RICHMOND HILL, Dec. 23, 1870.

THE MUNICIPAL ELECTIONS.

On Monday next, the 2nd ult., the electors throughout the country will be called upon to record their votes, for their representatives, at the Municipal Council Board, for the year 1871. During the past few years, the electors have had the privilege, according to the provisions of the new Municipal Act, or voting for the whole representation re quired for the Township-a system many of the electors have objections to, as it, possibly, may leave sections of the Municipality with no representative at all, and other parts with two or three. This has been the case in both Vaughan and Markham, in the past, and, in a spirit of fairness, it ought to be remedied by the electors by giving their support to the candidates who would represent by residence, as near as possible, all parts of the Township. In District No. 1, Vaughan, we have the Reeve, two Deputies, and one Councillor; rather a formidable representation from the front -and the people in the western part of the Township may say they are not represented at the Council Board. We do not admit that the late Council have done injustice to the western part of the township, by being nearly all from one neighbourhood; but we do claim, as an act of fair play to the western part of the township, that the front give a liberal support to a candidate, west of the Humber River. The gentlemen in the for Deputy Reeves are-Messrs. David Boyle, from Richmond Hill; R. J. ster, we expect, will be re-elected. In the Township of Markham, we have numerous candidates for Municipal honors. For Reeve, Messrs. James Robinson and James Speight are in the field. Mr. Robinson has been a very efficient Reeve for a number of years and has given great satisfaction, and there is no doubt he will be re-clected. For Deputy Reeve, we have Messrs. Lane, Button, Eakin and Break; the first mentioned two we hope will be returned. For Councillors, we have Mr. Wm. Mr. Jacob Horner is another candidate for Councillor, and it is possible he might make a good run; he lives in the northwest part of the township, where no other candidate resides - this will be greatly in his favor. We hope the electors will go to the polls in good time, and do all they Charles Hill, he being assessed for a bath school, assisted by the Choir.
