1868. THE 1868.
"GLOBE" NEWSPAPER.
DURING the year 1868 very important
Sessions will be held of the Parliament
of Ontario, and of the Dominion, and in-
teresting discussions will take place on
subjects of the deepest interest to the Canadian
people. The foundations of the New Gov-
ernment have been laid, but the superstruc-
ture will demand all the care of the people, and
the public journals will necessarily be called
upon to discuss at length many questions, upon
the right settlement of which the future
welfare of the country will depend.
In all the matters which will be brought be-
fore the Legislatures "THE GLOBE" will
take a deep interest, and both by
FULL REPORTS OF PARLIAMENTARY
PROCEEDINGS,
and by editorial discussions it will strive to
inform the public of the progress of events, and
guide them to a right judgment on the points
at issue.
Early in the year 1868, THE DAILY
GLOBE WILL BE VERY CONSIDER-
ABLY ENLARGED, and will be printed on
a Rotary Lightning Press, ordered from Messrs
Hoe & Co., of New York, capable of printing
10,000 impressions an hour. The output of
this press about \$15,000 IN GOLD, has been
rendered necessary by the large and increas-
ing circulation of THE GLOBE. It has been
for some time impossible to supply in time for
the morning mails the number of copies called
for by the public. The increase of size is
rendered necessary by the pressure of adver-
tisements, which have already caused the pub-
lication of a large supplement twice a week,
and which will be continued as may be found
useful until the permanent enlargement takes
place. At the same time as the enlargement,
THE PAPER WILL BE PRINTED ON
NEW TYPE.
Early in the year we shall commence the
publication of a NEW STORY BY WILKIE
COLLINS, author of the 'Woman in White.'

LET INFRINGERS BEWARE,
THE validity of the Patent, having been recently disputed by interested persons,
after two days investigation in Chancery, his Lordship the Chancellor has
given Judgment fully sustaining the claims of C. Powell, and speaking highly of the
MERITS OF THE PUMP, and with just severity on the base and fraudulent conduct of
the Infringer, ordering him to pay the costs of the suit, and forbidding him to make
the Pumps. The Patentee feels, that the sense of justice prevailing in the community
generally will be sufficient to prevent its giving countenance to spurious imitators
whose conduct, the Chancellor says, is "a fraud on the Public."—See Judgment,
Manufacturing Rights for Sale.
When ordering Pumps, please state the Depth of the Well or Well-tern.
