# The York Herald.

Richmond Hill, July 5, 1872.

## WHO SHALL GOVERN US?

This is the great question upon which the Managing Director, through the columns of the *Globe*, is striving might and main to raise an agitation on, throughout Ontario especially. That is his forte, he is great on agitation but nothing more, and upon what grounds is he trying to raise an issue? Solely on the character and conduct of men now in power, and if we are to believe the great defamer of our public men and give credence to the vile outpourings of a disappointed demagogue, who has made it his business and grown fat thereby, our whole political system is rotten to the core. The Ministers of the day and the large majority in Parliament which supported them, especially during the last session, are nothing but schemers and tricksters, corruptors and corruptionists. In the whole Commons there are but fifty-five good and true men, and only some of these sound except against the Treasurers and the interests of the empire. But if we are to accept the wholesale slanders and denunciations of the men of our own day as true, so also are they equally true of those of the past; all at one time or other have been the objects of his vituperation, upon all, even upon Baldwin down have the vials of his wrath been poured, even to the very dregs. What, then, is the remedy proposed? Who are to be the saviors of the country? Echo answers who? Hark! from the inner chamber of the *Globe*, even from the sanctum sanctorum of the great malmiger of his countrymen comes a stentorian sound as it came one short year ago: Blake, Mackenzie, McKellar, Oliver, Bodwell, Keira, Lewis, et hoc genus. These are the last and only hope and refuge. Choose these and a new system of purity, honesty and truth will be inaugurated. Reject them and we are lost hopelessly, sunk in the slough of corruption and dishonor. What a proposition to a people even yet writhing under the disgrace so recently perpetrated by these very men, 'Proton frauds.' Speak now, Railway appropriation by Parliament—*Oppose orders in council to aid railway* which has not complied with the conditions; to dare to ask the country to support men so utterly recalcitrant to the principles they urge when in opposition. To entrust them with the management of the Pacific Railway and the enlargement of our canals; men who doubted the railway grant in Ontario, who voted against the thirty millions for the Pacific, why place them in power, who, from their antecedents, would make it sixty millions. Let Ontario speak now, once and forever. Let the battle cry be "No more Brown, Blake & Co.," deceptions and frauds, agitation and slander, but henceforth unity, loyalty, progress and peace. Five years more to the men who have piloted us so far in safety, in honor, in prosperity. Let Brown and Blake apply themselves to the study of the first principle of honor, and integrity in government. So note it be and so it shall.

**DOMINION DAY.**—Last Monday being the fifth anniversary of the Confederation of our provinces in British North America, a large majority of the Canadian towns and villages observed it as a public holiday; and among the many celebrations which took place we are not a little gratified to know that the citizens of Richmond Hill were not behind in the same. Numbers of gaily dressed people, old men and maidens, lads and lasses of all classes were to be seen flocking in during the forenoon, and at about 10:30 A.M. the key to all the amusement, the Patterson Brass Band, made their appearance. Shortly after dinner the games were commenced, of which there was a heavy programme, and were well contested; all of which afforded unqualified amusement to the spectators. In consequence of the excessive heat, which made playing very fatiguing, one or two games, such as football, &c., were omitted. Towards evening however, the weather became much more agreeable, and a large number tarried to witness the grand torch-light procession after which was to follow a magnificent display of fire-works. The procession was really excellent, but unfortunately the committee, who were eminently successful in the order of affairs during the day, met with an accident while in the act of lighting a sky-rocket, the result of which was, the whole thirty dollars' worth of fire-works burnt up, and the finish of the day's enjoyment made to prove a failure. It is an unpleasant duty however, to observe that Dominion Day was not allowed to pass as comfortably as on former occasions, inasmuch as several terrifying personal encounters were witnessed, which considerably marred the day's proceedings.

The Vaughan Council will meet for business at the town hall, on Tuesday next, at 10 A.M.

## Editor's Notes.

**MONTHLY FAIR.**—The usual monthly fair was held in our town on Wednesday last, when a large number of cattle was collected on the grounds at an early hour. Several buyers were present, and business appeared pretty lively during the day.

**GREEN PEAS.**—We received a dish of "Green Peas" a few days ago, which to us was very relishing, but which we understand is no rarity to some, for we learn that Mr. J. Mortley, of this town, has any quantity on hand, for sale, at the low price of 15 cents per peck.

**POST OFFICE SAVINGS' BANK, RICHMOND HILL.**—Monthly and half-yearly Statement.—The following is an exhibit of transactions in the Richmond Hill, Post Office Savings' Bank, up to the 30th June:  
Total Deposits in Bank up to 30th June..... \$48,493 00  
Total Deposits for six months, ending June 30..... 9,172 00  
Deposits in month of June..... 2,751 00  
Withdrawals during month of June 1,533 72  
M. TERRY, Postmaster.

**SCHOOL EXAMINATIONS.**—On Thursday last week, the Junior and Senior Departments of the District School of this town, held their midsummer examination. The first mentioned department is under the charge of Miss Turnbull, and the latter of Mr. Switzer. The pupils of both departments showed a marked and creditable aptitude at the examination in their prompt answers on the various subjects in which they were examined. On the Friday following, the High School examination took place. The pupils in this school, who are under the charge of Mr. J. Crozier, B.A., exhibited satisfactory progress during the term just closed. The different examinations were attended by many of the parents of the pupils and others who take an interest in educational matters.

**CLEAR GRIT MEETINGS.**—We have much pleasure in being in a position to announce that the West York members of the above dramatic company have decided to give one more of their entertainments; two of which were so well received at Weston, and latterly the one at Woodbridge. Their purpose, on this occasion, giving an opportunity to the friends living in the eastern part of the Riding to witness the performance, by meeting at Cherry's hotel, to wit, on Wednesday next, the 10th inst., at 7 P.M. The programme will be slightly changed from that given at the other places, by additions to their leading characters, and a new programme. In the words of one of their leaders, and a J.P. at that, judging from the past, it will be one of the biggest bar-room rows that ever took place in West York.

**THE EAST RIDING OF YORK.**—The members of this branch of the dramatic company will meet at Milliken's Corners, on Tuesday the 9th, (the day previous to the Cherry entertainment) in order that those who are expected to be there may be able to cross over, and give their assistance in the west—the day following.

**PRESBYTERIAN CHURCH.**—The Presbytery of the Canada Presbyterian Church met in Knox's Church, Toronto, on Tuesday morning last, at 11 o'clock A.M. In the absence of the Moderator, (the Rev. Jas. Pringle, of Brampton,) the Rev. James Dick of Richmond Hill, occupied the chair until the arrival of the Moderator elect the Rev. W. Meikle, of Oakville. Reports were read from the commissioners to the annual assembly at Hamilton. The acceptance of a professor's chair at Knox College by the Rev. Mr. Gregg was reported, and arrangements made accordingly. The Assembly received Messrs Jas. Galloway and Jas. Smith as minister and licentiate respectively. The clerk received a letter from the Rev. Mr. Pringle, reporting that the congregation of Mono Mills and Orangeville had agreed to make the former an independent charge, and to unite the latter to Caledon East and Sandhill. After some private business the presbytery adjourned until September 3rd.

**DOMINION DAY AT VICTORIA SQUARE.**—The first of July was celebrated here with a very pleasant tea-meeting, held in the grove of Jas. Stoutenburgh, Esq. This grand tea (for it was said to be one of the grandest teas that could have been found in the Dominion) was got up by the ladies in connection with Wesley Church of that place, and in point of numbers and respectability, it certainly could not be excelled. Shortly after tea, which was served at noon, the company retired to the spot where several addresses were expected to be delivered by eminent ministers of the Gospel, but in the absence of whom were ably supported during the afternoon by several local speakers, interspersed by music from the choir, who went through an excellent programme in first-class style. Besides all this other kinds of amusement were to be seen in operation; here a cricket party was deeply interested over an exciting contest, here a still larger and more animated party in a joyous game of ball, and here again the green sward was pressed by the feet of those whose taste seemed to partake largely of the gymnastic, while others actuated no doubt by a feeling of budding sentimentality, were strolling leisurely in the shade, under the spreading branches which the handsome grove afforded them. The whole passed off in a very pleasant manner, and was much enhanced by a delicious tea spread out at about five P.M., after which a sale of all the good things yet remaining took place, and the company departed for home all seemingly well pleased with the manner in which they had spent the 1st of July. The proceeds amounted to about \$40.

## AUCTION SALES.

**MONDAY, July 8.**—Cash Sale of Household Furniture, &c., the property of Mr. Robt. Raymond, Richmond Hill. Sale to commence at 1 o'clock, P.M. W. H. Myers, Auctioneer.

**TUESDAY, July 9.**—Credit Sale of Household Furniture, &c., on the premises, at Richmond Hill, the property of Mr. R. A. Gray. Sale at 1 o'clock sharp. W. H. Myers, Auctioneer.

Immediately after Mr. Gray's sale, the following goods will be offered for sale: 1 feather bed—30 lbs weight, 2 pillows & bolster, 1 quilt, 3 prs. blankets, 1 French bedstead, 1 Lockstitch Sewing Machine—Little Wanzor.

\* \* Parties having Sale Bills printed at this office, will have a notice similar to the above, free of charge.

**SOUTH SIMCOE JUNCTION RAILWAY.**—A large and influential meeting took place on Saturday last at Laskey, in the township of King; the Reeve of that township in the chair. Alderman Turner, Thompson, and Mr. Jas. McGee were present, representing the Company, each of whom spoke of the advantage to the township of more direct communication with Toronto, and entering into the whole merits of the scheme and setting forth the importance of Toronto as a market. The following resolution was put to the meeting and carried unanimously:—Moved by Mr. A. Wood, J.P., seconded by Mr. T. W. Tyson: "That this meeting, having heard the statements made by the deputation from Toronto in the interest of the proposed South Simcoe Junction Railway, and being impressed with its importance to the interests of the township, not only as another link in the chain of railway communication tending to enhance materially the value of the property, not to speak of the advantages during construction, be it resolved, that the Council of King be requested to submit a by-law for \$20,000 in aid of said railway undertaking at the earliest possible moment."

Last week there were in New York 144 marriages, 367 births and 769 deaths. The Southern journals report the growing crops in a healthy and promising condition. The wheat crop in Maryland is reported to be bad, being generally injured by the drought.

A telegram from Long Branch says that Longfellow won the Monmouth cup easily yesterday. A subscription has been started to present to the Pope a crown of thorns, to be made of massive gold. Gen. Longstreet, of Confederate fame, is the happy possessor of \$175,000 in the Pitts burgh, Fort Wayne and Chicago Railway.

A treaty has been signed on the part of France and Germany for the complete evacuation of French territory by the forces of the latter country. A terrible epidemic of some kind has appeared in the western towns of Brazil. Nearly a thousand out of a population of 13,000 have died.

Josh Billings said he never knew a dog of any breed whatsoever, to take the hydrophobia after he had been thoroughly vaccinated with buckshot. Another Indiana woman last week accomplished the rapid feat of procuring a divorce, a marriage licence, and a fresh husband, all within eight hours.

The people of Orillia are making preparations for a cordial reception of the visit to that locality. The Grenadier Guards band, reputed to be the best band in the world, is composed of some sixty eight performers. They have carried the palm at the Boston Jubilee. The band of the Grenadier Guards will sail from Boston on Saturday for England. On Friday they will perform at a concert for the benefit of the local St. George's Society.

The cathartics used and approved by the physicians comprising the various medical associations of this State are now compounded and sold under the name of *Parsons' Purgative Pills*. It appears from the published details of the treaty between France and Germany that the evacuation of French territory is still to be gradual, and will not be completed before the 1st March, 1875.

During the performance of a drama in Washington on Saturday night, an actor accidentally shot another actor in the head with the ramrod, which had been forgotten in the barrel. The wound was a dangerous one.

A day or two since a telegraphic despatch informed the amazed readers of the *Brooklyn Eagle* that a bridge in New Hampshire had been carried away by "a drove of hogs." The sentence should have read, "a drive of logs."

It is said that electricity has been employed successfully in the treatment of insane persons, by Dr. Arnt, of Berlin. A lady, fifty-seven years of age, suffering from insanity of a very bad type, was cured by him in a month.

A lawyer and a constable entering a car on the Savannah & Charleston Railway one day last week, and the car hastily rose and leaped from the train, which was running over a trestle bridge at the rate of twenty miles an hour. Lumbering on the Ottawa is being pushed forward vigorously at present. Mr. Holt sent up over sixty men from Ottawa City on Thursday morning last to assist in running the timber. There are now six rafts together at the head of Des Chenes Rapids.

Monday was the hottest day experienced in Toronto for several years. The *Globe* informs us that the maximum temperature in the shade, recorded by the thermometer at the Observatory, was 96° Fah., the mercury standing higher than it has done since the year 1867.

We copy the following from an exchange, which is important, if true:—"Chronic diarrhoea of long standing, also dysentery, and all similar complaints common in this season of the year, can be cured by the use of *Externally of Johnson's Anodyne Liniment* We know whereof we affirm."

Markham, July 4, 1872. 728-2

**In Chancery.**  
**IN THE MATTER OF WEST HALF**  
of lot number nine, in the fifth concession of the Township of Vaughan, in the County of York.  
Notice is hereby given that Walter Datzel, of the city of Toronto, in the County of York, yeoman, has made an application to the Court of Chancery for a certificate of title to the above mentioned property, under "the Act for Quietting Titles to Real Estate in Upper Canada," and has produced evidence whereby he claims to be the owner thereof in fee free from all incumbrances except a mortgage thereon, held by one John Lauder. Wherefore any other person having or pretending to have any title to or interest in the said land or any part thereof, is requested to appear before Monday, the twenty-seventh day of August, now next ensuing, to file a statement of his claim, verified by Affidavit at my Chambers, Osgeogo Hall, in the city of Toronto, and to serve a copy on Messrs. Crowder and Hill of the city of Toronto. Solicitors for Walter Datzel; and in default every such claim will be barred, and the title of the said Walter Datzel become absolute and indefeasible at law, and in equity subject only to the reservations mentioned in the 17th section of the said Act and therein numbered one, two, three and four, and the said mortgage.

Dated this 27th day of June, 1872.  
(Sgd.) T. W. TAYLOR,  
Referee of Titles
