What is that which makes all women equally pretty? Putting the candles out. I'll take the responsibility; as Jenks said when he held out the arms for the baby.

We are never satisfied that a lady under stands a kiss unless we have it from her own mouth.

Jeremiah was telling how much he liked calves' head, when the mistress exclaimed, &c. &c. O you cannibal!

Where is the East? enquired a tutor one day of a very little pupil. Where the morning comes from, was the prompt and pleasant answer.

The henpecked husband would be happy enough if he were only left alone. But he generally has some friend who is perpetually urging him not to stand it.

An Axiom.—The report of an education commission has the following in the reply of a youth of fourteen regarding the instruction he received: They ax you once

and then hits you. Thunder! hoot, mem, wha ever had o'thunder in an island? Such was the ingenious reply of a Rothsay landlady to a timid Glascow woman in search of sea-bathing

signifying, Fork over the tin. Something Racy.-When the Horse Esting Society dined together in Paris, we wonder how many hors' d-acvres were consumed among the viands, and whether the horse flesh was served up a la cart. A lunatic friend suggest that the toast of the evening should have drunk in a cheval glass.

A Geographical Error.—Several correspondents (grocers) are hereby informed that the Valentia, of which they have heard much lately, is not the place of that name noted for its raisine, but another spot on the Irish coast famous for its electric currents.

A noted sheep-raiser in Middlebury, Ver mont, has sold twelve ewes for \$1000 a-piece; ranother sold a lamb for \$2,000. One of our sisters had the Rheumatism in her head for a great many years—having taken a few spoonfulls of Relief in water, and rubbing her head twice with the same medicine, she was perfectly cured and never felt it since. I always use it for dyspepsia and for colds, and always with success. It is very useful for sore threats, coughs, influenza, diptheria, &c. It has a good effect in flatulence or wind cholic. I use it for foul breath and it produces a marvelous effect. In short, it procures relief altogether remarkable to our invalids.
