The Pasis correspondent of the London
Times says that since the defeat of the
Federals at Fredericksburg, the Emperor has again turned his attention to America affairs. The correspondent is unformed, on good authority, that steps have been taken, or are on the point of being taken. to resume the overtures already unsuccess made to the Lincoln Craveroment and this time it is hoped, with prospects of better results.

The English Government stil persevere

n refusing to interfere in the American

war in any way.

The London Army and Navy Gazette The London Army and Navy Greette says that the Confederate generals nave by no overpraised. To stand and fight has been then great strategy; not one of them seems to have made a campaign with a corross—not one has had the canoning to the condidators of the Spanish purpose—not one has had the canoning to seems to have made a campaign with a purpose—not one has had the capaciny to understand the value of a victory. They, have done everything but follow events, and make good use of the energy and zeal of their solders. Let some leader arise on either side, who can lead a lew squadron-to press one of these broken arimes, and the war will not long tanguish in the bloody trial of gigantic skirmishing.

On New Year's ere an address week.

New Year's eve, an address was voted to President Lincoln, at a large meeting in London, under the auspices of the Emacipation Society. Mr Chas. F. Adoms, in acknowledging the address for the Emancipation Society. Mr Chas, E. Adoms, in acknowledging the address Life of transmission to the President, said that he had no doubt that the President would receive it as an encouraging testimonial of independent witnesses to the manner in which he was endeavouring to do his duty to his country and to mankind.

An address of superstress Paris 1.

An address of sympathy to President Lincoln was in the course of recurring signatures at Birmingham. It expresses a strong belief that the Federal came is one from the army of the Potennac caused a

of humanty, religion and freedom, and carnestly hopes for its success.

The Pairs Monteur publishes an account of the battle of Fredericking by an eye witness. Half of the Federials marched with a consciousness of impending disaster. The rapidity of the interest of the Confederates is described as maximated. The rapidity of the interest of the Confederates is described as maximated as having moved with slowness, and the incapacity of their generals is not doubtfully spoken of.
