It also was proved that whilst the taxes were collected from the opening of the bridge, there was no expenditure for some years; that such expenditure has not exceeded \$50 a year for the last eight years; whilst from 1855 to 1865, the assessed value of village property accessible only by way of this bridge was about \$50,000, from 1865 to present time, about \$100,000, which at seven mills in the dollar will yield for seventeen years \$8,400 paid to the funds of the municipality, whilst on the other hand the average expenditure of the municipality on the bridge and roads of Rose Park was \$50 annually or \$400. As to the bridge being cut of repair and dangerous, it was admitted by the defence. The witnesses for the Crown were Judge Duggan, Mr. Rowell, late Reeve, David Thompson, J. B. Davis, Jas. Henderson, and Edgar Jarvis. For the defence, Mr. Archer and Wickson. The astonished natives flocked out in crowds with defending shouts.
