RICHMOND HILL, AUG. 22, 1873.

## OUR VILLAGE COUNCIL AND THE HIGH SCHOOL BUILDING.

In the minutes of the regular meeting of our village Council, published in the last issue of the HERALD, there is a motion carried authorizing "the Reeve and Councillor Hopkins to be a committee to take legal advice of Messrs. Harrison, Osler and Moss, on the "High School question." We do hope the committee have given this matter their best attention, and brought the subject clearly before the eminent law firm we have named; and that they (the committee) will be fully prepared to report the result at the meeting of Council on Monday evening next. The public cannot afford to have any trifling or delay in this matter, as the ratepayers simply want to know whether or not the debt due on the High School can be lawfully levied on the village;—if the village must pay the demand by the High School Board, and the old High School District is not liable to be assessed for building purposes, we want to know the truth at once, and make arrangements accordingly. We trust that the members of the Council will meet this difficulty like men of business at once, and not show signs of weakness in the knees. They are not to blame for incurring the debt; it is on the shoulders of the Board of Trustees that that responsibility should rest, and they are chiefly outsiders—who will not have to pay any portion of the Tax. But if the law is so that we are in for it—let us know it at once, and have no further law costs; we will pay off the debt and whine no more about it.

## THE UNBIASSED JUDGE.

The speech which the Governor-General made at Halifax places him in a new light before the Canadian public, and reveals him as having qualities of high statesmanship which will endear him still more to the people. He takes the broad ground that by the necessity of his office he is to stand firm and certainly outside of our Party Politics. In dealing with our public men, he is not to enquire their present likes or dislikes, and, as a matter of fact, he has not hitherto stopped to reflect to what side they belong. He conceives that he has to bear the same relation to our parties which the Queen maintains as to parties in England. He has too that there is no use in trying to force his hand by outside pressure, or by appeals to his feelings, as he is determined to remain unmoved. He recognizes no rule of public opinion except the suffrage of the people themselves, and this suffrage he maintains is represented by Parliament, and Parliament is guided by the Ministry—for in the nature of Constitutional Government, the Ministry must have a working majority in Parliament. Hence in the final result he has no advisers but the Cabinet, and it is through them that he is expected to rule the country. When one Ministry is replaced by another it is no business of his to judge of it by his view of politics or by his personal estimation of the character of the men.—He has to listen to all their counsel and support their legislation so long as it does not violently clash with the fundamental laws of the Empire.—It is gratifying to hear the Chief Magistrate assuring the people that he has a thorough appreciation of his position, and that he is resolved to stand by it,—it is no less gratifying to us that in progressing parliament the Governor-General meets with the approbation of the Markham Economist. Last week it says:—"It is evident that he intends to do what he believes to be for the best interests of the people, constitutionally and fearlessly, irrespective of party influence. This is as it should be." Since parliament has been prorogued a Commission has been appointed of three Judges to try this Pacific Slander, two being from Quebec and one from Ontario, who will hear evidence and report to Parliament—the peoples representatives being the final adjudicators in the matter. We take it that this ought to satisfy all reasonable persons that justice and fair-play will be done by all parties. The sooner it is over the better, as the business of the country is suffering and the characters of our ablest public men are blackened day after day by the Grit press, who glad of such opportunities of showing their malice and venom against men as far superior to the heroes of the "Proton Outrage" as the heavens are above the earth.

**RAILWAY EXTENSION.**—The Northern Railway Company are rapidly extending their branches into the Muskoka District. We find that on and after Monday last, there will be a direct through passenger and freight connection between Toronto and Washago, twelve or thirteen miles beyond Orillia. This will be a great convenience to tourists and others.

## VAUGHAN COUNCIL.

The Municipal Council of the Township of Vaughan met at the Town Hall, on Tuesday, the 12th inst., at 10 a.m. The Reeve in the chair.

Members present: Messrs. Webster, Porter, Reaman and McQuarrie.  
The minutes of last meeting read and approved.  
The following petitions were presented: From Mason Cogswell and 16 others, asking the Council to pay the funeral expenses of the late Mrs. Greene, also from Thomas Wallace and 39 others, asking the Council to have the 8th Con. line opened out from the town-line to lot No. 5.

An application from the Trustees of School Section No. 12, to borrow \$400 was presented to the Council.  
Mr. Reaman moved, seconded by Mr. Webster, that the Treasurer be and is hereby authorized to pay to John Cook the sum of \$6.00 for furnishing a coffin for the burial of Mrs. Greene.

Mr. Webster, seconded by Mr. Reaman, moves that the Clerk do notify the Commissioners of district No. 2, to examine the 8th concession line from lot No. 5 to the town line, and report to this Council at the next meeting as to the practicability of making a road and the expenses of the same.

Mr. McQuarrie, seconded by Mr. Porter, moves that the Treasurer be and is hereby authorized to pay to Richard Brown the sum of \$14.62, being for plank furnished in district No. 2 for bridges, as certified to by the Commissioners of that district.

Mr. Webster, seconded by Mr. Reaman, moves that Mr. Topper be and is hereby appointed pathmaster in place of Mr. Scales, in road beat No. 43, on account of Mr. Scales failing to act.

By-law No. 291 was then passed loaning \$100 to S. S. No. 12, also by-law No. 292, authorizing the assessment of different S. S. for School purposes.

The Council then adjourned until Tuesday the 9th day of September next, to meet at 10 A. M.

## PRESENTATION.

A very pleasant presentation took place at Mr. Arnold's residence on the 5th inst., on the occasion of Miss Arnold's marriage, which necessitated her removal from this neighborhood, and consequently her resignation of the position of organist in Trinity Church, Thornhill, which position she had faithfully filled for the past five years. The deputation consisted of a number of the members of that church, at Thornhill, they waited on Miss Arnold, and presented her with a massive silver tea service and read the following address:—

"My Dear Miss Arnold, In the name and on the behalf of the congregation of Trinity Church, Thornhill, I beg to present you with the accompanying gift. During a period of five years, and under circumstances requiring much effort and endurance on your part, you have faithfully and efficiently performed the duty of organist; and have aided materially in sustaining that service of praise which is so delightful a feature in our public worship, your constant labours and the manner in which they have been performed, having secured for you the respect and esteem of the entire community; under these feelings your numerous friends have sought to secure some slight token, which, though far below their wishes, may serve at least to perpetuate the remembrance of that happy intercourse which has for so long a period existed without interruption. Be pleased to accept therefore, with kindest regards, this offering; and that God's blessing may follow you into your new sphere of life; and that the many kind wishes formed with respect to you on this auspicious occasion may be abundantly realized in the fervent prayer of those friends who now bid you an affectionate farewell."

Signed, ROBERT SHANKLIN, Rector.

REPLY.  
To the Rev. Robert Shanklin, Rector, and the members of the congregation of Trinity Church, Thornhill.  
You can easily imagine the mingled feelings of pleasure and surprise with which I received your kind address and very hand some present. In lending my assistance to sustain the "holy chant and psalm" of our sublime service in your church, I felt I was simply performing a duty to Him whom I wish to serve with the best talents I have. If those services have been rendered in any way acceptable, it has no doubt been owing to your kind co-operation, it is a great satisfaction to remember that our intercourse as members of a church choir, was so harmonious, and that nothing ever occurred to disturb that harmony. I thank you most sincerely for your kind wishes on the present occasion, to me it is one of the most important events of my life. I am only now realizing how sad it is to part with the friends of my youth and all the associations of a beloved home, believe me I shall always treasure the beautiful silver service with which you have now presented me, though I did not need anything to make me remember my kind and valued friends of Thornhill, and it is indeed most hard to say hat word, FAREWELL.  
Richmond Hill, August 5th, 1873.

**ANNUAL PIC-NIC.**—We again remind our readers that a Pic-nic will be held on Wednesday next, in Mr. Seager's grove, near Thornhill, in aid of the Roman Catholic Church Mission in this neighborhood. A Quadrille band will be present to enliven the proceedings. To those who have been working hard in the harvest field or the shop during the past two months we do not know of a better way to have relaxation than what a picnic provides—an entertainment where all can be jolly, particularly so is it the case with this annual affair at Thornhill, and there are lots of accommodation for those who wish to attend.

The Village Council meets on Monday next, the 26th inst.

The Provincial Exhibition will be held at London, on the 22nd, 23rd, 24th, 25th and 26th of September next.

**PIC-NIC.**—We learn that the teachers of the Wesleyan and Presbyterian Sabbath Schools of our town, held a meeting a few evenings ago and decided to hold their annual picnic on Thursday next, in Mr. Warren's grove. Great preparations are being made and if the weather should prove favorable a good time may be expected.

**NARROW ESCAPE.**—On Friday evening last, about 9 o'clock, as the Rev. Mr. Dick was returning from some pastoral duties he had been attending to at Patterson, his buggy wheels run over or rather on to a cow lying on the sidewalk. The result was an upset. Mr. Dick, although suffering at the same time from a nervous disease, escaped without injury, and we are glad to say he was able to fill his ministerial duties on Sabbath last.

**IMPORTATION OF STOCK.**—We have great pleasure in giving to our readers the following list of stock, imported by the Hon. C. J. Douglass, of Oak Ridge, in the steamship Memphis, Dominion Line. No. 1, Gleanor, brown horse, 5 years old, weighs 1,850 lbs., 17 hands high, by Lofly, dam by Thumper great action and ambition took the first prize 1872, at Carmichael show, is a splendid stock-getter. No. 2, Pleasant Boy, bay, 4 years old 16 hands 1 in. high, by Lord Clyde, dam Garibaldi, thick horse, wide and clean boned, fine action, would suit any country. No. 3, Highland Chief, bay, 3 years old, 16 hands 3 in. high, weighs 2,000 lbs. by Sargs Jock, dam by Sir Walter, very thick, horse lengthy, has splendid action, peculiarly level and handsome, is supposed to be the best three year old ever imported, took first prize as a yearling at Johnstone Show, and 3rd prize as a two-year old at Glasgow, and received the £60 prize given by the Midcalder Agricultural Society to travel their district. No. 4, Stanley, bay horse, 1 year old, 15 hands 2 in. high, big boned and a beautiful bay, by Farmers Faney, dam by Campsie, took 2nd prize at Biggar in a class of sixteen competitors. No. 5, Dr. Livingston, bay colt, one year old, 15 hands 1 in. in height, by Rantin Robin, dam Rosie, the property of Mr. Buchanan. This colt has been shown five times this year and has never been beaten. The enterprise Mr. Douglass has shown this, as well as in other seasons deserves the highest commendation from all interested in the improvement of the stock of our country.—Leader.

## NEW LITERATURE.

**BALLOON'S MAGAZINE FOR SEPTEMBER.**—Published by Thomas & Talbot, 36 Bromfield Street, Boston.  
This Magazine, a universal favorite with all classes of society, rich and poor, is issued for September, and a rare number it is brim full of genuine matter such as interests all readers. It has a nice wholeness of storytelling of adventure in the arctic regions (which was crowded out of the August number), and a well written sketch about newspaper reporters contributed by one of that useful profession, the celebrated M. Quad of the Detroit Free Press, a most interesting young writer. In addition to all this is a well-prepared paper on Brazil, several beautiful stories, an extra good supply of poetry, and among the latter is a poem by Miss Mosby of Virginia, a near relation of the celebrated Colonel Mosby of guerrilla fame, and the usual illustrations and comic cuts. All the book numbers from January supplied by the publishers.

## News Items.

Eight hundred temperance people have petitioned the London City Council for continued vigilance in enforcing the Liquor Laws.

General Desgard is going to introduce "fireless locomotives on the street cars in New Orleans.

The washerwomen of Hillsboro, are on a strike, demanding seventy cents a day for washing, and three meals, with unlimited beer.

A Cincinnati paper states that the finding of a small gold nugget in a piece of coal, meant explains the mysterious disappearance of a "crazy" lady of that city.

CHISTON, Aug. 15—This morning about 3:30, a fire broke out in the rear of Mrs. Chas. Cruickshank's boot and shoe store, which spread rapidly in both directions until the whole block was consumed. The block consisted of Mr. Glass' dwelling house, C. Cruickshank's boot and shoe store and dwelling, Mr. Fowler's watch and clock shop and dwelling, Mr. W. H. Simpson, millinery shop, Mr. J. H. Combe, drug store; dwelling house owned by Isaac Ratterbury. Also a large frame barn. The fire engine was soon on hand, but owing to something going wrong with the hose it was unfit for use for a short time, but after a few minutes was all right and at work. The men worked hard to save the next block which they did, but it got a pretty good scorching. The loss is supposed to be about \$8,000 or \$9,000; insurance about \$5,000.

**A FEARFUL DESCENT.**—Two young men, named Nelson Whitmarsh and Patrick Congan, employed in a coal shaft at LaSalle, were precipitated from the top to the bottom of the shaft last Friday. They had stepped upon the cage to descend, after having the signal all right, when the drum, around which the cable runs, and which at the time was somehow disconnected from the other machinery, began to rapidly revolve, and they knew instantly that they were riding to a perhaps most horrible death. They struck the bottom, a distance of 253 feet, and breaking through the three inch plank, were plunged into the sump which contained at the time about ten feet of water. Wonderful to relate neither of them were killed, but coming to the surface they, clambered up on the boards. The car, which was ascending at the same time they were going down, came toward the surface with awful momentum, and tore through the foils and wrecked nearly everything in the immediate vicinity. Assistance was immediately sent below, and the injured men brought to the surface, where a vast crowd of people had already assembled. Strange as it may appear it was found that though both men were terribly bruised no bones were broken, and at last accounts they were doing well and in a fair way to recover.—*Weekly, (Ill.), Transcript, August 6.*

The paper with the largest circulation just now is "the fly paper."

It is not often that a powder mill is blown up by lightning, but an accident of that kind recently occurred at the Black Beck works near Ulverston, England. In the course of a violent storm a bolt struck the corner house, and exploded causing great damage, but fortunately no loss of life—all work having ceased for the day, and the men having left the factory.

At the Heckmondwich School Board the other day the Finance Committee recommended that a ladies' committee be appointed to assist in the management of the new school board. The chairman observed that the question was a difficult one, and he thought the best thing the board could do would be to appoint their wives. He accordingly moved a resolution to this effect and Mr. Wood having seconded it, the resolution was carried unanimously.

European newspapers have been discussing the question how it happens that the Germans, who, during the war, appeared to be indefatigable walkers, have made only about sixteen miles a day on their way home from France, and seemed to suffer a great deal from heat. In one day a column of two thousand Bavarians lost eight men from sunstroke, while thirty-two men fell seriously ill and had to be left behind in the hospital. The dead were buried at Sedan. It is reported that the German troops are returning home heavily laden with plunder of all descriptions, and this may account for the slowness of their movements.

A Pennsylvania lady has a most romantic and ingenious way of managing the gentleman so happy as to be her husband. Exasperated by her persistent conversation, he ungalantly boxed her ears, the other day. The wretched woman cast but one lingering reproachful glance upon her lord and fled, simply observing as she departed that the brain-deep should wash away the insult. Leaving behind her everything most dear and precious to her—the home of her married life full of beautiful and cherished memories—this heart-broken woman rushed frantically to the canal and with one parting sigh, threw in a large stone, which made a mighty splash. Then she went and hid herself in the bushes and giggled, while her husband and twenty other men hurried up with horror depicted upon their countenances, and wildly dugged the canal for her body. When the injured wife became convinced that the wretch had suffered enough, she appeared from behind the bushes and led him home, a resigned and willing victim.

**DIED.**  
HARRISON.—At Richmond Hill, on the 19th inst., Charles, infant son of Mr. William Harrison—aged 6 months.

APPLETON.—At Musselman's Lake, 9th Con. Whitechurch, on Thursday the 14th inst., Emily, the beloved wife of Mr. Charles Appleton—aged 53 years and 4 months.
