THE GIRL FOR ME

Just fair enough to be pretty, Just gentle enough to be sweet. Just saucy enough to be witty,
Just dainty enough to be neat. Just tall enough to be graceful, Just slight enough for a fay. Just dress enough to be tasteful,

Just merry enough to be gay. Just tears enough to be tender Just sighs enough to be sad, Tones soft enough to remember, Your heart through their caden made glad.

Just meek enough for submission. Just bold enough to be brave, Just pride enough for ambition, Just thoughtful enough to be grave. A tongue that can talk without harming Just mischief enough to tease, Manners pleasant enough to be charming,

That put you at once at your ease. Disdain for to put presumption, Sarcasm to answer a fool, Cool contempt shown to assumption, Proper dignity slways the rule. Flights of fairy fancy ethereal, Devotion to science full paid,

Stuff of the sort of material Poets and painters are made. Generous enough, and kind hearted, Pure as the angels above; O, from her may I never be parted, For such is the maiden I love.

Something more than curiosity moved her. There intruded on her mind a bore unpleasant news for her husband. MR. PERRY'S SPEECH.

Mr. Perry, on coming forward to address them, assured the meeting that he did so with extreme difficulty and reluctance-suffering as he did from the effects of a severe cold-it was in fact with considerable effort he was able to speak at all. He trusted that the explanations he was about to give would be of that character that he could not be charged with introducing anything personal; for he was determined to give them and discuss the whole question solely upon public grounds. As a director, he found himself charged with being a swindler, a chiseller, with having formed a ring, and doing many other bad public press, on the public streets, and again before them that evening. He had. therefore, to meet his fellow ratepayers -to meet those charges, and to meet and blacken him. And he called that place, he should allude to the remarks of Dr. Gunn. The Dr. said that he never received notice of the meetings nothing particular to be done. He (Mr. Perry,) had only been a member of the Board sincee the 25th of Feb. of the present year. .There were no Board meetings except when specially called, or an adjourned meeting of one previously held. When Dr. Gunn said then that there were "informal" meetings he stated what was not the case. The next statement of the Dr. was that Mr. Dumble himself wrote the contract and the specifications. That was true; but where did he g.t the decuments from? From the Railway Board. They had been sent to Board by the Company's engineer-Mr. Noberley, of Toronto, and then handed over to Mr. Dumble.
