RULES FOR MAKING FARM-TEETH, TEETH! ING PROFIATBLE.

Allow me to state the following rules, given by a practical farmer make a farming profitable 1. Buy no more land than there is capital enough to pay for, with one-third more surplus; a small farm, free from debt, with plenty of means to stock it, enrich it, and carry on its work, will yield more than a large one, encumbered with debt, conducted feebly in every part, with bad fences, poor implements, bony animals, weedy
