1868. "GLOBE" NEWSPAPER. 1868.

DURING the year 1868 very important Sessions will be held of the Parliament of Ontario, and of the Dominion, and very interesting discussions will take place on subjects of the deepest interest to the Canadian people. The foundation of the New Government have been laid, but the superstructure will demand all the care of the people, and the public journals will necessarily be called upon to discuss at length many questions, upon the right settlement of which the future welfare of the country will depend.

In all the matters which will be brought before the Legislatures "THE GLOBE" will take a deep interest, and both by FULL REPORTS OF PARLIAMENTARY PROCEEDINGS, and by editorial discussions it will strive to inform the public of the progress of events, and guide them to a right judgment on the points at issue.

Early in the year 1868, THE DAILY GLOBE WILL BE VERY CONSIDERABLY ENLARGED, and will be printed on a Rotary Lightning Press, ordered from Messrs Hoe & Co., of New York, capable of printing 10,000 impressions an hour. The output of the press about \$15,000 IN GOLD, has been rendered necessary by the large and increasing circulation of THE GLOBE. It has been for some time impossible to supply in time for the morning mails the number of copies called for by the public. The increase of size is rendered necessary by the pressure of advertisements, which have already caused the publication of a large supplement twice a week, and which will be continued as may be found needful until the permanent enlargement takes place. At the same time as the enlargement, THE PAPER WILL BE PRINTED ON NEW TYPE.

Early in the year we shall commence the publication of a NEW STORY BY WILKIE COLLINS, author of the "Woman in White."

THE TERMS of subscription will remain as heretofore, SIX DOLLARS per annum for the Daily edition TWO DOLLARS per annum for the Weekly edition, both payable strictly in advance. No paper sent out of the office until the money is paid.

Parties sending in their subscriptions now will receive either edition of THE GLOBE up to 31st December, 1868, on payment of a year's subscription.

CLUBS FOR THE WEEKLY GLOBE The Club rates for the coming year will be as follows:— SIX COPIES, one year, \$10 00 TEN do do 15 00 TWENTY do do 30 00

And an extra copy of THE WEEKLY GLOBE to the person who gets up the Club of Twenty. THIRTY COPIES, one year, for 40 00 and an extra copy of THE WEEKLY GLOBE to the person who gets up the Club of Thirty. FIFTY COPIES, one year, for 65 00 and a copy of THE DAILY GLOBE to the person who gets up the Club of Fifty. EIGHTY COPIES, one year, for 100 00 and a copy of THE DAILY GLOBE to the person who gets up the Club of Eighty.

Payment must be always in advance. Each paper sent out separately, and may be sent to any Post Office. When additional names are added to any Club during the year, they must be sent to THE GLOBE Office by the person who made up the Club; and the money sent with such additional names must be such a proportion of the year's subscription as the Club rate will pay up to the expiration of the Club.

GEORGE BROWN, Publisher, Toronto, Nov. 12, 1867.

Manufactory for York & Peel Counties & Toronto City Newton Brook, Yonge Street.

LET INFRINGERS BEWARE.

THE validity of the Patent, having been recently disputed by interested persons, after two days investigation in Chancery, his Lordship the Chancellor has given Judgment fully sustaining the claims of C. Powell, and speaking highly of the MERITS OF THE PUMP, and with just severity on the base and fraudulent conduct of the infringer, ordering him to pay the costs of the suit, and forbidding him to make the Pumps. The Patentee feels, that the sense of justice prevailing the community generally will be sufficient to prevent its giving countenance to spurious imitations whose conduct, the Chancellor says, is "a fraud on the Public."—See Judgment.
