He is, like Rip Van Winkle, in a strange, new land, with strange, new people, whose habits he is not accustomed to and which do not agree with him. He has no one to talk to, no one to agree or disagree with him; everybody is busy but himself, and he must fall back on kettle-drums, sewing cireles, or some chronic idler, for society.

His womenkind are astonished; the bright. genial, pleasant, good-natured husband and father, who was to have been always ready to take them to ride, visit, or attend places of public entertainment, has become the crabbed, morose old curmudgeon, or a snapping. snarling animal whom they are glad to let alone or get out of the way from.

Instead of going to bed with regularity and enjoying a sleep broken only by his own sonorous breathings, writer of this remembers, as a youth of he takes naps in the middle of the ten years, accompanying a widow lady day and kicks around all night. His when calling to solicit Lord Brougham's wife begins to doubt his sanity, and influence to procure for her son some his relatives tell of some mysterious kind of an appointment, probably in the and hithertoo unknown progenitor, who fell heir to a fortune and committed suicide immediately afterwards. Steady, exacting work is the moral delirious with blang, addressing a security of most men, and idleness, trembling menial of his harem, could just as surely, physical, mental, and moral deterioration,

Nor can men be trusted to determine when and how they shall bestow their labor. It is among the infinite blessings that circumstances decide this for us, and exact patient, steady, unremitting toil and routine as the price of success. Nor is there much reason to anticipate a long and compulsory inactivity as the close of an active and well-spent life. Where all the faculties have been kept in exercise, yet none subject to violent abuse, the close of sarily be damp. Among the indislife usually comes with the cessation of work; the human life going out like brightest and best.

#### Words of Caution.

The woman's temperance movement which is sweeping over the West promises to extend its influence to the Middle and Eastern States, and may yet result in as general a manifestation of concern in regard to the evils of intemperance as that brought about by the Washingtonian movement of thirty

The greatest danger to be apprehendof some of the ladies or their advisers may lead them into the adoption of illcause of temperance. Demonstrations which should cause laughter and derision instead of respect would seriousl weaken the effect of the war on drunk enness waged by more judicious advo eates of sobriety, and might materially change the current of popular opinion, which is now decidedly in favor of all legitimate efforts to curtail the evils of

It should be a subject of careful consideration with the friends of temperance whether such demonstrations as have proved, for the time at least, successful in closing dram shops in rural communities, in which the opposing parties are neighbours and acquaintances, and the friends of temperance subjects of their progress and solicita this hinged her awkward mistake. tions. It would be unfortunate if a movement which, properly directed, her preparations for church, and just or sisters. Carefully clean the mud exercise good judgement in its management.

These words of caution seem appropriate after reading the sanguine pre- note precisely what the horrid Smiths turn to speak. Never reserve your predictions uttered uttered at some of were wearing, although she was certhe temporance prayer meetings in this tain sure they had on the same clothes city. One worthy brother who is they were in the summer, when the Let your first, last and best confidant actively engaged in organizing forces pastor gave out his lesson, for it was be your mother. for the work against the whiskey shops an Episcopal Church. She reached expects to close at least 4,000 saloons in front of her for the prayer book with 3,000 praying women whom he and made an effort to open it, but beannounces as ready to join him, and to ing near-sighted, turned it over two find work for the bar-keepers and their employers on the boulevards and in the municipal offices. Now it would be a very inspiring sight to see an army of several thousand spruce bar-keepers with their hair parted carefully in the middle behind, and their moustaches book. Horror of horrors! the Smith's, twisted within an inch of their lives, lay down their toddy sticks and march in solid column out to the boulevards to struggle with the pickage and spade. It would be a wonderful sight to see the heads of the city departments pushing their clerks from their stools to make room for rumsellers. But we do not expect to witness either of these spectacles just at present.

In reformatory movements as well as in business affairs the exercise of common sense is eminently desirable.-New York Sun.

Nothing is so prejudicial to health which the sun never enters is unfit station is now nearly completed for millions of dollars. for occupancy, since it must necespensable requisites of a healthful dwelling are, that it shall be absolutely of the round house, and forming a sun after having run its course, and its free from damp; because a damp last efforts being not unfrequently its house is a most potent, active, and ever-present cause of disease, especially of rheumatism, neuralgia, colds, coughs, consumption, and such like. The site, therefore, if not naturally dry, must be rendered so by means of asphalt or cement, throughout the foundation, and the roof, and gutters, and drainage must be perfect. All the house-drains should terminate outside the house on an open grid or trap; that is, they should be ventilated by having a pipe run up from every soll-pipe and every bend in the house. And, second, that the house shall be so placed that the direct rays of the sun shall have free admission hended by those who are in sympathy into the living apartments; because with the women is that the enthusiasm the sun's rays impart a healthy and invigorating quality to the air, and stimulate the vitality of human being, judged measures against the liquor as they do those of plants, and with-

# A Provoking Prayer-Book

Mrs. Prime, when her only son Peter went into the navy, in the hopes that there would be a war with China received as a parting gift a neat little music box which he had purchased at Pallard's, in New York, for the sum of ten dollars. The box was a great source of comfort to that estimable lady, and she would sit by the hour to hear it play its old-fashioned tunes, such as "Pop goes the Weasel," "Dandy Jim of Carolino," and "Lucy Long," the very good old favorites very seldom heard in these modern days when style seems to be of more and the most influential families in account than harmony. Mrs. Prime such neighbourhoods, would be likely prized the gift so highly that she gave to prove equally effectual in cities like it a place on the centre table with her New York, where noisy crowds are devotional books, and, in fact, she had collected on the slightest provocation, a devotion for that music box in memand where the "praying bands" would ory of the departed son. Mrs. Prime be composed of utter strangers to the was somewhat near-sighted, and upon ask why you should or should not do ment there is for any person to exile

should be brought to an inglorious end she ran into the parlor, snatched up the house. Be prompt at every meal through the failure of its leaders to the prayer-book and almost ran to the hour. Nover sit down at the table church, having a holy horror of being or in the parlor with dirty hands or late. She soon arrived at her desti tumbled hair. Never interrupt any nation, and had hardly had time to conversation, but wait patiently your or three times, when it finally flew open, and as the pastor commenced swallowed a milkmaid. on the second line, something within began to play "Wait for the Wagon."
