And yet this same council, while refusing to do a requisite, just and proper work are doing their utmost to foist on the virlage a water works' scheme that nobody has confidence in at a cost of forty or fifty thousand dollars. The committee met last week, and if "Conservative Legion"

Yours, &c., SENTINEL No. 3. Yorkville, June 24, 1872.

Crime in New York

It would be difficult to name a large city held less a cred than it is it the metropolis persons were f und dead and carried to the of the Union. During the last few weeks, roadside, where the wounded lay for near y could prompt, or which the utter contempt of all authority could render possible, has featu es of the dark record. There have

have been a nine days wonder, a fruitful class car, which was crowded with passen source of indignant seech and writing for months after its occurrence. In New York it does no more than excite a brief feeling. The two first class c rs and the Pullman deeper guilt of next day's crime. Men shoot at each other in bar rooms and on the stoot at each other in bar rooms and on the East this afternoon.

tion times, and would lose a good many vars when the thing like descrived sevents. So the Reach and the ruffilms have a kind of mutual inter dependence which is a scandul to modern civilization, and a blot upon Republican in civilization, and a blot upon Republican in probable that before this reaches the care stitutions. Then, there is the practice of of the reader three more unfortunates will allowing alcoholic liquor to be freely sold be relieved from their tertures. It was a on Sunday. Frequent as are the crimes of sad sight to day to see the waggon loads of week days, those of the day of rest are more coffins ocntaining the killed mount away than four fold beyond the usual average and from the station to the Roman Catholic all because Legislators have not the courage burial ground; but still sadder was it when to see that the Excise law worthy of a Christithe train from the east arrived bringing tian country is rigorously enforced. Again, relations of the injused or of the dead there is practice of carrying pocket pistols. Many were the enquiries made, and in many Some good citizens carry such weapons from the mistaken belief that they are a defere, and the same law that authorizes this enables also hundreds of ruffians to conceal upon their person the instruments of viole ce and murder. Better to have a comprehensive law against all bearing about of concealed fre-arms, than allow the drunkard, the hurder and the midding. Formerly used by the ladies of Loretto as an educational establishment, but generously placed at the disposal of the Grand Trunk authorities by Vicar General Frankland the hundred. drunkard, the burglar, and the midnight Farrelly for use as an hospital still presents assassin to profit by the fancied necessities of a few respectable people who carry pistols of their severe injuries, occupy it. One three more immediate causes of the prevail-bright feature in connection is the presence ing lawlessness of the city. There are of a number of young ladies of the first others of a still more radical character, which families of Belleville, who quietly move

A young man named McCormack, of few hours of dissolution that they lose the about 26 years of age, deliberately drowned consciousness, and while unable to do more about 20 years of age, deliberately drowned himself in the river Thames, at London. Ont, on Saturday last. The poor fellow is said to have been drunk at the time, and consequently insane. This is another tem personne lecture, which should have a good effect upon those liable to inebriation.

consciousness, and white unable to do more than utter a few words, they dictate to their relatives. What a heart-rendering scene the receipt of a telegram, containing the words. "Dear father, I am dying; come affect upon those liable to inebriation.

Rai way Disaster.

PERRIBLE ACCIDENT ON THE G. T. RAIL

Trunk Railway, one mile east of Shannon ville. The En ine of No. 3 Express Train going was thrown from the track, and the baggage and second class cars piling on the top, the escaping steam passing through and wou ded a mothe given yet. All the injured are now under medical attendance.

BELLEVILLE. 22nd.—It is impossible to true bill was found, and the verdict of The engine of No. 3 train going east smoking car where the newsboy had his "guilty" was recorded against them, broke an axle near Shannonville, and the papers, the roof of the car bears the imprint subject to the judgment of one of the all the injured are second class passengers. the blast of steam and actually drived into superior courts on a point of law. The The dead and wounded are brought back the pores of the wood. So thoroughly is it cause of action was their neglect to believille station. Nine are dead and done that it is impossible to pick it off with company, under the supervision of Mr | verdict :-

he company, under the supervision of Mr John Bell, to relieve their sufferings.

The night express went down past this place at 12:30 this morning full of passenters, embraciar umong the number many ninisters of the English Church, en route homeward from the Synod which has been in session at Toronto. Every thing went well until the unfortunate train reached the ladder that consider the ladder that the ladder that consider the ladder that the la well unit the natortunate train reached the boild either that crossed the Shannonville River at Mill Town, about eleven miles below the B lleville station. Just at the entrance to which the entries jumped the track, carrying dismay, death and fearful torture to the scores of passengers in the forward cars. It appears that the lagrage car remained in the track and talegroups the supports. on the track and telescoped the smoking unknown, came to the death from Labeling car and the second class passenger car, so am, and from sea ds on the body, caused was there he would hear that there was nothing "tangible reported," and also that "Sentinel No. 2" was correct in the second crass passenger can be seen and from seads on the body, caused by the character of the valve of the body, caused by the character of the valve of the body, caused by the character of the valve of the body, caused by the character of the valve of the body, caused by the character of the congruence saying that the company of six had of immersion into a railway cauldron of the wreck of the engine and the railway track, we are of opinion that the

gone up the creck;" and that the super heated water. majority of the committee think that that the was sitting in the first class car, renders the scheme less "tangible" than immediately after the accident; he went to before. It is pretty safe to assert that the second class car, where a squad of 14 was in good condition: that the engineer the will was in good condition: that the engineer the will we see a sober, efficient, and careful the village is at present safe from the he was going to Montreal, the second class officer, died at his post.

Abortive project. More anon. the car and smoking car were telescoped, and we cannot conclude on the car and smoking car were telescoped, and the car beginn testimony to sergers from the first class car, all of whom escaped injury. Many were found entangled and were extricated with the utmost diffior fourteen Jurymen. cuity, timbers having to be broken, and five of the Union. During the lust few weeks, rondside, where the wounded lay for near y the record of crimes of violence in this city three hours in the most fearful agony. In has been simply apparling. Every form of Burdett from Belleville, arrived at this lawlessness which the insune frenzy of drink time and had them removed to the Pullman car, telegraphed at once for all the medical skill here, and that the freight been exemplified, and it would be hard to say where a man can be considered perfectly safe against brutal assault in the great centre of a nominally Christian community. At home, in the public thoroughfures, in day medical men of the town were summoned. nome, in the public thoroughtaires, in day light, by gas if the and are only dawn, people have been robbed, shot at, trainpled out, and the large freight and the large freight shed turned into a temporary hospital, where the patients receive every possible quently maltreated. It is true that the greater number of crimes have been the successful of drinken brawls. Integrating a substants are unremitting in their attentions, while the ministers of the Gospel vie with madicaling influence by the first violant. und toning influence by the first violent each other in their zeal in the administra-heats of su nine account to a certain degree tion of their sacred office. Each and all of

for the foul deeds of the last few weeks, every denomination receiving their careful But, unfortunate'y for the peaceable citizen, attention. The sight was one to baffle desthese elements fail to account for all the cription, and will live long in the memory of those who witnessed it. The terrific been recent comes in this city, an thoroughly cries of the sufferers rent the hearts of the unprovoked, so brutal in their character, and so deliberate in their execution, as to force to grant their requests for water, stimulants so deliberate in their execution, as to force the question upon public notice whether the rowdy is not becoming in New York stronger than the law.

What, for instance, could be imagined more characteristic of a state of society in which force is the only law, than the case of the min Brown, who was quietly returning home at night, with his wite, was tempt of the man Brown, who was quietly return ing home at night, with his wite, was tempt of the man Brown, who was quietly return their deadful agonies. Those who were the measurement of \$31 19 to Messes. Copp. to rescent the foul language with which she the least injured walked about swothed in was assailed by a growd of young ruffions; was assailed by a crowd of young ruffi as; bundayes and conversed freely about the was thrown down and trampled on, and left occurrences of the night. The express and with a fractured skull to die ten minutes afterwards? The rude unformed society of frontier civilization, where Judze Linch is ger or baggageman, but the smoking cur the presiding arbiter between man and man, telescoped the second class car,—the latter

car were comparatively unicjured, and the

street with a degree of readiness and a Sixty five men and women were fearfully reakless discreased of consequences that rescalded and otherwise injured, six of whom call the research call the practices of Denver twenty years died on the spot and the bodies were brought ago, or of San Francisco before the days of the vigibance committees.

Where this is to end, it would be difficult. Not more than one third of the injured will
