

Miscellaneous.

Concealed griefs are the most consuming, as secret maladies are the most fatal. One hat better be cheated agreeably than pass one's life in watching not to be cheated. If your means suit not with your end, pursue those ends which suit your means. How absurd to be afraid of death, when we are in the habit of rehearsing it ever night. Lavater says, "Never make that man your friend who hates music, or the laugh of a child."

What pleasure like that of giving! There would be no rich men if they were capable of feeling it. Everybody first declares that there is no thing like love, and then attempts to liken it to something. Zeal, not rightly directed, is pernicious, for it makes a good cause better, so it makes a bad cause worse. The fate of a man of genius and feeling is like that of a tuft of flowers; as an ornament he may mount upon the head of all, or go to decay in the wilderness.

"Can you tell me how the word 'saloon' is spelled?" was asked of a Cockey by a quizzical fellow. "Certainly," said the Londoner with a look of triumph, "there's a hee, and a hay, and a hell, and two hoee, and a hen."

Musk taken from a small animal known as the musk deer, so called from its shape. The odor is exceedingly powerful and lasting. According to the accounts of travellers in Asia, it is so strong when first taken from the animal, that those who are exposed to its influence are in danger of hemorrhage from the nostrils, even when the nose and mouth are protected with coverings of linen. A proximity to the sacks containing it, even in the open air, will produce violent headache. The power of retaining its perfume which it possesses is wonderful. A room has been scented with it for thirty years without any visible loss to the article; and specimens a hundred years old have been found to be as strong as fresh musk.

An Extinct Race.—One of the most remarkable races that ever inhabited the earth is now extinct. They were known as the Guanches, and were the aborigines of the Canary Islands. In the sixteenth century, pestilence, slavery, and the cruelty of the Spaniards, succeeded in totally exterminating them. They are described as having been gigantic in stature, but of a singularly mild and gentle nature. Their food consisted of barley, wheat, and goat's milk, and their agriculture was of the rudest kind. They had a religion which taught them of a future state, of rewards and punishments after death, and of good and evil spirits. They regarded the volcano of Teneriffe as the place of punishment for the bad. The bodies of their dead were carefully embalmed, and deposited in catacombs, which still continue to be an object of curiosity to those who visit the islands. Their marriage rites were very solemn; and before engaging in them, the brides were fattened on milk. At the present day, these strange people are totally extinct.

Viper Woman.—The subjoined extract is from the vestry book of the parish of Nelsa, Somerset.—1762. At a Vestry Meeting held on 14th day of January, it is agreed that the Viper woman do make a trial on John Lovell, at a Guinea per week. There is evidence, from another entry in the overseers' accounts, that John Lovell was a pauper. Twenty-eight years before the date of the entry in the Nelsa register, William Oliver and his wife, of Bath, had discovered an effectual remedy for the bite of a viper. Their experiment was first tested at Windsor, in May, 1734, before Dr. Durham and Dr. Waterland; and again on June 1, 1734, before several members of the Royal Society, of which an account was drawn up by Crouwell Mortimer, M. D., and printed in the "Philosophical Transactions." The remedy was the common oil of olives, better known as by the name of salad oil, and was no doubt turned to a profitable account by other non-professional practitioners in other parts of the country.

The READY RELIEF is as sudden in its operation as the malady itself. It is more active than the virus of the most swift and deadly epidemic. With this Remedy at hand to use on the first symptom of pain or uneasiness, no person need suffer an hour's sickness.

Sisters of Mercy at Dorchester Street Hospital, applying Dr. Radway's Remedies to the sick.
SISTERS OF MERCY,
DORCHESTER STREET, MONTREAL, C. E., HOSPITAL OF THE SISTERS OF MERCY.
Dr. RADWAY.—I certify that your Ready Relief has cured OVER ONE HUNDRED of our sick from chills, vomiting, headaches, internal pains, &c., &c.
One of our sisters had the Rheumatism in her head for a great many years—having taken a few spoonfuls of Relief in water, and rubbing her head twice with the same medicine, she was perfectly cured and never felt it since. I always use it for dyspepsia and for colds, and always with success. It is very useful for sore throats, coughs, influenza, diphtheria, &c. It has a good effect in flatulency or wind cholera. I use it for foul breath and it produces a marvelous effect. In short it procures relief altogether remarkable to our invalids.
SISTER MARY DE DONSCOURS.
N. B.—Beware of counterfeits and imitations, have nothing to do with the dealer that will endeavour to persuade you to take some other in place of the Radway's—The country is flooded with counterfeits and imitations of Radway's Ready Relief. Dealers purchase these worthless mixtures at less than half price they are charged for Radway's, yet charge the public the same price our agents sell you Radway's for. (Price 25 cents per bottle.) The imitations and counterfeits are sold at 5 to 10 cents per bottle to dealers; dear at that price. In purchasing Ready Relief, see that there are two signatures of Radway & Co. on the labels, and the words R. R. R. Radway & Co. blown in the glass. A MAN THAT WILL SELL YOU A FALSE MEDICINE will cheat you whenever he has an opportunity.

All Around the Globe.
Certificates of startling cures of the most violent and deadly diseases are on record at Dr. RADWAY'S OFFICES in the Cities of New York and Montreal, emanating from the highest authorities in the world. There is not a Town or City of importance (except a few in China) on the Globe but that RADWAY'S MEDICINES have cured the sick when all other remedial agencies failed, and this is vouchered for by high dignitaries in Church and State, both by letters written direct to Dr. Radway, and through the U. S. Ministers and Consuls abroad.
PRICE, 25 cents a Bottle.

Dr. COLBY'S
Anti-Costive and Tonic Pills,
ARE a safe and reliable remedy in all diseases of the Stomach, Liver and Bowels. They are no Quack Medicine, puffed up by high-sounding testimonials from imaginary people, but are the result of forty years experience of a first class physician, and their extraordinary success is due to the fact that they answer exactly their name. The formula from which they are prepared, is based on sound, scientific principles, and has received the unqualified approbation of the medical profession. They do not profess to be a cure all, but for all diseases arising from any derangement of the Stomach, Liver and Bowels, they furnish an effectual remedy. We have in our possession over one hundred testimonials from physicians who have used them in their practice and highly approve of them, among which are the following:
