The York Herald.

RICHMOND HILL, June 19, 1874.

Prince Arthur, now in his 25th year on Monday night the 9th inst., for the first time took his seat in the House of Lords, under his recently conferred title of the Duke of Connaught, and it appears, according to the cable dispatch, he took a share in the proceedings of the House.

FIRE COMPANY.—We are requested by Mr. Trench, the fire Marshall, to call a public meeting of the inhabitants for Monday evening next, in the Court Room, at 8 p. m. Matters very important to the owners of house property in the village, will be laid before them. All ought to attend, so that they may be prepared to oppose any attempt to squander the hard earned dollars of the working man.

An enormous stride has been made towards the union of Presbyterians within the Dominion of Canada. A preamble has been framed distinctly recognizing the headship of Christ in a manner to which it is thought none of the bodies can take exception, and yet which permits of no doubt of its meaning. The only two difficulties of any magnitude remaining are the Temperance Fund and the College questions; and if as much progress is made within the next year there will remain no bar to the union.

A message received by telegram from London, a few days ago, states that the Pope has issued a mandate convokeing the Synod of Dublin, for the purpose of considering the condition of the Catholics in Ireland. This action, it is needless to say, has caused great excitement throughout the United Kingdom. It is a step which may lead in the present temper and attitude of British political parties to results not dissimilar to those now produced in Prussia. It will at once be perceived that this is a matter of not merely national but international importance.

MECHANICS' INSTITUTE.—A debate on the subject "The tongue has more influence than the pen" took place, according to notice, last Tuesday evening. The chairman decided in favor of the affirmative. Another debate has been arranged to take place on Tuesday evening, the 30th inst., subject: "The fear of punishment has more effect on human conduct than the hope of reward." The affirmative will be led by Mr. G. B. Newberry, the negative by Mr. C. Hollingshead. Chairman, Mr. John Brown. The public are invited.

"Sufficient is now known to warrant the assertion that rarely has the spring crops looked so flourishing; and unless some untoward circumstances should intervene next harvest will be the largest known in this country. Reports are, however, received of the appearance of the Colorado beetle, the great destroyer of the potato; of the chinch bug, the pest of small grain; and of the grasshopper, the scourge of the North-West. Fruit will be exceptionally abundant this year throughout the country; but as it will be impossible to send the large quantities to market, strenuous efforts will require to be made to can or otherwise preserve the bounteous crop.

THE BAND CONCERT.—On Wednesday evening last, our Village Band, assisted by that of Patterson, gave a concert of vocal and instrumental music, in the Masonic Hall. The room was well filled by the inhabitants of the town and neighborhood. The combination band showed wonderful proficiency in rendering their selections. The vocal performers did, as usual, exceedingly well and the string band, composed of Miss Velie, Mr. Andrew Spalding, Mr. Alex. Laird and Mr. J. Wellwood, was, according to the plaudits of the audience, superior to anything given in this neighborhood for a long time. Altogether it was a success. The following was the programme of the evening:—
Ella, Re, Quickstep, Band; Instrumental, Whispers of Love, Miss E. Hewison; Chorus, Moon on the Leaf, Miss Kaffer; Instrumental, String Band; Vocal Duet, Music at Night-fall, Misses Campbell & Kaffer; Duet, The Fishers, Miss Velie & Mr. T. S. Savage; Song, Miss Maggie Sanderson; Partant Pour La Syrie, Quickstep, Band; Our Native Land, Quickstep, Band; Reading, R. Coulter; Instrumental Duet, On the Blue Danube, The Misses Sanderson; Instrumental, String Band; Song, Stay Angry Tide, Miss Sanderson; Chorus, Danube River, Miss Kaffer; Drama, Tobias Turniprot in Court, interspersed with many local hits, Young Men.

EXAMINATIONS.—The half yearly examinations of our schools will be held in the High School on Friday the 26th inst., and in the Public Schools on Monday and Tuesday, the 29th and 30th. The examinations of candidates for entering the High School, will take place on Monday and Tuesday, the 29th and 30th, commencing each day at 9 o'clock.

SOCIAL PICNIC.—The proceeds of the social held in Mr. Powell's grounds, on the 9th inst., were \$51.50, which, added to the generous gift of Mr. & Mrs. Wm. Cook, who were unable to be present, amounted to the handsome sum of \$71.50. It was pleasing to witness the good feeling which exists in this village, and denunciations going on the occasion, with hearty good will. Our young band, under the able leadership of Mr. Andrew Spalding, added not a little to the pleasure of old and young.

Mr. Moody, merchant, of our village, advertises the arrival of new and fashionable goods. He sells at reasonable prices and buyers will find him courteous and attentive.

LACROSSE MATCH.—An exciting game of lacrosse will take place on the Richmond Hill lacrosse grounds, on Monday next, the 22nd inst., between the "Fearless" club of Bradford, and the "Star" club of this village. A grand time is expected. Admission to the ground 10 cents, ladies free.

ENTERTAINMENT.—An entertainment will be given under the auspices of Thornhill Temple, No. 421, I. O. of G. T., in Victoria Hall, Thornhill, on Monday evening, the 22nd inst. The programme will consist of readings, recitations, solos, duets, &c. Tickets, 15 cents. Doors open at 7:30; to commence at 8.

HIS REWARD.—It is reported that Mr. Cunningham, the representative for Markham in the General Legislature, has been appointed Stipendiary Magistrate for the North West Territory. This is doubtless an equivalent for the nineteen hundred dollars which he said his election cost him, and will probably set the "poor man" again on his "piss." The country is to be congratulated on the retirement of this "poor man" from the Legislature, but the North West is to be pitied for having the impetuous thrust on it as a Stipendiary Magistrate.

POSTPONEMENT OF TEMPERANCE PICNIC.—The Temperance festival advertised to be held on the 17th inst., is postponed until July 1st, on account of the unpropitious state of the weather caused by the abundant supply of rain on Tuesday afternoon, which was much needed for the hay and spring crops in this section. Dominion Day has been selected by the committee of management, at the request of a number of our citizens and business men, who intend to avail themselves of the privilege of attending the demonstration which a public holiday will afford. In addition to the day's festivity, there will be an evening concert at the Masonic Hall. For further particulars see bills and programmes.

THORNHILL, June 18.—This Village has been thrown into quite a commotion for the last week or so on account of a shooting affray which happened at Bath's hotel, in this place. The case had a hearing before a bench of magistrates, consisting of the following gentlemen:—Messrs Lane, Marsh, Jacques, Chapman, Mulholland and Conway. The three first named gentlemen were in favor of a committal, while the three latter were against it. The following are given the particulars of the affair: It appears that a young man named Patrick Brophy, while under the influence of liquor, entered Mr. Bath's house for the purpose of having something to drink, which he got, but had no money to pay for it. He then became abusive and broke several glasses, also two decanters, also throwing a watering can at the head of Mr. Bath. He was encouraged by his associates. Some of a similar character were told to leave, which they refused to do. He then put out the lights, but still they refused to go, at this time the shot was fired, Brophy saying he was shot. Previous to the case coming before the magistrates, Brophy wanted Mr. Bath to give him one hundred dollars and expenses to settle it, which Mr. Bath refused to do. On two future occasions Brophy insulted Mr. Bath most grossly for refusing to supply him with liquor. The result of the trial gave much satisfaction to every respectable person here, as there has been a determined purpose of annoying Mr. Bath from the time of his coming here, by entering his house at midnight, taking out the windows of his dining room, robbing his till and other acts of a very annoying character. Mr. Bath has the sympathy not only of this place, but of the surrounding vicinity. Mr. Arthur L. Willson, of Eglinton, appeared on Mr. Bath's behalf at the Magistrate's court, and gave much satisfaction in the way in which he managed the case.

Correspondence.

MORE ABOUT THE GRANGERS.

To the Editor of the York Herald.
Sir,—Noticing in your paper of the 12th inst., an article on the Granger agitation, and perceiving by it that you are aware of the real grievances of the farmer, as well as the means of redress. I hope that you will find space in your columns to continue this agitation. There are few who will deny that the farmer has been, and still is imposed upon by men of almost every other profession. Agriculture is despised, and the man who earns his living by cultivating the soil, treated with contempt and scorn, and yet it is acknowledged by all, that the farming community is the real strength and support of our country.

The object of Granges and Farmers' Clubs is the abolishment of everything that tends toward the oppression of the farmer, and the elevation of the agriculturist to his proper position in society, and it is evident that this cannot be achieved unless farmers unite, form Granges or Clubs, come to a proper understanding amongst themselves, and elect suitable men as their representatives in the Parliament and Municipal Councils. Had this been the case a few years since Markham would not have been deprived of \$30,000 as a railway bonus, which went to line the purses of a few wealthy capitalists, while the hard working and industrious farmer, who has to pay the money, is perhaps forced to sell his stock to enable him to do so. Our Representatives would not so far forget our interests, nor would the Manufacturer gain from ten to twenty per cent more from the Farmer who buys a machine for his actual use, than from the man who never puts the machine into operation, but again sells it to some farmer at an advance upon his purchase. Canadian Manufacturers certainly have a right to receive as much profit upon their machines as possible, even if they do sell to the man who never uses them; but it is not for the sake of \$20 less than what they will furnish the same machine for to the actual user of it. But Canadian Farmers have the same right to procure what implements they require, at as low a cost as possible, from whatever source they can; and also to unite and patronize that manufacturer who will sell his cheap to the user as to the non-user. Thus we see that many American machines are used upon farms in the immediate vicinity, and this is to some extent due to the action of the Grangers, who have obtained a reduction of from 10 to 50 per cent upon many agricultural implements and thus enable the Canadian farmer to secure American implements at less cost than Canadian.

The American farmers also have much influence in the management of their railways. Why should we not have the same? In all probability York, or part of York, will in a short time be asked to vote \$175,000, as a railway bonus, and while interested parties are doing their best to secure this, our Representatives, who should guard our rights, maintain silence. It is by union, and union alone, that farmers will be able to secure justice, and if united they would be able to resist any combination which might be forced against them.

Yours, &c.,
Markham, June 10, '74. FARMER.

York County Council.

FIRST DAY.

MONDAY, June 15.—On Monday afternoon the second meeting for 1874 of the Council of the Corporation of the County of York, was opened in the Council Chamber of the Court House.

At 2:15, Mr. Cane, Warden, took the chair, and called the Council to order, Mr. George Dakin acting as Clerk. There were present the following members of the Council:—
Etobicoke—W. A. Wallis, Reeve; Jonathan Orth, Deputy Reeve.
Georgina—Donald McDonald, Reeve.
East Gwillimbury—Wm. Cane, Reeve; Henry Mosier, Deputy Reeve.
North Gwillimbury—Isaac Marratt, Reeve, Wm. Bennett, Deputy Reeve.
King—Charles Irwin, Joseph Stokes, and James Rogers, Deputy Reeves.
Markham—John Lane and Wm. Milliken, Deputy Reeves.
Scarborough—J. P. Wheler, Reeve, Simon Miller, Deputy Reeve.
Vaughan—Wm. Patterson, Reeve, N. C. Wallace, Deputy Reeve.
Whitchurch—Maxon Jones, Reeve, P. Macklem and Stias Lundy, Deputy Reeves.
York—Wm. Tyrrell, Reeve, J. P. Ball, Joseph Watson and George Leslie, Jr., Deputy Reeves.

Yorkville—J. Severn, Reeve, Samuel Wickson, Deputy Reeve.
Newmarket—E. Jackson, Reeve.
Dollard Landing—W. H. Thorar, Reeve.
Aurora—Joseph Fleury, Reeve.
Markham—James Speight, Reeve.
Richmond Hill—Wm. Harrison, Reeve. The Warden read the following communications:—
From D. Fotheringham, P. S. Inspector respecting the use of the Council Chamber for holding examinations of teachers.
From Wm. Keesterman, Secretary pro tem of the Georgian Bay Canal Company, respecting the meeting held in St. Lawrence Hall, on the 12th inst.
From G. D. Morse, respecting the traction engine on the Kingston Road, and asking leave to obtain the right to build a tramway in lieu of said engine.

From Messrs Reid and Keefer, respecting the payment of Mr. Robertson's account for raising the Humber Bridge, on the Lake Shore Road.
From Chas. Robertson on the same matter.
From E. Morgan, respecting the bad condition of the fence on the east side of Yonge street, Newmarket, opposite the property of Mr. Burwick.
From H. H. Pull, Clerk of the Peace, who sent a copy of the resolution of the Justices of the Peace in General Session, respecting the supply of handcuffs to constables.
From the Assistant Provincial Secretary stating that the site of the new Registry Office has been approved of by the Lieutenant-Governor in Council.

From R. H. Smith and William Jackson, Agents for the County of York, who submitted the several school documents, and asking for certificate as required by-law No. 241.
From Morgan & Thorne, who presented an account for professional services.
The following petitions were presented:—
Of Edward Sanderson and thirty four others; Dr. Langstaff and sixty others; L. B. Pearson and fifty-nine others, asking that a one horse pedlar's license be granted to Henry Hopper, J. E. Buck, and Henry Molds, respectively.
Of the Trustees of the Newmarket High School Board, asking for the sum of \$2,000 for its support and maintenance for the ensuing year.

Mr. Thorne agreed to allow his motion to amend by-law No. 84 to be laid over; as did also Mr. Wallace, (Etobicoke), his motion respecting an appropriation for drill sheds.
Mr. Jackson gave notice that he would introduce a by-law to amend the by-law respecting the High School districts. He took the opportunity also to invite the Warden and the members of the Council generally to meet the Directors of the Huron and Quebec Railway at the Queen's Hotel during the evening.

Mr. Patterson moved, seconded by Mr. Lane, that Mr. McAlister be heard before the Council respecting a disputed County line.—Carried.
Mr. McAlister then laid his grievance before the Council, which was to the effect that the Government had encroached upon his property in making the line of division between the Counties of York and Peel. He stated that he had in vain applied for redress to the Government, and hoped the Council would take the matter in hand.
At the suggestion of the Warden, Mr. McAlister agreed to present his views before the Council on paper.

The Warden stated that in consequence of the requirements of the Assessment Act of the last session, many townships and villages were unable to compile their assessment rolls, and he thought the Council had therefore, better adjourn as early as possible and meet again during the second or third week in July and complete the rolls.
It was then determined to adjourn after meeting on Tuesday morning at ten o'clock; and Mr. Thorne moved that the Council next meet on Tuesday, 7th July. Carried.

The Council resumed its sittings on Tuesday morning at 10 o'clock, the Warden in the chair. The minutes of the previous day's proceedings were read and confirmed.
A communication was read from the Dental Association of Ontario, requesting permission to use the Council Chamber in which to hold their annual meeting.
A petition was presented from Mr. Bright and others, praying that the Small-pox Hospital be removed from its present site.
Mr. Thorne, seconded by Mr. Jackson, moved that the Warden and the County Commissioners be authorized to advertise for tenders for the erection of a registry office on the lot just purchased by the Council.—Carried.

Mr. Ball, seconded by Mr. Duncan, moved that a committee consisting of Messrs Wallace, Leslie, Wheler and the mover be appointed to report to this Council the necessary steps to be taken to have the Small-pox Hospital removed.—Carried.
The Council adjourned till the 7th July.

DOMINION DAY.—A Bazaar and entertainment in Victoria Hall, Thornhill. The Ladies' Aid, in connection with the Wesleyan M. Church, Thornhill, intend holding a Bazaar in the above Hall, on Dominion Day, when they will offer for sale fancy and useful articles. Doors open from 10 o'clock a. m. to 10 o'clock p. m. Admission to Bazaar 10 cents. Refreshments 25 cents; to be had at all hours. A grand conversation will be held in the evening, with vocal and instrumental music.

DIED.
LANGSTAFF.—At Langstaff, on the 12th inst., of a long illness of heart disease, Charles Duncumb, son of John Langstaff Esq., in his 10th year.

Special Notices.
BREAKFAST.—EPPE'S COCOA.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—*Civil Service Gazette.* Made simply with Boiling Water or Milk. Each packet is labeled—*JAMES EPPE & CO. Homoeopathic Chemists, London.*
MANUFACTURER OF COCOA.—We will now give an account of the process adopted by Messrs James Eppe & Co., manufacturers of dietetic articles, at their works in the Eastern Road, London.—See article in *Gazette's Household Guide* October 31, 1872. 739-1v

To Nervous Sufferers.
Dr. J. Bell Simpson's Specific and Tonic Pills, the Great English Remedy for all nervous debility from whatever cause arising, have already been so thoroughly tested in Canada as to require little to be said in their favor;—as a certain cure for those distressing symptoms arising from over-exertion, Dr. J. Bell Simpson was a pupil and friend of the late Dr. Willis Mosely, of London, England, the most celebrated authority in the world on this subject. His partner is now visiting Canada, and is prepared to give the most reliable and successful circular, etc., if applied to—addressing Dr. J. Bell Simpson & Co., Drawer 91 P. O. Hamilton.
Two boxes of Pills will also be sent by mail to any part of Canada, securely wrapped from observation, on receipt of \$1.00. Special discount if direct orders are sent to all retail Druggists, and wholesale by all Wholesale Druggists and Patent Medicine Dealers.

Flour and Feed constantly on hand.
All kinds of produce taken and the highest price paid.
Goods Delivered Promptly when Ordered.
ALEX. MOODIE,
Richmond Hill, June 17, '74 83-1f

A PUBLIC CAUTION.
Holloway's Pills and Ointment are neither manufactured nor sold in the United States, although they may be obtained in the U. S. American Provinces.
Each Pot and Box of my preparation bears the British Government Stamp, with the words: "Holloway's Pills and Ointment, London." It is become necessary to make this announcement, (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.," but, alas! no one has been able to bring me back all the retort from them, so that they have made arrangements to supply exclusively the firm of Messrs Henry and Co., of New York, with their so-called "Holloway's Pills and Ointment."
It is presumed that, from the large connection Messrs Henry and Co. have in the British Provinces and elsewhere, the public is very likely to be imposed upon by unscrupulous vendors and others unless they exercise great caution in purchasing the same, by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," printed thereon.
Many respectable firms in the British Provinces who obtain my medicines direct from me, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.
The following is a list of the firms alluded to: and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—
Messrs Avery, Brown & Co., Halifax, N.S.
Messrs Forsyth & Co., Halifax, N.S.
Messrs J. W. Baker & Sons, St. John, N.B.
Messrs Hanning, Leitch, St. John, N.B.
Messrs Langley & Co., Victoria, B.C.
Messrs Moore & Co., Victoria, B.C.
Dr. John Patten, Chatham, N.B.
Messrs Munro & Co., Montreal.
Messrs H. H. & D. Yule, Montreal, C. W.
Mr H. J. Rose, Toronto.
Mr A. Chipman, South, St. John, N.B.
Mr John Bond, G. d'rich, Ont.
Messrs Elliot & Co., Toronto.
Mr J. Chalmers, St. John, N.B.
Messrs Hanning, Leitch, St. John, N.B.
Mr R. S. Pender, Windsor, Ont.
Mrs Orpen, Maiden, N.S.
Mr George C. Hunt, Jun., Fredericton, N.B.
Mr W. H. Thompson, Harbor Grace, N.F.L.
Mr J. R. Wiley, Fredericton, N.B.
Messrs W. & D. Yule, Montreal.

DIAMOND RHEUMATIC CURE!
In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietor, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of Physicians generally, and through favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietor to increase his capabilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of inquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States, and in this way on a basis of its merits alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Whoever introduced it has received the most flattering preference in the treatment of all Rheumatic complaints. In this way we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, but we say this, because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult to relieve. We fill a place heretofore unoccupied. We relieve the suffering, and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in Doctor's bills; we carry comfort and gladness into the hearts of the afflicted, and consequently are remunerated by millions of grateful souls.
Thousands have been benefited by the use of this remedy from weak, sickly, suffering creatures, to strong, healthy, and happy men and women, and the afflicted cannot reasonably hesitate to give it a trial.
If this medicine is for sale at all the Druggists throughout Canada. If it happens that your Druggist has got it in stock, ask him to send for it to

DIAMOND RHEUMATIC CURE!
This STATEMENT IS SUBSTANTIALLY A FACT based upon evidence in the possession of the Agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, particularly from some of the most respectable and trustworthy families in Canada.

Its reputation rapidly extended, and soon orders, letters of inquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States, and in this way on a basis of its merits alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Whoever introduced it has received the most flattering preference in the treatment of all Rheumatic complaints. In this way we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, but we say this, because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult to relieve. We fill a place heretofore unoccupied. We relieve the suffering, and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in Doctor's bills; we carry comfort and gladness into the hearts of the afflicted, and consequently are remunerated by millions of grateful souls.
Thousands have been benefited by the use of this remedy from weak, sickly, suffering creatures, to strong, healthy, and happy men and women, and the afflicted cannot reasonably hesitate to give it a trial.
If this medicine is for sale at all the Druggists throughout Canada. If it happens that your Druggist has got it in stock, ask him to send for it to

DIAMOND RHEUMATIC CURE!
This STATEMENT IS SUBSTANTIALLY A FACT based upon evidence in the possession of the Agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, particularly from some of the most respectable and trustworthy families in Canada.
DIAMOND RHEUMATIC CURE!
In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietor, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of Physicians generally, and through favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietor to increase his capabilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of inquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States, and in this way on a basis of its merits alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position.
