RICHMOND HILL, DEC. 21, 1866.

To be borne in mind.—Public Meetings of the electors in each Township (under the new Municipal Law) will be held on the last Monday but one in December, (the 24th) to nominate candidates for the offices of Reeve, Deputy Reeve, and Councilors to serve for the year 1867.

Markham Council.

The Council met at Size's Hotel Unionville, on Saturday the 15th inst. Reeve in the Chair. Members all present. Minutes of last meeting were read and approved.

PETITIONS. By James Bowman from Wm Cherry and others, for grant to two orphan children.

By James Robinson, from Wm Plummer and Joseph Marr, for grant of \$150 on Church Street, Markham Village.

Said petitions were received and read. Mr. Bowman, seconded by Mr. Wilmot, moves that the sum of \$5 be granted to Jacob Horgan for work and plank on 3rd Con. front of Lot 32.—Carried.

Mr. Wilmot, seconded by Mr. Bowman, moves that the sum of \$6 be paid to W. Boynton for work between lots 30 & 31 in the 3rd Con.—Carried.

Mr. Wilmot, seconded by Mr. Bowman, moves that the sum of \$47 be granted to Thos. Croy for work done on 5th Con. front of lot 19.—Carried.

A. H. Fenwick, seconded by James Robinson, moves that the sum of \$37 be granted for building a bridge between Lots 30 & 31, in the 8th Con. and that Francis Pike and John Kaymer be commissioners to extend the same.—Carried.

Mr. Wilmot, seconded by Mr. Fenwick, moves that the Tavern License held by Thos Cook, be transferred to Wm H. Rice, Mr. Rice having obtained the Inspectors certificate as to qualification.—Carried.

A. H. Fenwick, seconded by Peter Willmot, moves that the sum \$60 be granted by this Council for the filling up of the ends and other ways completing the Bridge on the 5th Con. front of Lot 21, and that Geo. Pringle, Jacob Silver and Wm Lundy be commissioners to expend the same.—Carried.

Mr. Robinson, seconded by Mr. Fenwick, moves that the Treasurer pay to Ambrose Pennock the sum of \$31, the same being for replacing the Bridge washed away between lots 10 & 11, 6th Con.—Carried.

Mr. Robinson, seconded by Mr. Wilmot, moves that the Collectors of Taxes continue the collection of arrears of Taxes for this Township for 1866.—Carried.

Mr. Robinson seconded by Mr. Bowman, moves that the Treasurer pay the following named Gentlemen the different amounts as certified out of the fund arising from the Tax on dogs for the better protection of sheep, as follows:—

Table listing names and amounts for dog tax: Philip Wideman \$45.00, Paul Shell 15.00, Geo Foster 55.00, Jacob Horgan 5.50, Wm Grammer 28.00, John Hunter 22.00, Geo. Phillips 20.00, James Gormley 43.00, Thos Clifford 26.75, Jacob Silver 18.00, Thos Patterson 27.00.

Mr. Robinson, seconded by Mr. Fenwick, moves that the Council do grant the sum of one dollar per week to Mrs. Wm Clendenning and family, they being in destitute circumstances, on account of Clendenning having been sent to the Asylum, said grant payable to the order of Councilman for Ward No 3.—Carried.

Mr. Robinson, seconded by Mr. Fenwick, moves that the Treasurer do pay to the County Treasurer of this County the sum of \$58 on account of School money for the present year.—Carried.

The Council passed a By Law appointing Unionville the place for holding the nomination of electors in the several Electoral divisions, and for appointing Returning Officers for the same.

The Election is to be held in Division No 1, at Thornhill, Geo Foley Returning Officer. Division No 2 at Victoria Square, John Watson returning officer.

Division No. 3, at Markham Village, Geo. Eakin Returning Officer. Division No. 4, at Cashel, David Eakin, Returning Officer.

Division No. 5, at Mongolia, James Boyd, Returning Officer. Mr. Wilmot, seconded by Mr. Bowman, moves that the Council do now adjourn sine die.

The Bank of Upper Canada.

From the Daily Telegraph. TORONTO, FRIDAY Ev'ng. Dec. 14. We understand that Mr. T. C. Street has declined to accept the trust under the deed of assignment, and the names of several persons are mentioned as likely to succeed him. Mr. Recorder Duggan, Hon. Wm. McMaster, Mr. Brown and Mr. Blake are in the field.

There appears to be a screw loose some where in regard to the Assignment, or Mr. Street, who is a wealthy man, and deeply interested in the affairs of the Bank, would not decline to act;—there is some mystery connected with the affairs of this Bank which the public do not understand. The Telegraph of Toronto has roused the public in regard to its past mismanagement; and now that we see Mr. Street declining to assist in winding up the affairs of the Bank, we hope that the Hon. W. McMaster will be induced to accept the vacant assigneeship, —as a man of large commercial experience, and independent position, we feel confident that his appointment would give the most general satisfaction.

The Globe raises the objection to Mr. George Duggan on the score that "it would be downright murder" to add the onerous duties of a Bank liquidator to that of a judge. We will also add that it would be cruelly to animals to impose the same burden upon the Hon. George Brown, whose name also appears as a candidate for the vacancy,—for, while we are willing to admit that he is a second Goliath, we feel that all his energies are required to regulate the affairs of state, now that he is left out in the cold,—and his own opinions are such as to absorb his talents in that line. Let us have Mr. McMaster by all means,—he is a retired merchant, and has the time to spare, and does not run so great a risk of inflicting upon the public so sad a catastrophe as the Globe anticipates in the case of Mr. Duggan being selected.

LECTURE.

"Our opinions, where do we get them, and what we do with them," formed the subject of a very able and interesting lecture, delivered by the Rev. Mr. Bredin last Tuesday evening, in connection with the Mechanics' Institute in this village. In the absence of the president, Amos Wright, M. P., A. Law Esq., vice president of the Institute, filled the chair. The lecturer was being introduced, proceeded, to his subject, which he handled in masterly manner, displaying a comprehensive knowledge of the matter under consideration, and a mind capable of diving for additional knowledge in the depths of thought. We dare not trust ourselves to give even an epitome of the lecture, suffice it however to say that in our opinion those who failed to be present on the occasion, missed an intellectual treat, which rarely presents itself for their enjoyment.

When we first heard the subject of the lecture, we soliloquized that it was, and the lecture would be a "dry one," but the Rev. gentleman possesses one requisite qualification of a successful lecturer, that of riveting, or we may say monopolizing the attention of his audience. We were highly gratified in being favoured with a lecture so replete with information and so suggestive of thought, but when we consider the smallness of the audience, we think that the public do not appreciate, as they should, the praise worthy efforts of the officers and members of the Institute in endeavouring to provide the same for their benefit. Moved by Amos Wright M. P., seconded by Mr. Porter that the thanks of the audience be tendered to the Rev. Mr. Bredin for his kindness in complying with the request of the committee.—Carried.

Municipal Elections.

Judging by the number of persons putting their names in order, for the approaching Municipal elections throughout the County of York, we are inclined to think that the electors will not be stinted in choice of candidates; there appears to be any number of patriotic individuals ready to serve their country, judging by the lists of names of candidates before the public. In the Township of Vaughan we understand that Mr. Robert J. Arnold, intending offering himself as Reeve, he is opposed by Mr. Grahame; both are good men, but as Mr. Arnold has served the Township as Reeve in former years, we are inclined to think the odds are in his favour; this of course is simply our opinion, we do not imagine that the free and independent electors of any of the Townships in the County of York will be influenced by any other considerations, in making their selections, than those that are calculated to promote the best interests of the Municipalities in which they are called upon to exercise the elective franchise. In Markham, we hear that Mr. Archibald Barker, Mr. John Bowman and Mr. H. P. Crosby, are candidates for the Reeve ship. Mr. Barker has had large experience as a public man, and is widely and favourably known, Messrs Bowman and Crosby are younger men, and no doubt would serve the public to the best of their ability; as we said before, in regard to Vaughan, the electors will be the best judges, and we have no doubt but they will make a good selection.

OPENING OF THE PETROLIA BRANCH. W. R.—The Wyoming and Petrolia branch railroad, was opened for traffic on Monday morning. Connections are made with every train on the London and Sarnia branch, making four trains each way to and from Petrolia daily.

The York Roads Pay!

Through the attention of Mr. Wright, the faithful representative in Parliament for East York, we are in a position to state that the County Treasurer of York has already remitted \$16,500 to the Receiver General to retire Debentures, after having made a liberal expenditure for repairs on the Roads. This looks well, and promises to be highly satisfactory. It is to be hoped that the Counties Council will take steps to have a fund, arising out of the proceeds of these roads, to keep those that are already established in a good state of repair, and to improve other highways through the County.—We shall not advocate the diversion of any of the surplus funds, which are certain to arise from this source, to any other purpose than that of improving our roads.—We hope our public men will join us in this view of the case.

Sabbath School Concert.

Next Friday evening, Dec. 28, at 7 o'clock, the Children in connection with the Wesleyan Methodist Sabbath School, intend giving a concert in the Wesleyan Methodist Church. Several excellent selections from the Warbler, the Harp and Sabbath School Bell, will be sung, interspersed with a sufficient number of Dialogues, Recitations &c., to make a pleasing variety, and render the whole entertaining and successful. The admission fee will be twenty cents. We hope the public will show their appreciation of the efforts put forth by the Teachers, to train the children for the entertainment by a large attendance.

The small sum asked as the price of admission from those who are requested to patronize the Concert sinks into insignificance when compared with the persevering labors of the officers and Teachers throughout the year, and their extra exertions on Anniversary occasions. Their Concerts have been good in the past and we believe the one in contemplation will be equally so, if not more successful. The proceeds are to be devoted to the purchase of additional books for the use of the scholars, and those who contribute by their attendance to the amount, aid in building up a popular "Circulating library" which finds its way to almost every house in our Village.

The Festival.

We are pleased to learn that our Methodist friends in this Village have resolved to devote one of the Christmas holidays to a "Festival" the proceeds of which are intended to aid in the liquidation of the debt on their parsonage.

The neat and commodious dwelling erected by the Circuit, as a residence of its Superintendent, is certainly an ornament to the village, and we heartily wish our energetic Wesleyan friends every success in their endeavors to make it an "incubus" which may lay upon it "a grow beautifully less" until it disappears altogether.

For years we have been favored with "Soirees, Tea Meetings, Demonstrations" &c., but this time we see by the "handbill" we are to have a Festival, a name very appropriate and one used to designate special seasons of joy from time immemorial. But we have not only a change of name but are to have a change of diet; tarts, cakes &c., will for the time occupy merely a secondary position, while the eating of geese, the desecration of turkeys, the dismemberment of fowls, and the depolition of hams will be the order of the evening. In addition to these solid inducements to attend the festival, we are informed that in order to suit the epicurean taste of those who choose to regale themselves with the delicacy, oyster soup will be brought in requisition. In summing up the "bill of fare" we may mention that the desert will be ornatorial. The Rev Messrs Shaw, Colling and others are expected to be the intellectual caterers for the occasion.

We hope that the patronage which our friends will receive will be equal to the zeal they are displaying in getting up the entertainment, and from what we know of the arrangement already made by the committee, we think ourselves safe in guaranteeing a good reception. For further particulars see handbill.

Cool Burgesses is coming.

Dr. Workman the eminent physician and superintendent of the Lunatic Asylum whose knowledge and experience is deserving of serious consideration, asserts that "if there was more honest, hearty laughter, and less scowling at it, our Asylum would not be so full." Having great faith in the Doctor, we recommend our readers to go and hear Cool Burgess' Ethiopian Minstrels on Monday evening next, at Dolmage's Hall; if there is laughter in their Cool will bring it out. Burgess and Gardner's band has a Provincial reputation, and has performed before the elite of Canada.

Brigade Major J. S. Dennis.

In our next issue we purpose giving the judgment of the Court of Enquiry, relative to the charges made against Brigade Major J. S. Dennis, as to the part he took when the Fenians invaded our country, in June last. It is lengthy, but, as our readers will be most anxious to hear what has been done in the premises, we shall give the document in full. We are desirous to act justly towards the Brigade Major, and give him the full benefit arising out of the decision of the court.

Common School Examination.

Parents and all others who take an interest in the cause of education are invited to attend the examinations going on to day in the Common School. That for Miss Oates' department takes place from 9 till noon;—in Mr. Porter's department, from 1 till 4 p. m.

Rights of School Teachers vindicated.

We copy from the Globe of Saturday, Dec. 15, a trial of an appeal from a conviction, in which Mr. L. B. Peck, school Teacher at the village of Maple, has manfully vindicated the rights of School Teachers in a way that should be a lesson to Magistrates entertaining complaints for correcting children in school. By the following extract our readers will perceive that W. Devlin, J. P. fined Mr. Peck \$2, on a charge of kicking one of the children under his charge,—it will be seen that the jury did not believe that Mr. Peck kicked the child, and we have reason to know that the jury were correct in coming to that conclusion. Parents will do well to bear in mind the expensive lesson which (Mr. Noble, has been taught, by attempting to persecute a School Teacher for simply discharging his duty, by correcting his child. From our knowledge of Mr. Peck, we are quite satisfied he would not kick a child, and the evidence, with one exception, proved that he did not.

COURT CASES.

This Court met against yesterday. John Boyd, Esq., Junior Judge, in the absence of Hon S. R. Harrison, through illness, presided, with Mr. James J. P., as associate.

PECK VS. NOBLE. This was an appeal case, brought by Mr. Peck, a school teacher from the village of Maple, against the decision of William Devlin, Esq., who had fined him \$2 for kicking and otherwise ill-using a daughter of Mr. Noble's, who was his scholar.

K. McKenzie, C.C. for appellant; D. B. Read, Q.C. for respondent. One witness proved the assault, while several others who were present in the school at the time the assault is alleged to have taken place, proved the reverse.

The jury rendered for the verdict—Appellant not guilty of the assault.

Mr. McKenzie then moved to quash the conviction, with costs.

The conviction was subsequently quashed with costs.

SATURDAY, Dec. 15.

Before John Boyd, Esq., Junior Judge. WALKER VS. GERMAN. Action on a promissory note for \$90. Defendant denied the making of the note which was produced and proved. Defendant's counsel objected that the note was uncertain as to the time for payment, as it read thus:—"Twelve months after date" &c. Also that the note was dated January 2, 1865, and had no stamp. Leave was reserved on the objections, and the merits of the defence were gone into, which consisted of a set off in the way of a horse delivered to plaintiff by defendant in satisfaction of the note.

Verdict for plaintiff; damages \$107 53. Mr. John Bell, Q.C., for plaintiff; Mr. D. McMichael for defendant.

MONDAY, Dec. 17.

Before Hon. S. B. Harrison, HUNTER VS. HIERRE. This was an action brought by Dr. Hunter of Newmarket, against Martin Paul Matiere and James Stokes, to recover the value of a quantity of saw logs and lumber seized and sold by defendants under a distress warrant for rent, as the property of Messrs. Miller & Johnson, who ran the defendant (Matiere's) saw mill, when the property in fact belonged to plaintiff. Defendant Matiere had leased the mill to Isaac Harrison, who in turn had rented it to Miller & Johnson.

The plaintiff's ground of action was that the property was merchantable and was on the premises in the usual course of trade and descent of turkeys, the dismemberment of fowls, and the depolition of hams will be the order of the evening. In addition to these solid inducements to attend the festival, we are informed that in order to suit the epicurean taste of those who choose to regale themselves with the delicacy, oyster soup will be brought in requisition. In summing up the "bill of fare" we may mention that the desert will be ornatorial. The Rev Messrs Shaw, Colling and others are expected to be the intellectual caterers for the occasion.

The defence set up was that there was rent in arrear, and the evidence went to show justification—also that the property was of less value than that put upon it by plaintiff.

Verdict for plaintiff. The Court then adjourned.

THE UNEMPLOYED OF NEW YORK.

Glugs Correspondent. Sir,—Interested as I am in the welfare of the young men of my native place, I write this brief article to you, so as to give them the result of my observation and experience in this city. It is now about a year since I left Toronto; when I arrived here, I met many of my friends looking for situations, and they are now working for a bare subsistence. I have been rather fortunate from the fact of having acquaintances who interested themselves in my behalf. It is curious to witness the sight that presents itself at an office or store, when applicants are answering an advertisement for a vacant situation. For every advertisement of this kind there are a hundred applicants; of course only one can fill the vacancy. Why, it is a fact that young men are at the newspaper offices at our o'clock in the morning, to secure a copy of the daily issue, so as to be informed where to apply for work. The war being over, thousands are thrown out of employment, and from every State in the Union, young men come directly to this city. It is a common remark among the most observing of this metropolis: "did you ever see so many out of employment?" Never has there been a time when the city has been in such a state. There are many here to-day who are heartily sorry they ever left their comfortable homes, and came to this city. The expenses of living are very high—from ten to twenty dollars per week, for any kind of respectable board,—and everything in proportion.

NARROW ESCAPE.—Yesterday afternoon while Mason, the famous detective, was passing up Yonge street, in a buggy, in company with a friend, the latter, whose actions at the time betokened too great a hilarity, drove the pair on a curb stone at the side of the road, upsetting both and throwing them heavily, but without inflicting much injury on either. The horse immediately took to his heels, but was captured after inflicting sundry damages on the buggy.—Globe.

The youth of London light their cigar with a new invention called poudre de feu. It consists of pyrophorus, which is preserved in a small tin case, with a narrow orifice. When a small quantity of this dark powder is poured out on the end of a cigar, and breathed on gently, it becomes incandescent, and lights the pipe or cigar.

The Paris Exhibition will be formally opened on the 1st of April.

The Queen was an earnest observer of the meteoric shower from Windsor Castle. The benefactions of Mr. George Peabody amount to over £600,000.

LONDON, Dec. 10.—The precautionary measures of the British Government have been so well taken that the chances of Fenian success, or even of a serious rising in Ireland look hopeless.

LIVERPOOL, Dec. 10.—The Manchester Examiner believes a majority of the people are in favour of a amicable adjustment of the Alabama claims, and urges an early settlement of them.

The Times, in a leader, speculates on the possibility of the earth some day running against a mass of meteors large enough to do the globe some mischief.

The French steamer Pereire, Captain Duchesne has achieved the quickest passage on record, nine days, from Havre to New York. She was built by Messrs. Napier & Sons of Glasgow.

THE GREAT EASTERN.—The directors of the Great Eastern steamship have chartered her to a French company for twelve months, with the option of the renewal of the charter.

In the French service the big ship will be employed in bringing passengers from New York to East. To fit her for this traffic the Great Eastern will be placed on a griddon at Liverpool in January, and thoroughly overhauled. It is said that the expense will not be less than £60,000, and that Messrs. Foster & Co. of the Vauxhall Foundry, have contracted to have the whole work done and the vessel ready for sea in 12 weeks. The charter-money is understood to be £100,000 and £40,000 has been deposited on account.

HINTS TO MAKE HOME HAPPY.—(By a man who married late.) Endeavour ever morning to get out of bed on the wrong side. Always ring for your hot water with a vehemence of one who thinks his house is on fire, and scold the servant through their door for her tardiness in bringing it. Never do your breakfast without trampling that the eggs are always boiled too much or else not half enough; and that by no chance can you ever get a decent cup of coffee. Except for purposes of diet, or else to make a disagreeable remark, don't open your mouth until the meal is finished. If your wife attempts a little cheerful conversation, stop it by a grunt and eat with the Times newspaper propped up before your plate, as a hint that you don't want her to bother you by talking. Never positively tell her whether you'll be home to dinner; and be careful on the days when you are certain you'll dine out, to express yourself so that she will be sure to wait an hour for you. When you quit the house, leave a last word with the servant, as opposite as possible to what you told your wife, so as still more to prevent her knowing what to do, and give you further cause of complaint at her not doing it. Of course, be sure when you go out to hang the door.

DESTRUCTIVE FIRE AT STRATHROY. STRATHROY, Dec. 19. We learn by telegraph from Strathroy that a fire occurred there yesterday morning between 2 and 4 o'clock, which destroyed the following buildings:—Hill's cabinet shop, Hardy's gunsmith shop, various butcher shops, and Smith's cabinet shop, all on Frank street. It originated in Smith's store, but by what means is unknown. No insurance.—Loss not estimated.

LIFE SAVED IN THE NIGHT.

Case transcribed from Dr. Radway's "Case Book." James W. Morant, 11th Avenue, New York; had worked in the zinc-works. Was seized in the night with terrible spasms in the bowels—pain agonizing. Wife had part of a bottle of Radway's Ready Relief in the house, having used the preparation for nervous headache. At his wife's request took a dose of it, diluted with water. Pain and spasmodic action stopped in ten minutes. Skin became moist, and soon after drooped into a doze. Took another dose in the night and awoke in the morning quite well. Believes that he could not have lived if the spasms had not been promptly subdued. Radway's ready Relief is an anti-spasmodic, rubefacient, and the best tonic in the world. Its application externally, and a teaspoonful taken in a glass of water internally, will, in a few moments, allay all pain. Every family should keep it in the house—it can be used the moment you are seized with sickness—in a few hours fever and disease will be exterminated.

A Card to Invalids.

A Clergman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Simial Organs, and the whole train of disorders brought on by mental and nervous habits. Great numbers have been cured by this noble remedy. Prompted by a desire of benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, Free of Charge. Please enclose an envelope addressed to yourself. Address, JOSEPH T. INMAN, STATION D. BIBLE HOUSE, New-York city.

LATEST FASHION'S DEMAND J. W. BRADLEY'S CELEBRATED PATENT Duplex Elliptic

(OR DOUBLE SPRING) SKIRT.

The Wonderful Flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt, has been experienced particularly in all crowded Assembly Rooms, Railroad Cars, Church Pews, Arm Chairs, for Promenades and House dresses, as the skirt can be folded when in use to occupy a small space as easily, and conveniently as a Silk or Muslin Dress, an available quality in crinolines, not found in any single Spring Skirt.

A Lady having enjoyed the pleasure, comfort and convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been browned into as useless. The Hoops are covered with Double & Twisted Thread, and the Bottoms (Ribs) are not only double Springs, but twice (or double) covered preventing them from wearing out when dragging down stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashionables Magazine, as the Standard Skirt of the Fashionable World.

To enjoy the following inestimable advantages in Crinolines, viz: Superior quality, perfect non-inflammability, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against imposition be particular to NOTICE that skirts offered as "Duplex" have the double stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Spring Skirt" on the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed
