Notice—James N. Nichol.

# The York Herald.

RICHMOND HILL, MAY 31, 1872.

## THE QUEEN'S BIRTH-DAY.

Among the many who took part in the celebration of the fifty-first anniversary of the nativity of our beloved Queen, we are happy to notice the satisfactory success of that of Thornhill. The morning of the 24th threatened and bespoke a wet day, but the weather cleared up sufficiently to allow all parties who were bent on enjoying themselves to make their several journeys. The entertainment commenced about two o'clock, with an interesting ceremony of unveiling a superb portrait of Her Majesty the Queen, which has to grace the Hall on all future occasions. This ceremony was followed by addresses from Col. Dennison and Mr. Badger, of Toronto. Unfortunately, we were rather late in making our appearance at the "Victoria," owing to a rain storm prevailing when we were proceeding thither, but from stray conversations picked up after the addresses we would conclude that they were delegates from the so-called "National Party." Not but that their addresses overflowed with loyalty and love for our country, but that their ideas were strongly tinged with the Independence theory. The tea given in the hall in the evening was well got up, and, as on former occasions of the kind, fully sustained the reputation long ago earned by the ladies of that enterprising suburban town. At the concert, the hall was crowded to the door, and the rendering of the various pieces by the amateurs was of a character not to be excelled. The receipts of the three entertainments we trust were satisfactory, and hope they will go far to relieve any burden that may remain on their really handsome and commodious public hall.

At Victoria Square, the celebration commenced with a lecture from the Rev. B. Boyle, on "The history of the English Bible." We understand that the gentleman's discourse was very interesting and certainly very instructive. A grand tea, in connection with the lecture, was also served up at twelve, noon, which, we are informed, was got up in the very best style. At half-past five a luncheon was served, and the choir gave a concert in the evening. The programme of the concert was very ably sustained, and the Managing Committee made their bill of fare as attractive as possible, and left nothing undone to render a respectful tribute to our gracious Queen in the rejoicings of a loyal and contented people, who delight in honoring a deservedly beloved sovereign. On the whole everything was conducted in a most orderly manner.

### FIREMEN'S CONCERT.

This entertainment came off in the hall, on Wednesday evening last. The large room was crowded to the door by an audience which showed the popularity of the object for which the concert was held, by the large turn-out. The captain of the Fire Company requested Mr. Harrison to act as chairman. The programme was one of the best ever given to a Richmond Hill audience, and the amateur performers rendered their various parts in the best manner. The ladies and gentlemen who so kindly gave their valuable services on this occasion were Mrs. M. Strong, Miss H. Velie, the Misses Sanderson, Miss Teffy, Miss Campbell, Miss Proctor, Miss F. Barnard, Mr. J. Reynolds, and Mr. T. S. Savage—assisted by the Patterson Brass Band, and Mr. Spalding's String Band. The returns from the sale of tickets we hope will be good, and, with the promised \$20 from Dr. Duncombe added, will supply the means to purchase additional hose, put the water tanks in thorough order, and make the appliances for extinguishing fires in our town as efficient as possible. We are requested to announce that the Piano used on the above occasion for sale. Apply to Wm. Trench.

### MECHANICS INSTITUTE.

The Librarian of the Richmond Hill Mechanics' Institute requests the readers of the books to be kind enough to return them into the library forthwith, so that he may be enabled to prepare a catalogue of all the books (including the recent donation of upwards of three hundred volumes from the Library Association) belonging to the Institute—which now numbers about five hundred volumes.

### DOMINION DAY.

A public meeting will be held at Mr. John Velie's hotel, on Monday evening, the 3rd of June next, at 8 o'clock P. M., for the purpose of forming a committee for the celebration of Dominion Day. A large attendance of the inhabitants is earnestly requested. By order of the Mayor.

### MECHANICS INSTITUTE.

The Librarian of the Richmond Hill Mechanics' Institute requests the readers of the books to be kind enough to return them into the library forthwith, so that he may be enabled to prepare a catalogue of all the books (including the recent donation of upwards of three hundred volumes from the Library Association) belonging to the Institute—which now numbers about five hundred volumes.

The Vaughan Council meets on Tuesday next, the 4th of June, at 10 A. M.

## YORKVILLE COUNCIL.

The regular weekly meeting of the Council was held in the Council Chambers, Town Hall, on Monday evening last, Mr. John Severn, Reeve, presiding. Present, S. Wickson, Deputy Reeve, and Councillors J. Dain, J. Gibson and Dr. Philbrick.

A communication was received from J. Dobson, asking permission to construct a drain from the cellar of the house occupied by him to enter the Yonge street sewer. Referred to the Board of Works.

Mr. Gibson moved, seconded by Mr. Wickson, that leave be granted to introduce a By-law to provide for the appointing of a pound-keeper, and locating a public pound for the Village of Yorkville for the year 1872, and that said By-law be read a first, second, and third time forthwith, and that any rules of the Council conflicting therewith be suspended. Carried.

Mr. Dain moved, seconded by Mr. Gibson, that a store license be granted to James G. Giles, for the current license year. Carried.

Mr. Gibson moved, seconded by Mr. Dain, that the Finance Committee be requested to report upon the advisability of exempting from taxation for a stated period persons who may be desirous of establishing manufactures of any considerable size in Yorkville. Carried.

The Council then went into a committee of the whole, on By-law 211, to appoint a pound-keeper and locate a pound, Mr. S. Wickson in the chair.

Joseph Nicholls, senr., was appointed pound-keeper for the year 1872, to be paid for services by fees to be derived therefrom. That portion of the yard of the Red Lion Inn on the east side of Yonge street, kept by Nixon Robinson, east of the driving shed and north of the stable of the said inn, was constituted, and declared to be the public pound.

## AGRICULTURAL INTERESTS.

The Select Committee of the House of Commons, appointed to enquire into and report on the Agricultural interests of the Dominion, have issued the following questions, and sent many of them to all the leading agriculturists throughout the country for replies:—

1. What was the effect on the farming interests of the operation of the duties on foreign produce imposed in April, 1870, and repealed in March, 1871?
2. Not having reciprocity with the United States, in the exchange of grain and flour and farm produce generally, do you think it is for the interest of the Dominion that we should continue to admit American produce free, while Canadian produce exported over the border has to pay a toll of 20 per cent?
3. What duties, if any, would you impose on flour and on the various grains respectively, or what general guiding rule as to the imposition of such duties would you recommend?
4. Has the free admission of American Indian Corn any effect on the prices of coarse grains in your section of country, and if so, what effect?
5. Do you advise legislation with a view to establishing and promoting in Canada the cultivation of the sugar beet and the manufacture of sugar therefrom, also the cultivation of tobacco and flax, and what legislation would best conduce to the end in view?
6. From what sections of country, in Canada or in the United States, do you obtain your supplies of grain, and what is your average quantity received annually from each country, and for what purposes used?
7. Where is the most of your flour or meal actually consumed, and what market is it most to your advantage to sell in, the home market of the Dominion, the British, or the American market?
8. Does the free importation of American flour, without reciprocity, put you at a disadvantage as compared with American competitor? and, if so, state reasons.
9. Have you found grinding in bond convenient and practicable, and fair to all parties concerned, and would you recommend it in case of the imposition of a duty on foreign wheat?
10. As the *ad valorem* duty of 20 per cent, imposed in the United States on flour, against the fixed specific duty of 20 cents per bushel on wheat, generally operates as a discriminatory tariff against the Canadian miller, would be establishment of discriminatory duties by the Parliament of Canada in your opinion be advisable?

## News Items.

A fire destroyed six houses in Ottawa on Saturday morning.

Prince Arthur's twenty-second birthday was celebrated on the 1st inst.

The death of Horace Mayhew, one of the earliest contributors to *Punch*, is announced.

Mr. Charles Lawrie, of the 8th concession of Hallett, has a twin lamb, which, at nine weeks old, weighed 90 pounds.

The claim of Lord Aberdeen to sit in Parliament as Viscount Gordon of Aberdeen, was granted by the Committee of Privileges of the House of Lords.

Between £600 and £700 has been collected in London for the widow Nicholls, whose husband lately committed suicide after having killed four of his children.

The President of the U. S. has signed the Amnesty Bill which removes political disabilities from all rebels but about 200, among whom are Jeff. Davis and John C. Breckenridge.

The number of births in England and Wales in 1871 was 797,143, the deaths were 315,936, and the marriages 190,015. In London the number of births was 115,533, and deaths 80,332.

On the 1st inst., Mr. Cathbert Gravason, landlord of the narrow Dock hotel, West Holborn, South Shields, was accidentally drowned in the dock while attempting to drown his retriever dog.

A man who is said to be a relative of Commodore Vanderbilt, shot and mortally wounded Detective Henderson, of New York on Friday night upon the public street. The murderer escaped, but he was subsequently arrested at Vanderbilt's house.

We have often wondered whether there is a person in all New England, who does not know and appreciate the value of *Johnson's Anodyne Linctus* as a family medicine? It is adapted for all purposes, and is the best pain killer that can be used.

The schooner S. Robinson bound from Chicago to Kingston, was run into by a propeller, forty miles from Milwaukee, and sunk in ten minutes, the crew barely escaping. A dense fog prevailed at the time of collision. The vessel and cargo were fully insured.

Farmers and stock raisers have frequently told us that they have seen very good results from giving *Sheridan's Cavalry Condition Powders* to cows and swine before and after they drop their young. The powders put them in good condition, and give them strength to care and provide for the sucklings.

General Sheridan has notified the United States War department of impending difficulties with the Indians on the route of the Northern Pacific Railroad. It appears that a powerful combination of several warlike tribes has been negotiated, and the construction of the line will be opposed with vigour.

The *London Observer* understands that the Queen has appointed a Royal Commission to advise upon the best mode by which the United Kingdom, its colonies and dependencies, may be represented at the International Exhibition in Vienna in 1873. The Prince of Wales is one of the Commissioners.

The Court martial on the officers of the watch of the "Lord Clive," which was grounded on the Pantalana reef while endeavouring to assist a merchant vessel, condemns them severely, and to be dismissed the ship. Lieutenant Wallis is to lose two years' seniority, and Lieutenant Halstone to be placed at the bottom of the list.

Another dark deed has been brought to light in the town of Aucrain, near Boston Corners. The body of a respectable dressed female was found in an abandoned ore bed where it is supposed the remains had been for a couple of weeks. The body was not identified, but there is little doubt that the unfortunate woman was murdered.

The town fathers of Branford according to the *Expositor* have adopted a waif. On Wednesday morning last, on going to his door John McGeary discovered a suspicious looking bundle deposited there. On close examination it proved to contain a healthy male child, but a few hours old, and a \$5 bill. The town fathers are doubtless both able and willing to care for little ones thus thrown upon their generosity.

TRADE TRENDS.—A strike in the Leeds flax trade has terminated in favor of the employers. Offers are still being made for the services of the Warwickshire laborers on strike. It is stated that an agent from Liverpool has arrived in Leamington, and announces his readiness to engage 500 or 600 carters, for regular work in Liverpool, at wages of 2s. per week "as a commencement."

A large number of men have now removed from South Warwickshire, and their places are to be supplied by importations from Ireland. The Liverpool carters on strike number 6000 or 7000.

We see by the *Morning Chronicle* that "Among the visitors to Halifax, on Monday, was Mr. Edward Goodfellow, an officer of the United States Coast Survey, and his secretary. Mr. Goodfellow has been detailed by the United States Government in charge of a party organized for the purpose of co-operating with similar parties at Brest, France, and Cambridge Massachusetts, to determine the difference longitude between the United States and Europe, and to conduct his operations in the neighborhood of St. Pierre, Miquelon. The party with their instruments left Picton yesterday in the Newfoundland mail steamer "Georgia," the agents of the steamer having consented to land them at St. Pierre."

RESIDENCY STATISTICS.—The return moved by Mr. Smyth, M.P., of the number of landed proprietors in each county and province in Ireland, classed according to residence, has been issued. It shows that the total number of proprietors of the whole island is 1443, possessing 3,145,514 acres of land, valued at £1,528,071, rarely or never reside in Ireland.

SILENT MEN.—Washington never made a speech. In the zenith of his fame he once attempted, and gave it up, confused and abashed. In framing the constitution of the United States the labor was almost wholly performed in committee of the whole, of which George Washington was, day after day, chairman, and he made but two speeches during the convention, of a very few words each, something like one of Gray's speeches. The convention, however, acknowledge the master spirit, and historians affirm that had it not been for his personal popularity and the thirty words of his first speech, pronouncing it the best that could be united upon, the constitution would have been rejected by the people. Thomas Jefferson never made a speech. He could not do it. Napoleon, whose executive ability is almost without a parallel, said that his greatest difficulty was in finding men of good deeds rather than words. When asked how he maintained his influence over his superiors in age and experience when commander-in-chief of an army in Italy, he said, by reserve. The greatness of a man is not measured by the length of his speeches and their number. —*Philadelphia Ledger*.

### FARMERS' CLUB.

The Markham farmers' club will meet at Victoria Square, on Saturday next, June 1st, at 2 o'clock; P. M.

### ATTENTION!

A meeting of the Fire Brigade of this town, will be held in the Masonic Hall, on Saturday evening next, at 7 o'clock precisely.

The Empress Eugenie is recovering.

The King of the Belgians is at present sight-seeing in London.

The various Masonic Lodges of London are arranging for a grand Union Picnic, to come off ere long.

Queen Victoria has appointed the countess of Mayo to be Honorary Lady of the Bedchamber to her Majesty.

Some public spirited persons in Port Hope purpose canvassing the town, to see what support will be given them, in the establishment of a Reading Room.

The greatest activity prevails along nearly all the entire line of the Canada Southern railway, and the work of preparing the road bed is progressing very rapidly.

Our Ottawa correspondent informs us that the citizens of Montreal have tendered a grand banquet to His Excellency Lord Lisgar prior to his departure for home.

According to the last Russian advices the great Bishop Strossmayer of Agram, is called on to promulgate the dogma of infallibility under pain of excommunication.

Sir Henry Lytton Bulwer, who discharged the duties of British Minister at Washington from 1840 to 1852, died in London on Sunday night last in the 68th year of his age.

A frightful and destructive tornado passed over the western part of Missouri on Saturday night. Buildings and orchards were blown down, and several persons lost their lives.

Dr. Wild who made such a "wild" speech at Brooklyn, a few days ago, has made a very favorable impression amongst the Yankees. He was offered by a Brooklyn congregation \$5000 a year, and a free manse if he should consent to get annexed to Yankee-land, without taking the whole Dominion with him. He is pausing to reply.

Some terrible details of the recent earthquake at Antioch have been received. About 300 Greeks were worshipping in their church when the entire building crumbled to pieces and buried the whole congregation in its ruins. A Greek school of fifty scholars of tender age suffered a similar fate. Paul's Gate, a fine Roman ruin at the entrance of the town, has been destroyed. Troops were despatched from Aleppo to discover the dead, and on the 16th of April, some 1,600 bodies had been already extricated.
