Owens River ran over its banks depositing shoals of fish on the shore. Afterwards it receded for the distance of three or four miles through Longpine. The earth one side remained stationary while the other sank seven feet leaving a wall of earth ex tending over three miles in length where formerly was a level plain. Innumerable cracks were made throughout the valley. Kern and Owens rivers turned and ran up stream, for several minutes leaving their beds and finally returned with largely increased volume. There has been no para llel to the earthquake since the year 1812, when San Juan Capristo and Laparissima, in Southern California, were destroyed.

Advices coming in from the volcanic country north of Mojave River, show that the earthquake on Tuesday was felt with terrific force there. Our readers will rememember that by an Act of last session the Government was authorized to divide this office in the Metropolitan County. The enemies of the administration stated that this legislation was prompted by a desire to multiply the good things in the gift of a new Government pestered with clouds of rapacious camp-followers. Others hinted another solution of the affair. The division they whispered was to serve the purpose of stalling off the larger cormor-ants who though clamorous for a big fish, would turn up their august noses at small bait. For the division there is in our opinion not one single excuse. It is more convenient for the public to have to deal with one office than two, the duties of the two being of a cognate if not a similar tons. We are not disposed to allow that an office worth in the aggregate less than a thousand pounds a year is so large a prize, provided it be worthily bestowed, as to require division. On the contrary, having legard to the expenses of living in Toronto, and to the fact that there is necessarily congregated here a great proportion of the legal profession, we hold that the salary is only just large enough to secure the services of a competent man. TO THE PUBLIC OF THE BRITISH PROVINCES OF NORTH AMERICA.

I beg most respectfully to acquaint the public of the British North American provinces that in May, 187, I caused the business at 80 Maiden Lane, New York, for the sale of Hot-Loway's Pills and Ointment, which were up to that time prepared by William Brown, now deceased, to be closed. I regret to say that I have reason to know that the management of late business had for some years, and in many ways, heap most corunt and it many hashes ways, been most corrupt, and it may be that the Pills and Ointment were not prepared with the care I have always desired. Those who do not wish to be deceived by

buying spurious medicines, which are now likely to emanate from the States or elsewhere. but to possess themselves of the genuine Holloway's Pills and Ointment, manufactured by me in London, England, will do well to see that each pot and box bears the British Government stamp on which is engraved the words "Holloway's Pills and Ointment," and that the address on the label is 5.33 Oxford STREET, LONDON, where only they are manufactured, and in no other part of the world. The retail prices are on the labels in British currency, and not in dollars and cents.

No representative of mine will ever travel through any part of the British Provinces or the United States, either to sell, or to take orders for my Fills and Ointment, and as I have reason to believe that attempts will very probably be made to deceive the public in this probably be made to deceive the public in this way by persons calling on medicine vendors, falsely representing that they are acting for me, and with my knowledge and consent, I deem it advisable to put the public on their guard against any such deceptions.
