GRAND CONCERT. - The Orange Young Britons of this town announce that they will give a concert in the Masocie Hall, on Friday evening, the 13th inst. A number of musical professors and amateurs have been secured for the occasion. The proceeds will be devoted to the purchase of a banner for the Association. Tickets are only 25 cents.

FREE TRIP.—The backwoods men up in North Wellington, are to have a free trip on the line of Wellington, Grey and Bruce Railway, on Wednesday next - one of the days on which the Central ult. Fair is to be held at Guelph. A train of Present, Messrs. Robinson, Reeve; fifty cars has to be run to and from Har- Lane, Deputy Reeve; Milliken and riston, an enterprising village in the Padget. township of Mintoe. 50,000 emigrants sailed from Liverpool for various parts of the world during the last three months, the principal part of which were bound for the United States and Canada. This number exceeds that of the previous three months by 5,000 persons. Canada can accommodate all comer, has more and better land and a healthier climate than the United States; we have an abun dance of cheap food and one of the best and freest forms of governments in the world. Immigrants will do better to make this country their destination than to risk hard times, high taxes, mob law and general misery in the States. All mechanics and agriculturalists coming here need not be a day idle if they are willing to work. For confirmation of what we have stated we have only to point to our surplus revenue. to the large sums spent in opening up the back country and in draining swamp lands, to our immense natural resources. and to the great prosperity enjoyed from one end of the Dominion to the other. The affiuent, the humble, the man of moderate means, and all aspiring to better their condition will find in Canada the
