LET INFRINGERS BEWARE.
THE validity of the Patent, having been recently disputed by interested persons, after two days investigation in Chancery, his Lordship the Chancellor has given judgment fully sustaining the claims of C. Powell, and speaking highly of the MERITS OF THE PUMP, and with just severity on the base and fraudulent conduct of the infringer, ordering him to pay the costs of the suit, and forbidding him to make the Pumps. The Patentee feels, that the sense of justice presiding the community generally will be sufficient to prevent its giving countenance to spurious imitations whose conduct, the Chancellor says, is "a fraud on the Public."—S. J. Judgment.
