LAUGHTER - No one who has once heart ily and wholly laughed one be irrect simably and wholly had. How much lies in lau thter -the cipher bey wherewith we decipher the whole man. Some men wear an everlasting barren simper; in the smile of others lies a cold climmer as of ice; the fewest are able to laugh what can be called laughter but only sniff and snigger, and titter from the throat outwards, or at hest produce some whiffing cachinnation, as if they were laugh ing through wool; of none such comes good. The man who cannot lanch is not only fit for treasons, stratagems, and spoils, but his whole life is already a treason and a stratagem — Carlyle.

to be feared that the immunity with which a person could, at one period of our history, walk the streets of Toronto at any time of the night without fear of being either as sau'ted or robbed, must be reckoned among salited or rouned, must be reckoned among the things of the past. We have heen constantly hearing, of late, of once and defiant acts of rowdyism committed on some of our most public thoroughfares, which is truly alarming, and proves one of two things, that our police force is in-efficient, or not sufficiently strong in numbers to cope with the increase of rowdyism in our midst. It was only yesterday that we learned, that on Thursday night, about midnight, one of the holdest and most de termined attempts at robbers, and in murder also, took place in the very heart of the city. It appears that as Mr. Edward Griffith, of this city, was proceeding or Church street on his way homeward, he was attacked by three fellows who attempted to rob him. SECESSION OF A CHURCH OF ENGLAND CLEBOYMAN. - Excitement rather than sur prise has been produced at Taunton by the church of the Rev. J. Higgins to the Church of Rome. Mr. Higgins was ordened a deacon by the Bishop of Bath and Wells last Christmas, and licensed to one of the junior curacies of St. Mary Magdalene. Strong Raualistic views marked his partici pation in his services, and since his appoint uent to the chapel of ea e he has been re peatedly remonstrated with. In a letter t Prebendary Clark, he states that Dr. New man's work, "Difficulties felt by Anglicaus in Catholic Teaching," induced him to secede, and that he received his ordination "by an exercise of mental reservation of which your ideal Jesuit would be ashamed.
