Elopement Case at Newcastle-

NEWCASTLE, January 11. Quite an excitement prevailed yesterday in our usually quiet little village, through the elopement of the daughter of a very respectable lady with an apprentice employed in the agricultural works of H. A. Massey It appears the union was objected to by the mother of the fair damsel, and to put matters beyond dispute the young couple drove quietly to Orono on Saturday evening, when the two loving hearts were united. Upon the whole, the affair was very cleverly managed; the mother being entertained by a friend, engaged for the occasion, while the daughter was passing large quantities of

friends. On the 1st instant, John McGorman, of Dundas, stabbed Mike Foley, a member of a minstrel troupe advertised to perform in the Hall that evening, in a row which took place on the sidewalk near Riley's Hotel. Foley was cut from the corner of the mouth down to below the chin. The Banner says it was a fearful gash and that the prepetrator of this outrage was allowed quietly to leave the town without the slightest effort being made by the authorities to secure his arrest, which certainly indicates that the local guardians have a high appreciation of a free and easy sort of life.

County Assizes.

This Court met in the Court House at noon yesterday, the Hon. Mr. Justice Mor-

rison presiding. The names of the Grand Jury are the fol lowing: Phillip Macklem, toreman, Ar noldi Haight, Abraham Hoover, Wm. Hood, Abraham Johnson, Matthew Lepper, Robert McCordick, John Morton, Wm. Oliver, Edward Pease, J. S. Palmer, Alfred Koe, C.C. Seidlar, Alex. Thompson, Geo. Winn, P. Wideman, Wm. Wood, D. Witherspoon, Stephen Wallace, Thomas Page, Geo Wright, Ira Webb, Robert Wells.

In addressing the Grand Jury, Justice Morrison said, that he had great pleasure in informing them that the criminal calendar on the present occasion was exceedingly light, the only case on it, being that of the man Miller for Larceny, and that of a person named Harrington, committed yesterday morning for the same offence. Miller was the only person in custody when his Lordship opened the City Assizes three weeks ago and consequently the only prisoner commit ted since then was Harrington. With regard to Miller's case, it was a very serious one, though lately placed on the same footing as ordinary larceny cases, it was for the crime of robbing a church-a crime which merited severe punishment. The other case was one in which the prisoner was charged with rob-bing a hen-roost. It was a matter of congratulation that there was nothing else of mportance to occupy the attention of the ury. His Lordship referred to the fact, that hy a new Act; to take effect on the 1st of February, the city and the county would again be united, in consequence of which there will be, in future, only one Court of Assize for the city and county, and the jurors will be selected from them jointly. The expecation of the Government was, that in making this arrangement, it would save expense and trouble. His Lordship hoped that this expectation would be realized to its fullest extent. BANK OF MONTREAL SAFE BLOWN UP.

ST. CATHABINES, Jan. 12.

The quiet into which our town was re lasping after the elections, was suddenly broken up last evening, by the report that one of the most daring robberies that had ever happened in this vicinity took place in the St. Catherines' agency of the Bank of Montreal, and fabulous amounts were mentioned in connection with it. The following appears to be the circumstances of the case. as can be judged from the traces left oft he robbery :- Between the hours of nine and ten last night, some parties, by means of a false key, entered the bank. Their attention was immediately given to the safe, to the outside door of which they appear to have had a key. Nitro-glycerine, it is supposed, was then applied to the lock of the inner door. Before the explosion, the outer door of the safe was closed, so as to deaden the report in a great measure. The explosion appears to have scattered the gold, of which here was quite a quantity, over the floor. The robbers, oowever, paid but little attention to this coin, as they seized some fifty tharsand dollars in bills, which the safe contained, and then quickly made their escape. A boy named Kerrigan, who sleeps in the bank, came in about ten o'clcck and on perceiving the gold and debris of the explosion lying around, quickly gave the alarm, and the building was soon filled with a surging crowd. The whole affair appeared to be the work of professional robbers, and was managed throughout with a most con summate carefulness. Nothing was left which could implicate the robbers. morning the excitement around the bank reached high point; but these who were curious were unable to obtain anything in addition to what is already known.

NEW GRAMMAR SCHOOL BILL

The " Ontario Teachers' Association have proposed several amendments to the new School bills now before the Ontario Legislature. We have received a paper from the committee of the Association, purporting to contain the amendments which they suggest, as desirable to make the new School bill more complete. We have read the new Grammar School Act now before the House of Assembly at Toronto, and find it to be objectionable in many parts, while some of the provisions may be an improvement on the old. It is our intention to publish the new School Bills in our next issue, so that our readers may be in a position to form an opinion of them on their merits. In the meantime, we copy the amendments to the new Grammar School Bill recommended by the Ontario Teachers Association : from their experience in teaching, we are inclined to attach weight to their we cannot permit the opportunity to pass without remarking that there is, by far, too much tinkering in connection with School matters; what between changes of School laws and school books, the public are being everlastingly annoyed and fleeced ;-

"If the number of masters and pupils proposed in the Bill were retained, the rospect of any High School being able to penefit by this provision would become re mote; thorefore, to render it effective, it is suggested to reduce the number of masters to three, and of pupils to sixty.

I am not satisfied with the explanation, if it may be termed such, and I think it is the duty of the Board to answer the question to the to the satisfaction of those who have to pay.
