538 BROADWAY, NEW YORK, commended. This Circular can be had on application It a very specific, and will be found highly instructive, having been prepared with much care, and we will spide by all statements

therein made.

The following brief quotation is characteris-

tic of the entire Circular;

"This Machine is better adapted than any other Sewing Machine in market to the frequ't changes and almost on less variety of sawing required in a femity; for it will saw from one, to twenty thicknesses of Marseilles without stopping, and making over sitch perfect. Will sew from the finest gause to the heaviest cloth, and even to the studiest harness leather, without changing the facel, needle, or tension, or making any adjustment of machine whatever,"

Thus have we successfully overcome the mest difficult point in the Sawing Machine Art, It was no ordinary triumph. Defaulty can we tic of the entire Circular ;

en of this Institution is to imperce of the duction includes processed and continued in the duction of the course of Instruction includes processed and commercial through and scientific manuer thorough and scientific manuer the continuent, embracing Whelessio and Retail Merchandising, Manufacturing, thing.
