RICHMOND HILL, NOV. 16, 1866.

To be born in mind—Public Meetings of the electors in each Township (under the new Municipal Law) will be held on the last Monday but one in December, (the 24th) to nominate candidates for the offices of Reeve, Deputy Reeve, and Councillors to serve for the year 1867.

Something about Ourselves.

Now that our friends have secured their crops, and find that they have been blessed with an abundant harvest, we purpose sending in our accounts, and trust that they will meet with prompt attention.

Vaughan Council.

The Council met at the Town Hall, on Monday, 12 November, 1866. All the members present. The minutes of previous meeting were read and approved.

A Communication from Jas McGee relative to statute labor was laid before the Council.

Also a communication from Mr. Briggs of Toronto, relative to loss of a horse at Mr. Boyle's Mill dam.

Dr. Langstaff, moved seconded by Mr. Raceman, that in the matter of the loss of a horse by Mr. Briggs, at Mr. Boyle's Mill dam, this Council can not recommend any recompense, as they are informed the loss was occasioned by Mr. Briggs's own neglect.—Carried.

By Law No 187, appointing returning officers for the coming elections, together with the places where such elections are to be held, was then passed.

By Law No 188 making an extra appropriation for Roads was also passed.

Mr. Graham, moved seconded by Mr. Raceman, that the Treasurer be authorized to pay over to Nixon Robinson \$4 for keeping and taking to the Township of King, Helen McColl an indigent person. To G. P. Dickson on account of the funeral expenses of John Walker the sum of \$8, and to Daniel Kennee on behalf of Robt Smith and wife \$15.—Carried.

By Law No 189 confirming a Road in the 9th Con., was then passed.

Mr. Graham, moved seconded by Mr. Langstaff, that the Treasurer be authorized to pay the following accounts:

Table with 2 columns: Description and Amount. Includes In Ward No 1 T Rumble, In Ward No 4 John Calhoun, etc.

To Issue White for relief of Widow Robinson—5 00.—Carried.

A Petition was presented from G. P. Dickson and 25 others, praying the Council to pay the funeral expenses of John Walker.

Mr. Graham, moved seconded by Dr. Langstaff, that the Treasurer be authorized to pay to J. M. Lawrence, the sum of \$20 for extra services rendered in assessing dogs.

Also that he refund to Thos White \$9 5 being the amount of back taxes charged erroneously to him instead of to Wm White, and that this amount be charged to Wm White next year.—Carried.

Dr. Langstaff, moved seconded by Mr. Graham, that the Treasurer be authorized to pay to Jacob Horner, for support of Bastian Agar the balance of \$3 on the quarter ending 1st October 1866.—Carried.

Mr. Webster, moved seconded by Mr. Graham that the Treasurer be authorized to return to Wm Patterson \$1 being the amount of dog tax assessed to Wm Hassard, who has left the Township.—Carried.

The Council then adjourned, to meet again on Monday the 10th of December at noon.

Bank of Upper Canada.

For the information of all whom it may concern, we transfer to our columns the Report of a recent meeting of Stock holders of the Bank of Upper Canada.

—our readers will perceive that steps are taken to wind up the affairs of that institution; how long it may take to do so, is a problem which we cannot solve, nor do we believe that the parties who have been appointed to manage the affairs under an assignment, can form an idea as to when their well-remunerated labours will be brought to a close.

By the statement exhibited to the Shareholders at the meeting, and the representations there made, we are led to conclude that Stockholders may not be called upon to make up a deficiency, but the end has yet to come, and the expenses attending the winding up of such an estate will be very great, which, together with the losses that will be sustained in realizing upon the landed property held by the Bank, as also the bad debts and law expenses, all of which will materially reduce the assets.

The assignees are all men of known financial skill, and worthy of public confidence; there is no doubt but they will manage the estate equal to any other five men in the Province, and act honorably in the premises; Mr. Street, who is one of the wealthiest men in Canada, holds 1175 shares, valued at \$35,250, besides a large amount held by other members of his family; Peter Patterson, a retired Toronto merchant, holds 315 shares, —Robert Cassels holds 2031 shares (as a Trustee) besides 70 shares on his own personal account, worth \$63,030, —neither Mr. H. C. Barwick or Mr Peleg Howland hold stock, but are men well qualified for the position to which they have been appointed. We do not assert upon any authority, but simply are of opinion that Mr. Peleg Howland may be looked upon as the assignee representing the Government interest in the estate; we are rejoiced to see him there, he is a careful unostentatious business man, who will faithfully discharge his duty; we may mention that he is a brother of the Finance Minister, and of Mr. H. S. Howland, the Reeve of Vaughan.

Our Township Fathers.

It is seldom we have occasion to find fault with the venerable body that has the management of our Municipal matters in the Township of Vaughan, but we consider that there is an item in their proceedings of Monday last that requires our consideration. A Mr. Briggs, of Toronto, had occasion, some few weeks since, to stop at the saw mill owned by Mr. David Boyle, situated on the public road leading to the Railroad Station from Yonge street, with a horse and girl. In consequence of the want of a suitable fence or guard on this narrow and dangerous part of the road, the horse got into the mill pond, and was drowned.

Mr. Briggs applied to the Council for the value of damages sustained by him on account of the extremely hazardous state in which that part of the road appeared to have been in at the time through which he lost his horse, which application was summarily rejected. Our view of the matter is this, the portion of the road, passing the mill-pond referred to, is a public highway, and under the control of the Council, and it is their duty to see that it is not allowed to be kept in the very dangerous state it has been for

many years past,—we are of opinion that it is and has been for a long time, unsafe for travel; the Council knowing this, should have seen to it long ago and either put it in good repair, and made a reasonable provision to guard the public, who have to travel that way, against loss of life or property, or compel those whom the Council are of opinion ought to do so. But we do think that it is to the Council Mr. Briggs should look, and it appears to us, as we read the minute, that he has been very cavalierly treated in the premises, and say the least of it.

There are other Mill ponds in the Township, we think the Council would do well to take notice of, and see to the erection of suitable fences.

Auction Sales.

Correspondence.

School Section Bank Stock.

To the Editor of the York Herald. SIR—As you are supposed to know more than ordinary mortals, I am indebted to ask you to inform the ratepayers of this School Section what Statute it is that gives the power to School Trustees to invest the funds belonging to the School Section in Bank Stock, and if there is no law for it, are not the Trustees who did so liable to be responsible for the loss the Section will sustain through the failure of the Bank of Upper Canada?

Your most obedient, A RATEPAYER. Richmond Hill, Nov. 14, 1866.

[We do not know that there is a Statute in existence authorizing a Board of School Trustees to invest School Section funds in Bank stock, if there is no law to empower them to do it, we feel we are clear in saying that if the ratepayers wish to go to extremes, the Trustees who acted in the matter are legally liable to make up the loss that will be sustained.—ED. Y. H.]

A MAN WATLED AND ROBBED.—A daring highway robbery occurred on Tuesday night last, in the vicinity of that once notorious locality, the Don bridge. While Mr. Samuel Harris, employed in the store of Mr. Barron, Market Square was returning from the eastern side of the city, he was set upon, near the spot named, by two unknown men, who had concealed themselves apparently in a hedge on his approach. Seizing him, as he passed, the men checked his efforts to release himself by administering several heavy blows on the head, while by placing their hands on his mouth they effectually prevented his crying for assistance until his pockets were rifled of their contents—a silver lever watch and other articles. The robbers at last, alarmed by hearing the approach of footsters from the direction of King street, started off, leaving their victim on the ground, but in two exhausted a condition to give pursuit. The parties, however, were too late on the scene to identify the villains, they having hastily placed a good distance between themselves and any pursuit that might be attempted. Mr. Harris is quite unable to speak as to the appearance of the parties who committed the murderous attack, and it is feared that they may thus escape the just merits of their villainous act.—Globe of Thursday.

INCIDENT OF THE METEOR.—Among the many who kept their weather eye open for the appearance of the meteor, was a certain corporation official. Next door to him lived a tenant of his own, who, with a more practical object, made resolve to keep watch too during the lone starry hours, and keep company with the meteor and landard. They went out shortly after midnight, both retired—the official to the quiet rest of his own domicile, his neighbor to finishing up the work of removal of his personal effects, which had been in progress during the night. The representative of the Corporation, possessed in himself of no mean corporate limits, having extended to his weary frame a few hours' extra rest, prepared to renew during the day the kindly feeling brought through the night, but on going to the house of his neighbor, he found it deserted, and the contents absent. On scanning his books, the full cause of the strange and mysterious disappearance became apparent from the fact that the other was owing him for six months' rent. The absconding astronomer had gone in the direction of Bothwell, leaving his butcher for \$50, and tailor, shoemakers, grocers, and an innumerable host of other creditors, also in the lurch, and regretting the precipitation of meteoric visit this terrestrial orb.—Globe of Thursday.

FEARFUL RAILWAY ACCIDENT. ERIE, PA. Nov. 13.—The day express on the Buffalo and Erie Railroad was thrown off the track near Wesleyville, four miles east of here at four o'clock this afternoon. Some fifty persons were injured and five killed. The killed are Dr. Wheeler, of Mill-waukee, his daughter-in-law and her child; a man named Hunt, of Danville, New York; another named Harlan, residence not known. The dead and wounded were brought to Erie where every comfort will be afforded to the wounded. The dead will be forwarded to their friends by railway. The accident was occasioned by negligence of the workmen engaged in repairing the track.

Bank of Upper Canada.

MEETING OF THE SHAREHOLDERS.

From the Globe of November 14.

The special meeting of the shareholders of the Bank of Upper Canada, called to take into consideration the state of affairs of the Bank, and the action of the Directors in such arrangements as they may propose for settling "its affairs," was held at the office of the Bank, in Toronto, yesterday. The Hon. George W. Allen, President of the Bank, occupied the chair, and about two hundred of the stockholders, from all parts of the Province, were present. The proceedings lasted from noon until five o'clock, and considering the circumstances, were remarkably harmonious. The representatives of the Press were not permitted to be present, so that we are unable to do more than publish the substance of the proceedings.

The following report of the Directors of the Bank of the Shareholders, was read to the meeting by the Cashier:—

REPORT.

Your Directors regard that it has been necessary to call a special general meeting of the Shareholders, to consider the position of the Bank, in consequence of its having been compelled to suspend specie payments, on the 18th September last. The pressure which led us to this unfortunate event, arose from various causes. The business of the country, during the early part of the summer, was greatly depressed and disturbed, and at a later period the new financial measures of the Government caused much anxiety to the Banking establishments of the Province—added to which, the harvest was unusually late. These circumstances combined, produced a stringency in the money market of a more serious character than has occurred for many years reducing the circulation and deposits of the Banks, and being peculiarly embarrassing to this Bank, in consequence of the large amount locked up in nonconvertible assets. Assistance to the Government, and on the 18th September, the Commercial Bank, the Bank of Toronto, Ontario Bank, and Royal Canadian Bank, were prepared to advance an amount which most probably would have been sufficient to meet the emergency, but on that day, the Bank of Montreal refused to receive Bank of Upper Canada notes, thus rendering a suspension of specie payments unavoidable.

Your Directors have earnestly endeavored to meet the difficulties in which they have been placed, and have done every thing in their power to protect the Shareholders from loss. Early in October a deputation was sent to England by the Board for the purpose of settling with the English creditors of the Bank, and these gentlemen have recently returned, after having made satisfactory arrangements. The liabilities of the Bank, on 9th November instant, the latest period to which a statement could be prepared, were as follows:

Table with 2 columns: Description and Amount. Includes Circulation, Due to Depositors, Banks in Canada, Agents in England, Municipal and other Debts, etc.

To meet this the Assets are: Gold and Silver coin, Due to other Banks, Government Debentures, Municipal and other Debts, etc.

"You will observe from these statements, that during the past five years, the liabilities of the Bank have been reduced from \$8,431,598 to \$2,572,007, showing the enormous reduction of \$5,859,591. There cannot be a doubt that had the Bank stopped payment in 1861, which it was in imminent danger of doing it would not only have been a greater public calamity, but would have entailed far more serious loss on the Shareholders.

After mature consideration, and acting by the advice and with the consent of the Government, your Directors have executed under seal of the Bank, a deed of assignment appointing the following gentlemen to wind up the affairs of the Bank, viz:—Thomas C. Street, Peter Paterson, Robert Cassels, Hugh C. Barwick, and Peleg Howland, Esquires. The details of this deed have been given the fullest and most careful consideration of the Directors, and have been prepared under the supervision of the Bank Solicitor, and the Standing Council, and have received the entire sanction of the Government. The Directors believe that its provisions are such, that under them, the assignees will be able to wind up the affairs of the Bank in the most advantageous manner, both for the Creditors and the Shareholders. The Directors would therefore now respectfully submit the Deed for the approval and concurrence of the Shareholders.

Approved by the Board. ROBERT CASSELS, Cashier.

CHRONIC CONSTIPATION.

Few complaints are more general than Constipation, or produce more unpleasant consequences. Stupor, Loss of Memory, Hysteria, Headache, Nightmares, General Debility, Rush of Blood to the Head, Vertigo, and sometimes Apoplexy result from it. Its complications are endless, involving many painful and dangerous visceral disorders, and a variety of external disorders. Yet every trace of it may be removed by a course of Rayway's Regulating Pills. Who ever suffer from this ailment does so simply because he or she neglects to take this easy and painless means of cure. The drastic purgatives may afford momentarily relief, but only to aggravate and intensify the disease in the end. No distressing reaction succeeds the mild operation of the Regulating Pills. They restore the morbid excretory function to health, vigor, and clock-like regularity.

Attention is directed to the advertisement, calling a meeting of the firemen, at Raymond's Hotel, on Monday evening next.

DEATH.

At Thornhill, on Sunday, the 11th inst., the Rev. Harace Dean, aged 67 years.

TORONTO MARKETS.

Table with 2 columns: Commodity and Price. Includes Flour, Fall Wheat, Spring Wheat, Barley, etc.
