News Items.

The body of a female was found floating on the Niagara river on Saturday, opposite Youngstown. It is supposed this is the unfortunate young woman who went over the falls on the 4th inst, in company with her betrothed, or her husband, and her little brother.

A sad case of suicide is reported from Belleville. Mr. James Ross, formerly Clerk of the Executive Council of Ontario and brother of the late Hon John Ross, took his own life on Saturday by cutting his throat with a razor. No cause is assigned for the rash act.

On the morning of the 18th June, the barque Concordia, bound from Quebec for Plymouth, England, with timber, was wrecked at Cape Grilla, N. F. The captain, mate, and three others were drowned and the remaining eleven sailors reached shore, and the second mate reached Halifax yesterday and reported the circumstance.

A dreadful series of storms have visited Cincinnati and neighbouring portions of Ohio, doing a great damage to the crops and impeding railway travel. The storm extended to Wisconsin and did much damage there. A pleasure boat on Green Lake in that state was struck by the tornado, the boat capsized and twenty persons were drowned.

Youngstown, O., is relapsing into the barbarities of the dark ages. The following pleasing circumstance is recorded by the *Indicator* of that town: "A lot of little Christian urchins caught a little Jew boy at the corner of Watt and Champion street, a few evenings since, tied him to a post, piled a lot of tinder wood about him, and were about to ignite it when they were discovered by some men and the little Jew rescued. The only reason assigned for their action and intentions by the Christian urchins was, that the Jews had crucified Christ."

A GENTLEMAN.—Show me a man who can quit the society of the young, and take pleasure in listening to the kindly voice of age; show me a man that is ever ready to pity and help the deformed; show us a man that covers the faults of others with a mantle of charity; show us a man that bows as politely and gives the street as freely to the poor sewing girl as to the millionaire; who values virtue, not clothes, who shuns the company of such as congregate at public places, to gaze at the fair sex, or make unkind remarks of the passing poor girl; show us a man who abhors the libertine; who scorns the ridiculer of his mother's sex; and the exposure of womanly reputation; show us the man who never forgets for an instant the delicacy and respect due a woman, as a woman, in any condition or class—and you show us a true gentleman.

DARING ROBBERY.—About half-past eight o'clock last Saturday evening, Mr J. W. Shaw, wholesale grocer, of Toronto, while in the act of getting off the steamer *City of Toronto*, which had just arrived at the Yonge Street wharf, felt a violent tug at his watch chain, and looking down saw a hand with his watch and chain leaving his waistcoat. He immediately secured the thief, and called out lustily for the police. P. C. Munro, who was then on wharf duty, on hearing the cry hastened to the spot and took the pickpocket into custody. The chain, which the man had retained in his grasp, was of course recovered, but the watch, notwithstanding a thorough search, was nowhere to be found, and it is supposed that it must have been slipped of the hook during the scuffle, and handed to an accomplice. The prisoner was taken to No. 1 station, where he informed the sergeant on duty that his name was John Cox, and that he was employed by Mr Walton, the builder. John Cox received an invitation to hold a conference with Mr McNabb, and was committed for trial.

Eighty children for Miss Rye's western home arrived at Niagara on Tuesday.

Mr Wm. Blankely, of Bradford, was accidentally drowned in the Holland river on Monday. He leaves a wife and child to mourn their sad loss.

The Rev. Mr. Ancient has received \$567.37, Canadian currency, from the Boston committee, with the request that he would keep one half himself, and divide the remainder among these most active in saving life from the wreck of the Atlantic.

We have some further particulars from the scene of the wreck of the *City of Washington*, 80 miles from Halifax. She was on her way from Liverpool, and had 28 cabin and 481 passengers. No lives were lost, and little or no excitement prevailed on board when the vessel struck the rocks.

The passengers are at present under tents, and suffer little inconvenience. They will be brought to Halifax and then forwarded to New York.

A TERRIBLE BATTLE.—A terrible encounter took place on Friday last, at Elston's in the township of McGillivray between two stallions, the "Comet" formerly of Richmond Hill, and "King George," which resulted in the death of the former. King George, owned by Thomas Simpson, McGillivray, is badly injured. Not being securely tied, he broke into Comet's stall, where a terrific struggle ensued. Comet, tied, was unable to defend himself properly; owing, however, to superior weight and strength, he completely overpowered the other, but in doing so he burst a blood vessel, causing instant death. Comet was a magnificent draft horse, light grey, has taken prizes at the Provincial Show. The owner, Charles Bean, of McGillivray, refused, a few days before, \$1,000 for him. Great sympathy is evinced for Bean, and a subscription list is out and almost \$200 already subscribed. The owner of King George is much blamed for leaving his horse insecurely tied. The noise and smashing of stalls during the fight baffles description.

BIRTH. HEISE.—On the 28th ult., at Falls City, Nebraska, the wife of Mr John Heise of a daughter.

DIED. McLEAN.—At Victoria Square, on Tuesday the 8th inst., of Croup and Diphtheria, Allan Martin McLean, son of Allan and Rachel McLean—aged 3 years, 1 month and 5 days.

Fellows' Compound SYRUP OF HYPOPHOSPHITES. As a life-giving tonic, whether they be Beasts, Birds, Reptiles, Insects or even Zoophytes, and subjects of the Vegetable Kingdom are governed by vital force, which binds all the springs of existence, and as nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is indeed a boon to the world.

Modern chemistry has ventilated the question and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are strengthened.

This, then, is substantially the basis on which FELLOW'S HYPOPHOSPHITES is built, its direct action is upon the Blood, the Brain and Nervous System, and the Muscles. Strengthening the nerves, it causes the rapid distribution of Fatted Blood in the Muscular Organs of the Body.

Restoring the sluggish Heart and Liver, strengthening the action of the Stomach and bowels and enabling the Lungs to be fully inflated with Oxygen.

It is adapted for all cases of Weakness and Emaciation, whether arising from sedentary life, a tropical climate, from fever or debility from any cause, and is efficacious in Pulmonary Consumption, many confirmed cases having been cured in all latitudes, where its use has been continued over a fortnight.

In Bronchitis it is specific, and in Asthma it gives relief where every other remedy fails. For Nervous Debility it stands unrivalled, and may be used with confidence in all cases.

As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for FELLOW'S SYRUP, and take no other.

SOLD BY APOTHECARIES, Price, \$1 00; Six for \$7 50. JAMES I. FELLOWS, Chemist, St. John, N. B.

Caution!! Caution!!! TO THE PUBLIC OF THE BRITISH PROVINCES OF NORTH AMERICA. I beg most respectfully to acquaint the public of the British North American provinces that in May, 1871, I caused the business at 80 Maiden Lane, New York, for the sale of Holloway's Pills and Ointment, which were sold at that time prepared by William Brown, now deceased, to be closed. I regret to say that I have reason to know that the management of late business had for some years, and in many cases, been most corruptly conducted, and that the Pills and Ointment were not prepared with the care I have always desired.

Those who do not wish to be deceived by having spurious medicines, which are now being sold in every part of the world, may be assured that the name of the genuine Holloway's Pills and Ointment, manufactured by me in London, England, will do well to see that each pot and box bears the British Government stamp on which is engraved the words "HOLLOWAY'S PILLS AND OINTMENT," and that the address on the label is 55 OXFORD STREET, LONDON, where only they are manufactured, and in no other part of the world.

The retail prices are in the labels in British currency, and not in dollars and cents. No representative of mine will ever travel through any part of the British Provinces, the United States, either to sell, or to take orders for my Pills and Ointment, and I have reason to believe that attempts will be made to remunerate very handsomely any person who may give such information, the informant's name never being divulged.

Should any person have reason to believe that he has been deceived by having spurious imitations of these Medicines, he will do well to send me, in a letter to the address at foot (which he can do at a cost of six cents in postage), one of the boxes of instructions which is affixed to the same. I promise to examine it and send a reply, stating whether the Medicines are genuine or not, so that if spurious he may apply to the person from whom he purchased them to have his money refunded.

Chemists and Druggists who desire to obtain the Medicines can be supplied at the lowest wholesale prices in quantities of not less than \$20 worth—viz., \$6, \$8, and \$22, and 24s., per dozen boxes of Pills or pots of Ointment, nett, without discount, for which remittance must be sent in full advance. I have the honor to be, With great respect, THOMAS HOLLOWAY, 553, Oxford Street (late 241, Strand), London, W. C., Sept. 1 1871. 657-6m
