RICHMOND HILL, NOVEMBER 1, 1872.

THE RESULT OF GRIT GOVERNMENT.

It must be fresh in the memory of all who take an interest in public matters, that ever since the Local Elections, in March, '71, the Globe persistently maintained that the Grits had a majority of members elected. When Parliament met they managed to defeat the Government by a majority of one, although all the constituencies were represented, they could not have had that. So much for the Globe's boasting. During the previous few years the Government had been charged with bribery, corruption, and all the sins in the political calendar. The electors were incessantly urged to hurl their power, and send men to Parliament who would inaugurate a new system of governing the country, based upon the principles of purity and truth. By the best means they succeeded in grasping the reins of power, and what has been the result? The first step the pure and honest Government has taken is to create a new office not recognized by the constitution, and is not recognized by the present Premier, the Christian politician, and other days. The next thing was to denounce the previous government on that very ground, thus tearing it at one of the principal planks of the Grit platform. Then McKellar has been brought in as an employee of the Government, and he is sent up to South Grey to bribe and intimidate the electors into electing a supporter, and the Globe turns round and supports a man for that purpose whom it had formerly charged with being unworthy of public confidence. Then the government of purity and truth not only votes against their own scheme for the distribution of the surplus, but actually carries out that of their predecessors, which they had so fiercely and violently denounced and opposed; and not only that but voted \$2,400,000 in addition to the \$1,500,000 which they had previously voted against. Then Mackenzie's isolated Risk Co. is voted a share of the public money; the Blake firm and the Crooks firm make out their fees for putting through private bills, and so on to the end of chapter No. 1. And now Blake and Mackenzie, afraid and ashamed to meet Parliament, and the Grit Party, they drag a Judge from the Bench, hoping thus to prop up the corrupt and rotten faction a little longer; and even now with the "Christian politician," ex-Vice-Chancellor Mowatt, as Premier, the Coalition system is perpetuated. McKellar is retained in the pure Government, with a grave charge hanging over him in connection with the Elgin Association Affair, his Proton antecedents, and his share in all the misdeeds of the Blake Government. What a record have they left behind them in ten short months. What a merry for them that they happen to be the creatures of George Brown and the Globe, for the time being. How otherwise would they have been denounced and held up to public scorn and contempt. And now Blake and Mackenzie are to be packed off to Ottawa to carry out their master's schemes there. Blake has served his purpose here, so far, and is dethroned; Mowatt has had the ermine dragged off and is pulled down to the slough of politics; the incubus thinks he will be more manageable than the high mettled Blake. Perhaps he thinks that having trained them so well to denounce others as corruptionists, and showing themselves such adepts in corruption, with such liberality in bribery, their prestige will be invincible. Well may the people pray, "Heaven forbid!" Well may they say, "What have we done that we should thus be afflicted?" Let them pray that this last act in dismantling the Bench will be the final one that forever puts an end to his evil machinations.

NARROW ESCAPE.

On Tuesday last our neighbour, Mr. William H. Myers, had occasion to visit a carpenter employed on the Church being erected in our town, and as he was coming out of the building, a plank was being lowered from the scaffolding on the spire, and it narrowly escaped coming on his head. It appears that the men engaged in taking down the scaffold dropped the plank some 35 feet, and it is supposed it had touched the ground, turned over and struck Mr. Myers, on the side of the head. He received two scalp wounds on the head and was otherwise severely bruised, being pitched some distance on a pile of bricks. Dr. Duncombe dressed the wounds, and Mr. Myers is now on a fair way to recovery.

MARKHAM COUNCIL.

The above council met at Size's hotel, Unionville, on Saturday the 26th inst. Members present: Jas. Robinson, Reeve; W. Eakin, Deputy Reeve; J. Horner and W. Milliken, Councillors. The Reeve in the chair. The minutes of last meeting were read and confirmed. Mr. Eakin, seconded by Mr. Horner, moved that the Treasurer be and is hereby authorized to pay the account of T. Speight & Sons amounting to \$340, for furnishing 240 feet of plank for bridge between Lots 10 and 11, in the 7th Con. Mr. Milliken, seconded by Mr. Eakin, moved that the sum of \$8 be paid to Mr. Weeden Admson by the Treasurer, for drawing plan and specification of bridge crossing the creek near the Presbyterian Church, Markham village. Mr. Milliken, seconded by Mr. Eakin, moved that the sum of \$8 be paid to Geo. Cook by the Treasurer, it being two-thirds of the amount of damage done to his sheep by a dog or dogs unknown, as testified on oath. Mr. Eakin, seconded by Mr. Milliken, moved that a certificate be granted to Wm. Size to obtain a transfer of license to keep the hotel known as the Royal Inn, Unionville. The Council adjourned, to meet on Saturday, the 30th November next.

THOSE WHO ARE ACQUAINTED WITH THE "DAILY BIBLE ILLUSTRATIONS,"

the "Cycloped of Biblical Literature," the "Pictorial Bible," and the "History of Palestine," by Dr. Kitto, will welcome the new and attractive publication, His "Illustrated History of the Bible," as bringing within reach of the reading public an interesting work for our young people, and a valuable help for our children in the Sabbath School. The narrative is concise, clear and attractive, as well as faithful. Here and in the notes we have, in simple language, the result of the latest and ripest scholarship. The maps, together with the accurate tables, and a copious index, make it an excellent work of reference for any one connected with the Sabbath School, either as teacher or pupil. It is profusely illustrated with the most popular engravings by Gustave Dore. Many will avail themselves of this opportunity to obtain an invaluable work for their children. A correspondent of the Toronto Leader, at Ottawa, reports that rumors are current at the capital to the effect that the Hon. Mr. Tilley is to become Finance Minister on the first of November; Hon. Dr. Tupper, Minister of Customs; Hon. Mr. Archibald, Secretary of State for the Province, and the Hon. Mr. Howe to be the next Lieut.-Governor of Nova Scotia. Messrs. Notman and Fraser, photographers, Toronto, have published two handsome cabinet photographs of Lord Dufferin, the Governor-General. They are well executed, and still further vouch for the above firm being the leading artists on the continent. New Music.—We have received a beautiful piece of music—a Canadian National hymn—entitled "Hail! Progress of the Dawn," composed by E. A. Muller, and the words are by Hitchinson.

INTERESTING TO EVERYBODY.

Dr. Kitto's Illustrated History of the Bible is now being circulated in this section, and according to the testimony of ministers and learned men everywhere this is the most valuable work ever issued in explanation of the scriptures, for so reasonable a price. Already more copies of this work have been sold than any other work ever published, except the Bible itself. About half a million copies having been sold in the old country it is now published in this, and about 300,000 copies have been ordered. Over 500 or each Bradford and Newmarket, and over 300 in Barrie.

Of over two hundred clergymen, that have been called on in Ontario, all have highly recommended the work, and each almost universally has ordered a copy for his own benefit and that of his children. The following are the opinions of our own ministers residing in Richmond Hill, and others:—

"I believe the works of Dr. Kitto are all of very great value to students of the Bible and especially this one. The 'History of the Bible' I regard as of great value in the family, as a work of reference on all subjects relating to Bible History."
—Rev. JOHN HUNT, Wesleyan Minister.
"I agree with the above statement."
—Rev. JAS. DICK, Presbyterian Minister.
"I can most conscientiously recommend any work by Dr. Kitto, whose prize is in all the churches, and can speak in high commendation of the work herein brought under notice."
—SEPTIMUS F. RAMSEY, M.A., Pastor, English Church, "Newmarket."
"I have great pleasure in recommending Dr. Kitto's 'Illustrated History of the Bible' to the Christian community. Every thing that has come from the pen of that distinguished author is worthy of the most careful perusal. The present work will be found the most useful of all his works for family reading; I would like to see a copy in every household."
—JAS. CARMECHAL, Minister, Scotch Church, King's.

PRESENTATION.

A very interesting affair came off at Patterson, on Thursday the 24th inst. Mr. I. L. Strong, who has had charge of the wood works—an important department in this large manufactory—and who was about taking his departure to commence business for himself in another part of Ontario, his associates took the opportunity to show their respect and appreciation of his many kindnesses, on the above evening, by presenting him with the following address, accompanied with a wallet well packed with the sinews of war. Mr. Strong, during a long series of years had endeared himself, by his affable manners, to every one who has been his fellow-workman, and this mark of their sympathy must remain through life a pleasing epoch of his stay at the Patterson works. Mr. Strong was also well respected in this village, and has gone with wishes of prosperity from every one. "Mr. I. L. Strong,--On behalf of myself and fellow-workmen, I take the present opportunity of expressing our deep regret at your approaching departure from among us, and while we cannot blame you for endeavouring to better your condition, still we feel that we are losing one that has always been to us as a friend and brother, and we feel that while you have always worked for the best interests of your employer, you have also endeavored as much as was in your power to make the duties of those under your control light and cheerful; and while we sincerely thank you for your very kind and gentlemanly conduct towards us during your stay among us, we hope and trust that you may succeed in the business in which you are about to engage, even beyond the fondest hopes of yourself and friends. We also thought that we would be very remiss in our duty toward you if we allowed you to leave this place without presenting you with some mark of our esteem, and in presenting you with this present we request that you will accept it, not for its intrinsic value but as a slight token of our respect and gratitude, and be assured that the best wishes of your fellow-workmen and associates at Patterson will be with you in your new field of labour."
Signed on behalf of the employees,
"Patterson, Oct. 24, '72."

"Dear friend,--On behalf of myself and fellow-workmen, I take the present opportunity of expressing our deep regret at your approaching departure from among us, and while we cannot blame you for endeavouring to better your condition, still we feel that we are losing one that has always been to us as a friend and brother, and we feel that while you have always worked for the best interests of your employer, you have also endeavored as much as was in your power to make the duties of those under your control light and cheerful; and while we sincerely thank you for your very kind and gentlemanly conduct towards us during your stay among us, we hope and trust that you may succeed in the business in which you are about to engage, even beyond the fondest hopes of yourself and friends. "To the Employees of the Patterson & Bro. Agricultural Works."
"GENTLEMEN AND FELLOW-WORKMEN.—I beg to return you my kind regards and warmest thanks for your ever valued respect and worthy esteem, as honored me in the form of this valuable presentation and beautiful address, tendered to my behalf and presence by one of your number Mr. Boothby, on my departure from Patterson; proving to me the ever valued respect and great reliance you have placed in me during my sojourn as one of your foremen for most fourteen years. Gentlemen and dear friends, I must say since my arrival and during my sojourn among you, I have always considered it my just duty when mingling with you in daily toil to try and make your labours as light and cheerful as possible, and speculative for our worthy employers, Messrs. Patterson & Brother; and never have I had any occasion to do otherwise. You have always, without exception, acted like gentlemen, and in a courteous manner faithfully performing your duties required, thus making the daily toil to each of us more a pleasure than a hardship. In looking about and seeing my many fellow-working associates, it recalls to memory the many happy hours we have mingled together in both pleasure and toil. It grieves me and it is with sorrow I part, but the duties of life must be honored. We are all ativing for a livelihood, and that in the most successful manner possible. This world is a world of changes, and as I depart from your joyful midst I feel happy to know I do so friendly and on brotherly terms, feeling confident that if I were to return to your friendly spirit of workingmen. We cannot expect to meet again in this world to either, we must be resigned to the will of the all overruling power of Providence, trying to be happy in whatever position our lot may cast us. Feeling as an old proverb quires, "Happy to meet, sorry to part, happy to meet again," dear fellow-workmen, allow me again to tender you my kind regards and sincere thanks for your friendly feelings and affection, and the address, which I will always hold dear to the memory of my many Patterson friends and associates, ever feeling it my duty to aid or assist any of you when ever possible or necessary, and should any of you visit me at my new home it is with welcome you will be greeted. Hoping that the blessing of God may continue to rain upon you, your beloved families or those of your care believe me to be as ever
"Yours truly and respectfully,
"J. L. STRONG.

BARBER SHOP.—Mr. Thos. Copeland,

of this town, has opened out a room adjoining his photograph gallery, for hair-cutting, shaving, &c. He will wait upon all customers on Tuesday and Saturday evenings of each week. The sum of ten cents will be charged for hair-cutting, and five cents for shaving.

We learn from Key West that the steamer Missouri,

which left New York for Havana and Nassau, Oct. 17th, was burned at sea, and sad to relate, that over eighty lives were lost—the captain and crew being among the number. Only twelve persons are said to have been saved.

The three eldest children of Earl Dufferin

arrived at Quebec by the steamer Prussian, on Tuesday last. A man who registered his name as A. Macdonald at a hotel in Boston, and who was found dead in his bed a few nights ago, was identified as a noted burglar of London, Canada. Two hotel keepers of Aurora met at New market on Tuesday last, and engaged in a savage fight. Their names are Janson and W. J. The former, who it is said, provoked the latter to fight, came out of the encounter badly used up. A deputation from Toronto and Hamilton, viz., Hon. J. B. Robinson, Senator Frank Smith, Mr. Geo. Laidlaw, Mr. Wm. McGiven, and Mr. J. C. Campbell had an interview with the Government at Ottawa on Saturday, and urged the importance of the construction of a railway from Thunder Bay to Fort Garry, to be a branch of the Canada Pacific Railway.

EXCELSIOR PUMP.

CHANGE OF BUSINESS.
THE EXCELSIOR PUMP IS NOW manufactured by Mr. Jacob Brillinger, Richmond Hill, who has purchased the business from Mr. P. Phillips, and is prepared to fill all orders promptly.
This Pump is Easiest Worked, Most Durable and Neatest Made in the Dominion.
It is so constructed with the castings of the hand as to make it all tight, thereby preventing children from putting anything into it. The Subscriber would respectfully announce that he is prepared to put in this Pump
On Trial for one Month!
And if accepted
WARRANTED TWO YEARS,
Or if they are not preferred to any other pump they may be returned, and the money will be refunded.
These pumps are available for all depths from a cistern to a well of 150 feet. They are not liable to get out of repair, being double-valved, and the joints are all turned in a lathe; consequently there is no leakage at the joints which is invariably the case with the common pump made by hand.
Price: \$5 above platform, and 40 cents per foot below.
Also manufactures a pump for cisterns and shallow wells. Price \$6, complete for cistern not exceeding 8 feet, Churn pumps for cisterns, \$3 each.
Well digging done on the shortest notice. Address, stating depth of well,
JACOB BRILLINGER,
