THERE ARE VOICES.

There are voices in the rushing wind
As it ruffles the briny sea—
As it hollows the sail with a plaintive wail,

Miscellaneous.

A Military Road—One that is full of cart-ridges.
The best method of revenge is to return good for evil.
Why are hoops like church towers? They surround the bells (bells.)

A poor fellow who pawned his watch said that he raised money with a lever.
'Bob, how is your sweetheart getting along?'—'Pretty well; she says I needn't call any more!'
'This is capital ale—see how long it keeps its head.'—'Ay, but consider how soon it takes away yours!'

A word of kindness is seldom spoken in vain, while witty sayings are as easily lost as the pearls slipping from a broken string.
An old man, when dangerously sick, was urged to take advice of a doctor, but objected, saying, 'I wish to die a natural death.'

'I think,' said a gentleman to his footman, 'I have been a moderate good master to you, John.'—'Very moderate, sir!' said John.
'Tis our turn now,' as the autumn leaves said to the west wind. 'You be blowed!' was the reply, and the leaves blushed at the rudeness.

A schoolboy, being asked by the teacher how he should fog him, replied: 'If you please sir, I should like to have it upon the Italian system—the heavy stroke upwards, and the down ones light!'

Living High.—An Irishman, retreating to the sudden death of a relative, was asked if he lived high. 'Well, I can't say he did,' said Terence, 'but he died high—for they hanged him.'

Dirty Hands.—Charles Lamb once said to a brother whilst playing, Martin Burney, whose hands were none of the cleanest, 'Martin, if dirt were trumps, what a hand you'd have?'

An old gentleman who had dabbled all his life in statistics, says he never heard of but one woman who insured her life. He accounts for this by the singular fact of one of the questions being, 'What is your age?'

IMPORTANT IF TRUE! And every word is true. For upwards of three years past, I have been engaged in a business, which has yielded me at the rate of \$3,000 per annum, but being desirous of going to Europe in the course of a few months for the purpose of these introducing the business, I am willing to teach it to any one who will send me \$1. The business is no humbug, but of a highly useful and general character, adapted both to the city and country, and one that any person of ordinary capacity, young or old, male or female, can acquire with a few hours' practice, and by which they can secure a very handsome income. Several young ladies who have received instructions from me, both in New York State and Pennsylvania, are earning upwards of \$20 per week by it, and there is no reason why any one else cannot do the same. Invaluable, even, can do well by it, as it is no peddling affair, but a business that is perfectly respectable. Gentlemen and ladies of leisure who would like to learn the business for their own amusement or pleasure, will find the practice of it a pleasant pastime, and one that they will take great interest in. On receipt of \$1, I will send printed instructions by which any person can readily acquire the business, and these instructions will also contain every particular relative to the carrying it on so that it will be highly profitable. The purchaser of the 'printed instructions' will also be authorized to teach it at \$2.00; and I have sometimes received as high as \$20.00 for teaching it personally to a single individual. I would state further that \$2.50 or \$3.00 will buy every thing that is necessary to commence the business with, and the articles can be got almost anywhere, in city or country, or, if preferred, I can furnish them. HAVING guarded against loss from Fire by insuring your property, consider if it would not be as well to make a little additional provision for your family in case of your own premature death—whether it would not be as well, through the assistance of a Life Assurance Company, to provide a legacy for your wife or daughter, or, if you have not the possession of a few hundred pounds additional might not be of advantage to yourself a few years hence. If you decide that it would, write to the Managing Director of the PROVIDENT LIFE ASSURANCE AND INVESTMENT COMPANY, 20 Toronto Street, Toronto, for a 'Proposal' form, and a copy of the Rates.

Or, possibly, the Agent of the 'Beaver' may possess a copy of both documents, which he can accommodate you with, and give you a little information on the subject besides. If Insurances may be effected for one, two, or three years, at moderate rates. Agent at Richmond Hill—J. R. ARNOLD. Toronto, April 12, 1861. 125-1y

NO person who contemplates purchasing a Sewing Machine for family or manufacturing purposes, should fail to send for one of our Circulars, which contain cuts and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the best Sewing Machines in the World

For either Family or Manufacturing purposes. And all we ask is a fair trial. Read the following: IMPORTANT FACTS. FACT No. 1.—This Company being duly licensed, their Machines are protected against imitations or litigation.

FACT No. 2.—These Machines make the lock-stitch—like on both sides—and use a little less than half as much thread and silk as the chain or top-stitch machines.

FACT No. 3.—These Machines are better adapted to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Muslins without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever.

FACT No. 4.—These Machines make the most elastic seam of any sewing-machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, on a bias.

FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia.

FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, (Chicago).

FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing-Machines. But we have space for only one fact more—it is the most important fact of all.

FACT No. 11.—We warrant every Machine we sell to give better satisfaction than any other Sewing-Machine in the market, or money refunded.

THE LIFE OF Our Lord and Saviour Jesus Christ BY REV. JOHN FLEETWOOD, D.D., CAREFULLY REVISED BY REV. JOSEPH BELCHER, D.D. THE LIFE OF JESUS CHRIST is the philosophy of religion. It exhibits the Principles of Christianity in its purity and beauty. It is perfect excellence personified, that the mind of man may grasp it, and be changed into the same image. The inspired writers have given it to us in detached descriptions. Dr. Fleetwood has arranged them in one harmonious whole, with such comments, explanations and incidental information as to render it alike acceptable to the scholar, as to him who knows no more, but knows his Bible. His revised edition contains the Lives of the Apostles, the History of the Jews, and an Essay on the Evidence of the Bible. It is printed in a clear and open type, in one royal octavo volume handsomely illustrated, and will be furnished in the following styles:—Price, \$2.00 Cloth Extra, " " " 2.50 Law Sheep, " " " 3.00 Cloth, Full Gilt, " " " 3.00 Roan, Full Gilt, " " " 3.50
