BARNARD'S STORE RE-OPENED!
CHEAP GOODS.

G. A. Barnard has been appointed agent for the
Sale of
HIS LATE STOCK,
Which has been bought at a bargain; he will,
therefore,

FOR CASH!
Offer his customers an advantage, by giving
them Goods at Lower Prices than ever, and
hopes to have a share of public patronage. He
has mounted up the Stock with a variety of new
Goods, bought for Cash, at the Lowest Prices
and will sell them at a small advance. The
Stock will comprise a general assortment of
Dry Goods, Groceries, Wines and Liquors of
the finest and best brands. Paints, Oils, Glass,
&c., with the best assortment of Shelf Hard-
ware to be had in the neighborhood. Having
many years experience in the business, he is
confident he cannot be underbought and shall
not be undersold by any House in the Trade.
Being thankful to his friends and patrons for
their past favors, he hopes to merit a contin-
uance of the same.

ENGLISH MAGAZINES FOR JULY AT SCOTT'S.
THE TEA CHEST,
Upon Mature Reflection, finds that he
has been making a Big Simpleton
of himself for the last Two
Weeks, by giving
20 CENTS PER lb FOR BUTTER,
And that it can't
Honestly be done, for he
finds it a difficult job to Buy the
Child a New Prock when he has been
GIVING 20 CTS. PER lb
For Butter and
SELLING IT AT 17 CTS. PER lb,
So that he intends in future to give a
fair and honest price for it
and give
Good and Just Value in Goods.
He has no intention of offering
GOODS AT LESS THAN COST,
Nor does he intend to offer
40 POUNDS OF SUGAR FOR \$1-00
OR WHISKEY @ 50 CTS PER GAL.
But will
give as much
Sugar as any other
man, and as good Whis-
key as can be bought in the
Province, for the money. Good
Tangle Leg @ 80 cent per gallon;
a splendid harvest whiskey @ \$1 per gal.
(one dram of which is equal to two extra men);
and the "Raid out itself" for \$1-20
per gallon; he will make a still
greater reduction to persons buy-
ing 5 gallons and over. As
he intends going out of
the Hardware trade
he is offering
SPECIAL
INDUCEMENTS IN
HARVEST TOOLS
RAKES
From 5 cts. to 15 cts. each, as good as can be
bought in the market.
THREE-PRONG FORKS
From 60 cents upwards; and other goods in
proportion.
He also intends, in future, to devote
himself entirely to the
Grocery, Liquor, Flour & Feed
BUSINESS.
Talking about Flour, "My Conscience,"
if he hasn't got the
BEST FLOUR ON RICHMOND HILL!
You may call him Davy; he gets it
all the way from
MOUNT ALBERT
AT THE
CELEBRATED VALLEY MILLS!
Where they understand their business
and use nothing but the
BEST WHITE WHEAT!
Just come and try a bag of it, and if
it don't make
THE BEST DUMPLINGS
You ever ate, just bring it back and he
will eat it himself—Bag and all—
for he is a hungry 'cuss'
any way.

TESTIMONIALS.
Mr. C. CHAPMAN.
Dear Sir,—I had been informed by in-
terested parties that the Wheeler & Wilson
Sewing Machine was not to be depended upon,
which for a time induced me to defer purchasing
one. After your description of said machines,
I purchased one, and Mrs. Foxwell, who is well
acquainted with other machines, states that after
a year's trial in various kinds of work, she can
confidently recommend it as a useful family
sewing machine, and as all that you stated it to
be.
M. FAWCETT,
Wesleyan Minister,
Markham March 18th, 1870.
Mr. C. CHAPMAN.
Dear Sir,—We have used the Wheeler &
Wilson Sewing Machine about nine years, and
during that time it has cost nothing for repairs.
We sew heavy felled cloth with coarse linen
thread, stronger than can be done by hand;
while all fine stitching on light fabrics gives the
best satisfaction. We can with confidence re-
commend the Wheeler and Wilson Sewing
Machine as the best for family use.

IMPORTANT TO PARTIES USING
MACHINERY.
STOCK'S EXTRA MACHINE OIL.
This oil excels all others for Lubricating
Purposes, both animal and vegetable.
We are prepared to have the merits of this
oil tested against all oils now being used on
machinery—both light or heavy; from a clock
or sewing machine, to the heaviest of Steam-
boat shafts.
The following are the points in which it ex-
cels all other oils:
It will not gum, hence machinery can be
kept clean with but little trouble, and it will
clean machinery that has been gummed by
other oils. It will not congeal or thicken in
the coldest of weather—this is a quality of the
highest importance, from the fact that an oil
not having this quality will not lubricate a cold
shaft, such an oil may be applied in a heated
state; but the moment it touches a cold shaft
it is congealed, and it will not begin to lubricate
until the journal, by friction, acquires that
temperature necessary to reduce it to a liquid
state. In acquiring a higher temperature by
friction, the journal expands, and the box is in-
jured. It is as impossible to use oil that will
chill on a cold shaft without this result, as it is
to single oil with water. Stock's oil will
lubricate the coldest machinery the moment it is
applied; it is now used in over two hundred
est. blishments, and all unite in saying the pro-
ficiency of it is Refined Sperm, or pure olive oil; it is
free from all objections urged against all other
oils as it neither gums or froothes.
Now, as the public are aware that many
worthless things are passed into notoriety, in
order to prove that this is no humbug, and at
the same time to secure ourselves against the
operations of unscrupulous oil agents, many
of whom will not hesitate to palm off the mere
offal of oil refineries, as being identical with
Stocks extra machine oil; we propose to those
who are largely interested in the truth of those
statements, to send to them on applica-
tion by express, or otherwise free of charge, a
sample of the oil that it may speak for itself,
we will with the sample furnish applicants
free of charge, with a few simple tests as ef-
fective, as those tests by which Gold is known
from the base metals, and which will enable
parties ordering to secure themselves against
imposition, by enabling them to determine at
once, whether the oil forwarded is as good as
sample. All parties interested in the lubricat-
ing oil trade, before purchasing elsewhere will
do well to communicate with

IMPORTANT TO PARTIES USING
MACHINERY.
STOCK'S EXTRA MACHINE OIL.
This oil excels all others for Lubricating
Purposes, both animal and vegetable.
We are prepared to have the merits of this
oil tested against all oils now being used on
machinery—both light or heavy; from a clock
or sewing machine, to the heaviest of Steam-
boat shafts.
The following are the points in which it ex-
cels all other oils:
It will not gum, hence machinery can be
kept clean with but little trouble, and it will
clean machinery that has been gummed by
other oils. It will not congeal or thicken in
the coldest of weather—this is a quality of the
highest importance, from the fact that an oil
not having this quality will not lubricate a cold
shaft, such an oil may be applied in a heated
state; but the moment it touches a cold shaft
it is congealed, and it will not begin to lubricate
until the journal, by friction, acquires that
temperature necessary to reduce it to a liquid
state. In acquiring a higher temperature by
friction, the journal expands, and the box is in-
jured. It is as impossible to use oil that will
chill on a cold shaft without this result, as it is
to single oil with water. Stock's oil will
lubricate the coldest machinery the moment it is
applied; it is now used in over two hundred
est. blishments, and all unite in saying the pro-
ficiency of it is Refined Sperm, or pure olive oil; it is
free from all objections urged against all other
oils as it neither gums or froothes.
Now, as the public are aware that many
worthless things are passed into notoriety, in
order to prove that this is no humbug, and at
the same time to secure ourselves against the
operations of unscrupulous oil agents, many
of whom will not hesitate to palm off the mere
offal of oil refineries, as being identical with
Stocks extra machine oil; we propose to those
who are largely interested in the truth of those
statements, to send to them on applica-
tion by express, or otherwise free of charge, a
sample of the oil that it may speak for itself,
we will with the sample furnish applicants
free of charge, with a few simple tests as ef-
fective, as those tests by which Gold is known
from the base metals, and which will enable
parties ordering to secure themselves against
imposition, by enabling them to determine at
once, whether the oil forwarded is as good as
sample. All parties interested in the lubricat-
ing oil trade, before purchasing elsewhere will
do well to communicate with

To be Published in October, 1870.
NOTICE.—LEARNING THAT MY
name has been unwarrantably used in
connection with Directories now being can-
vassed in the Provinces, and entirely distinct
from my works, and that in other cases it has
been stated that my Directories have been aban-
doned, I would request those desiring to
give a preference to my works to see that per-
sons representing themselves as acting for me
are furnished with satisfactory credentials.
