"She Works for a Living." Commend us to the girl of whom it is sneeringly said "She works for a living." In her we are sure to see the elements of a true woman-a real lady. True,

we are not prepared to see a mineing step, the next party-no, no; but we are prevance: of not paid within Two Months One pared to car the sound words of good Dollar and Fifty Come will be chief a research so nse, laughing becoming a woman; to. ent see a neat dress, a mild brow, and to witness movements that would not dis-

You who are looking for wives and comparions, turn from the fushionable, haughty girls, and select one of those who work for a living, and never-our, word for it-will you repent your choice. You went a substantial friend, and not 25 . help to eat - counsellor, and not a simpletes. You may not leable to carry a piano into year house, but you can All transitory advertisements, from grangers buy a sewing machine, or a set of knitting needles. If you cannot purchase every new novel, you may be able to, take son . valuable paper. If you cannot buy a ticket for a ball, you may visit ome afficted neighbor.

Be careful, then, when you look for a, companion and whom you choose. We But here the question is naturally know many a foolish man who, instead of selecting an industrious and prudent woman, for a wife, took one from the us, ought not first to be examined for fashionable stock, and is now lamenting signs of life, or, at least, of being fi ted his folly in dust and ashes. He ran into for the support of life. When the tele | the fire with his eyes wide open, and who but himself is to blame for it?

The time was when the ladies went nising such signs in the moon than any visiting and took their work with them; other colesial body. As telescopes of This is the reason why we had such exgreater and great r power were construe | collect mothers. How singular would a ted, our satellite was searched with a gay woman look in a fashionaale circle more and more eager secutiny. And deening a father's stocking. Would not many a long year elepsed before astrono- her companions laugh at her? And yet mers would accept the conclusion that such a moman would be a prize to somethe moon's surface is wholly unfitted for body. Bessed is the man who chooses the support of any of those forms of life for a wife one from the despi el girls,

## The Greatest City in the World,

The census recently taken of the city-Sir John Herschel's supposed observa- of London shows its population to be tions of the customs and manners of the three and a quarter millions. This has Lunarians was accepted even among well- never been excelled even by Rome in its aducated men. Who can forget the pulmiest days, and it at once places that gravity with which that most amazing great metro; olis in the position of the houx was repeated in all quarters? It first city in the world. It is a noticeable was, indeed ingeniously contrived. The fact that, with this immense repulation, anxiety of Sir John Herschel to secure having its fair share of ro ues and vilassistance from King William, and the lains of all grades, it is so well governed care with which our "sailor-king inquired and so well policed that we seldom hear whether the interests of nautical astrono of crimes committed like unto our late my would be advanced by the proposed street car murder. The criminal there inquiries; the plausible explanation of meets with prompt punishment following were gravely assured, upon the transfu avail them nothing; hence crime is not sion of light; the trembling anxiety of at a premium, as in other places we know Herschel and his fellow-workers as the of. Human life is comparatively sufe, moment arrived when their search was unless men are foolish enough to permit to commence; the flawers, resembling themselves to be caught in the very dens poppies, which first rewarded their scru- of thieves and other miscreants. The tiny; and the final introduction upon people travel in every direction without the scene, of those winged beings—net fear of death at the bands of a sidewalk strictly speaking, men, nor properly ruffin. The murde ous car hook has to be called angels-to whom Herschel no terrors to a citizen of London. He assigned the generic appellation Vesper- enters a 'buss' without the liability of till o Homo, or Bat-men. All these things being mal reated before his journey is and many others equally ar using, were over. If insulted he has immediate redescribed with marvellous gravity, and dress, consequently crime is held in check. with an attention to details reminding Indeed London, in this respect, will serve one of the descriptions in "Galliver's as a model to some cities which claim to Travels." One can hardly wonder, then, be perfection in everything appertaining that the narrative was received in many to good and sound government. Again, quarters with unquestionable faith, nor, the mortality in London is known to be perhaps, even at the simplicity with less in proportion to its population than which (as sir John Herschel himself re that of any city in the world. From lites) well-meaning persons planned this oar city fathers may take a lesson, measures for sending missionaries "among We have ample room for improvement in our switary regulations. Much can Yet astronomers have long known full vet be done whereby New York may be certainly that no forms of life, such as rendered equal to London in joint of we are familiar with, can exist upon the health. And we can only urge upon our moon. They know that if our satellite authorities the necessity of doing every, has an atmosphere at all, that atmosphere thing to render our city the first in the must be so limited in extent, that no world in cleanliness and, as a natural creatures we are acquainted) with could consequence, healthfulness .- New York

> AN AGRECABLE CONTRAST. -If we look if a brighter bue, though not of the same colors of which we boast. We have greater depth of investigation; they, greater acuteness of precention. Our strength of mind is compensated by their liveliness. If we gasded as more fortanates.
