FINKLE & LYON SEWING-MACHINE COMP'Y. 538 BROADWAY, NEW YORK.

NO person who contemplates purchasing a Sewing Machine for family or manulacturing purposes, should fail to send for one of our Circulars, which contains cuts and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the best

Sewing Machines in the World For either Family or Manufacturing purposes. And all we ask is a fair trial. Read the following:

IMPORTANT FACUS.

FACT No. 1.—This Company being duly licensed, their Machines are protected against infringements or litigation.

Nacr No. 2.—These Machines make the lockstick—alike on both sides—and use a little less than half as much thread and silk as the chain or loop stitch machines.

FACT NO 3.—These Machines are better adapted than any other sewing-machines in the market to the frequent changes and almost codless variety of sewing required in a family. They will sew from one to twenty thicknesses of Marseilles without supping, and make every sitch perfect. They will thicknesses of Marseilles without supping, and make every slitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even slout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever. Is not such a machine best adopted to family use? and if best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes.

neavy for our Family Machine, we recom-mend our largor sizes. Fact No. 4.—These Machines make the most elastic seam of any sewing-machine in user a fact of every great importance in sew-ing clastic goods, or goods of any kind, on a bies.

biss.
Act No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used well fully demonstrate each of the above races.
Act No. 6.—Tinese Machines took the Highest Premium at the Frankliu Institute, Phil-

cat tremum at the Frankhi institute, Finidadiphia.
Fact No. 7.—These Machines took the Highsas Fremium at the New Jessey State Fair.
Fact No. 8.—These Machines took the highsest Medal at the American Institute, in the
City of New York, together with the Highsest Premium for fine Sewing-Machine
Work
Fact No. 8.—These Machines took both the
Highest Premiums at the Mechanics' Fair,
Unica. N.Y.

Highest Premiums at the Discussion and, Utica, N.Y.
Fact No. 10—These Machines can do the same thing generally, whenever proporly satisfact in competition with other first-class Sewing-Machines. But we have space or only one fact mort—it is the most important Fact of all.
Fact No. 11—We warrant every Machine we will be sink better satisfaction than any other

A WODERFUL DOG .- At Alderslo camp there is a large spaniel belonging to a sergeant in the Royal Artillery, who has been taught by his master, during tedious days of camp life, to perform tricks that are almost marvellous. The dog is perfect in his drill, marching slow, quick, and at the double, in obedience to the word of command. After he had been word of command. After he had been put through his paces, his master called him up and asked his opinion of the various regiments on the ground. Were the 'Plungers' the best corps?—no sign of approval. Were the Forty Second Foot! silenne on the part of the dog. After going over half-a-dozen names, the master asked, in exactly the same tone as that in which he had not his previous questions. which he had put his previous questions, the dog's opinion of the Royal Artillery. He instantly burst out into joyous barking jumping about and rolling. The sergeant then called for three cheers for the King
