES LOST.

In addition to the six thousand lives lost by the earthquake, at Mendoza, South America, we learn that San Juan, situated one hundred and twenty leagues north of Mendoza had been nearly destroyed by the same earthquake, with a loss of three thousand lives. The earthquake approached from the direction of Valparaiso, and great anxiety is manifested to hear from that quarter.

FATAL ACCIDENT.—On Sunday, the 31st ult., as Mr. Jas. Halliday, of Aurora, and family were about to start to church, one of the horses gave a plunge forward, throwing Mr. Halliday's father out of the buggy, who, falling on his back injured his spine, from which he died on the 7th inst. He was about 57 years of age, and well respected by all who knew him.—Examiner.

It seems that the question of Blondin's permitting his child, a girl of ten years of age, to perform on the tight rope, has been discussed in the House of Commons on the 17th ult., and it was determined that a stop should be put to the proceeding. In accordance with the wish of the Home Officer, the directors of the Crystal Palace have therefore indicated M. Blondin from allowing his daughter to be thus exposed.

A boy 12 years of age has been re-delivering the lectures of Gough with great success at Plymouth England.

HOMELIQUENESS IN NEW YORK CITY.

—Among the effects of the war, a very noticeable one is the absence of Southern visitors at the Hotels; and the leading ones are reported to be losing money fast. A correspondent of the Buffalo Commercial Advertiser, says that the immense first-class houses are sinking at least \$500 per day, during this month. The St. Nicholas, only a few days ago, got a reduction of \$25,000 on the rent, and other houses are begging for reductions, which they must get, or lose considerable money. All second-class houses are doing quite well, and also the cheap restaurants and eating-houses.

To Consumptives.

THE Advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure. To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure Cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Patrons wishing the prescription will please address REV. EDWARD A. WILSON, Williamsburgh, Kings County, New York.
