SUFFERING HUMANITY

HUNDREDS OURED DAILY IN CANADA BY THE

DIAMOND RHEUMATIC CURE!

THIS STATEMENT IS SUBSTAN-TIALLY a Fact based upon evidence in p ion of the Proprietors in the shape of num testimonials from past sufferers in all the walks of life, and particularly from some of the most respectable and trustworthy families in the Dominion.

DIAMOND RHEUMATIC CURE

In its history this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietor, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expressions, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietor to increase his facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise, were dally received from all sections of the United States and Canada; and in this way, on a basis of its merit alone—unaided by "tricks of the trade," or special effort—it has risen to its present enviable position. Wherever introduced it has received the most fattering preference in the treatment of all rheumatic complaints. In this way we are truly grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us do we say this, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor: we restore to the laboring man the use of his injured links, and save him scores of times its cost in doctor's bills: we carry contentment and gladness into the home of the afflicted, bud consequently are remembered by millions of grateful souls.

Thousands have been changed by the use of this remedy. from weak, sickly creatures to strong.

Thousands have been changed by the use of this remedy, from weak, sickly creatures to strong healthy, happy men and women; and sufferers can not reasonably hesitate to give it a trial. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bit-TERS ." Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bittens in healing the sick of every disease man is heir to. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Betters, as they will speedily remove the darkcolored viscid matter with which the bowels are loaded, at the same timestimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.
