**THE HISTORY OF CANADA.**  
NOW IN THE PRESS,  
And will be published about the  
1st of June,

**THE HISTORY OF CANADA,**  
From its first discovery to the present time,  
By J. MacMullen, Esq.,  
Second Edition, 650 pages 8vo., carefully  
corrected and revised, continued down to the  
Dominion Day, 1867, and beautifully printed on  
superfine paper. Price \$3 in bvelled cloth,  
or \$4 in antique morocco, gilt or marbled  
edges.

The first edition of this History, published  
in 1856, was received most favorably by the  
Canadian Press and Public, and immediately  
sold. The entire work has now been carefully  
revised, a large portion relating to the Province  
of Ontario re-written, and about 100 pages of  
entirely new matter added, containing the  
narrative in the most full and complete manner  
from 1850 to 1867, an exceedingly interesting  
and important period in the constitutional  
history of this country. The Author has had  
access to the most authentic sources of informa-  
tion, and has spared no pains to make his his-  
tory a valuable book of reference to the public  
mind, as well as a reliable source of informa-  
tion to all those who desire to acquaint them-  
selves with the annals of this Dominion. The  
last chapter will give full details of the social  
condition of the Canadian people at the pre-  
sent time, as well as the progress of this  
country in population, trade and commerce; edu-  
cation, &c., from the earliest period to the  
date of the latest government statistical returns.  
This work supplies the only full and complete  
history of the Province of Ontario, from its  
first settlement in 1781, to existence; while no  
event of any importance is omitted in the his-  
tory of the province of Quebec. It will be  
beautifully printed on superfine paper, expres-  
sly made for the publishers by Cowan & Co.,  
of Edinburgh, and will be one of the hand-  
somest books, as regards binding, ever  
published in Canada.

**LET INFRINGERS BEWARE.**  
THE validity of the Patent, having been recently disputed by interested persons,  
after two days investigation in Chancery, his Lordship the Chancellor has  
given Judgment fully sustaining the claims of C. Powell, and speaking highly of the  
MERITS OF THE PUMP, and with just severity on the base and fraudulent conduct of  
the infringer, ordering him to pay the costs of the suit, and forbidding him to make  
the Pumps. The Patentee feels, that the sense of justice prevailing the community  
generally will be sufficient to prevent its giving countenance to spurious imitations,  
whose conduct, the Chancellor says, is "a fraud on the Public."—S. Judgment,  
**Manufacturing Rights for Sale.**
