Riel in Ottawa.

OTTAWA, March 30 .- Riel was sworn in this afternoon as a member of the House of Commons, by Mr Patrick, Clork of the House. His name stands on the roll just before that of Messrs Moss and Currier, who were sworn in also. that the Government had allowed this so excitement prevailed. A company of P. G. SAVAGE the Foot Guards were ordered out, who mounted guard over their armoury, while another detachment of them und arms were kept in the Parilment Build-

ings, were they could not be seen.

The galleries to night are thronged. and the greatest curiosity is displayed as to whether Riel will venture to take his seat or not. Citizens who have hitherto been strong supporters of the Reform Cile, Government, are indignant that Riel should have been sworn in with the consent of the Premier and the men who, a short time ago, called so loudly for his Flour and Feed kept constantly on hand. blood. It is generally believed that Riel is at present, and has been all the after noon, somewhere in the building: and even at present in one of the gal eries in elsewhere.

A bold thief entered the branch of the Royal Canadian Bank in Hamilton, on Mon day and very adroitly stole the sum of \$4,000, with which he made his escape unobserved. No clue to his whereabouts has been obtained.

A fresh dispute has arisen between Eng land and Turkey in Lahej, the Turkish troops having taken a person prisoner who was under English protection. England asks for his immediate release, but up to the present this request has not been complied with. An amicable solution of the difficulty is expected shortly.

The above Council met at the Town Hall on Tuesday, the 10th cit., at 10 a.m. The Reeve in the chair. Members present—Messrs Wallace and Ellerby.

The minutes of last meeting were read and confirmed.

It appears not to be generally known that the Duke of Edinburgh and his wife are both descended in some degree from the Stuarts. Nicholas, czar of Russia, married Charlotte, eldest daughter of the Prussian King William Frederick III, who was descended from Frederick William I, and his confirmed. The minutes of last meeting were read and confirmed.

The Reeve read a communication from the Reeve of York Township in reference to the distribution of the Municipal Loan Fund. Also a communication from the council of the village of Richmond Hill, in of Russia there is a blending of the blood of reference to the settlement of the assets or the Stuarts with that of the Hohenzollerns liabilities of the Figure 1.

BOGUS MEDICINES.

Horloway's bills and OINTMENT.

I HAVE for a considerable time past considered it to be my duty to advertise the public of the British Notth American Provinces against buying from unprincipled dealers medicines emanating from New York, and sold as my Holloway's Pills and Cintment." in which RICHMOND HILL LIVERY much ingenuity has been displayed in passing them off as of my make. It is very difficult

much ingenuity has been displayed in passing them off as of my make. It is very difficult indeed to attempt to enumerate the many devices to which the parties have had resource, They say, amongst other things, that a new label has been adopted by them, and with bare-faced effrontery caution the public against being deceived by spurious imitations.

A poor man by the fame of Holloway is employed by the so-called Chemical Company in New York, who lends his name for a small weekly sum. The medicines sold by this company are palmed off upon the public as my "Holloway's fills and Olntment," so that were they to injure half the community no discredit would fall apon the fabricators of these compounds, but would considerably damage the reputation of my make.

As it is not at all necessary for this Crew to incur any expense in the sale of their productions, or to a very limited exent (trading as they do upon my name), they are in a position to offer them at a very low price in Canada, where they are purchased by a few Wholesale Houses that I can name, and will name hereafter, if they continue to vend the same
