RICHMOND HILL, Oct. 30, 1874.

JOHN O'DONOHOE.

This true product of Gritism has There is no alcohol in the system as there brought forth, in abundance, fruit to tes- are starch, fat, sugar, water, iron, sulphur, at him on account of the sagacity and adtify to the teachings and tactics of the &c; alc hol, therefore, can repair no waste immaculate party. That gigantic politi-and replace no loss, and is no food. What means of his Druggist's Licence. Mr F. J. cal spider has cunningly woven a web of corruption, bribery and treachery around have not the will power left to stop its use. East Toronto" that will make that intelligent constituency stare when the
whole affair is ventilated, and it is demonstrated to them how vilely they have been strated to them how vilely they have been possible of tricked. There is a grotesquerie about the fiver spleen and other organs. The infected air is absolutely sublime in its extravagant debauchery. It seems that this man actually had to bribe so that this man actually had to bribe so that the seems dispassed. Poisson, the fever, the dispassed poisson, the fever and kidneys and trates tried the two cases on the one day. near a blood relation as an uncle to vote brain become diseased. Poison or not, the adjourned and the fresh charge. For him, and now this personage is sum there is a true disease, which can be cured the first charge they found him guilty and for him, and now this personage is summoned as a witness against his hopeful nephew. Even treachery must stand aghast at the precocious accomplishments of this family. Herod is forever out heroded, and the worst of political prostitutes must hide their diminished heads. titutes must hide their diminished heads. alcohol, and a glass of spirits has no more orders, took nim to Lawrer McCarthy who This man first introduced himself to the attraction for him than for a new-born directed him to retain the prisoner until he This man first introduced himself to the notice of the party by his jesuitical aptitude for intrigue. The Catholic League, a political cabal, fashioned after the most approved form of Grit conspiracy—is the masterpiece that recommenned him to these masters in political plotting. Subthese masters in political plotting is the agent that has produced did what is the agent that has produced dealing what is the agent that has produced the judge. He did so. The judges ent for it is plugges. The file of the prisoner came home and was received by a torchlight procession by his friends old, by "Odd England;" I spring Colt, requently he has developed the qualities For a well man any is too much. Like all So the case still stands, the noint in dispute that first introduced him to public notice other poisons alcohol is valuable as a medi being whether the magistrates had a right with an audacity and address that would cine and it has uses as a condiment. In to decide upon the two cases in the one have driven Machiavelli to despair. He small quantities, taken with food, it stimus lates. The feeble or the aged rightly use legetors of Fast Toronto. But he have electors of East Toronto. But he has is a result from the food unattainable with fallen upon evil times. The argus eyed out it. But it needs very little for this re-Conservative press, and the sleepless sult. For an old man a glass of port, at watchfulness of the Conservative leaders, dinner, perhans, is enough. But where baffles every attempt at that manipulation more than is needed is taken, and a well which has made the Grits already too notorious to allow them to practice such tactics with safety! The way of the tactics with safety in t transgressor is hard, and this lesson will whatever, as a beverage and should never be fully taught to these political adven- he taken on an empty stomach. You ask livered by the paster of each congregation. turers when they find that even their whether if a man is tired, physically or party will be obliged to abandon them to mentally, he is sick enough to use alcohol the vengcance of an outraged people! the vengeance of an outraged people!

WHELLAMS' AND THE GRIT him, and one cannot be too sure, when he PAIRTY.

If there is by any means an honest | gard to the argument that alcohol prevents and consistent Reformer in existence, it the weste of the tissues. This waste of the Friday, Oct. 30.- Auction Sale of Farin would be an interesting treat to listen tissic is an oxidation, a burning up, in to his true opinion of the course lately other works a part of the vital process. It pursued by his party. His faith must is a similar oxidation that takes place in the have received some severe shocks as the must furnished of events slowly demonstrated the fact that his party betrayed a marvellous proficiency in the use of wenness which proficiency in the use of weapons which or c, the production of steam, and the speed they had always condemned. To wit- of the locomotive. Continue the process ness the unblushing audacity with which his leaders advocated the grossest corruption in the struggle for office, must be poison to his pure mind. To find them hidding leading for the court to be said in praise of alcohol, then, that it them bidding loudly for the services of political renagades and hiring the ser with lightning, scare him terribly, give vices of persons who were a disgrace to him a dose of arsenic, or knock him on the Stock, Implements, &c., at Ricmond Hill, humanity in preleience to men of in- head, and you prevent waste. Put to have telligence, enterprise, patriotism and un- the balance of renair and waste even, not blemished moral character—must be to have waste prevented, is the condition startling to his ideas of the eternal fit startling to his ideas of the eternal fit defends that. Nothing, not even water, ness of things. What would be think should enter the stomach of a healthy man of the Whellams' case? Does he ap between brookfast and dinner. One of the prove of the unjust manner in which the press, in the person of the Mail, has by good temperance people, who take 'hit been punished for speaking the truth in ters' under some long name as a medicine, regard to the personage above named?

The facts decicionly intend days. The facts, decisively jotted down, are great curse of our present society. I have these: -Whellams' was employed by lately heard of two clergymen in the same the Ontario Government of Emigration village who were recently compelled to give agent. Some persons in England know-up their charge, having become poor drunking something of this man's antecedents, en fellows by no other means. As for the and, naturally enough, concluded that his presence was a disgrace to the ser vice of any Government, undertook to unmask him, by publishing in an English paper what they represented as a ers, taken at random at twenty years of age, police court report of his career. The the drinkers lived upon an average thirty editor of the Mail published the information for the use of the people of Ontario; and the result was that the Grit Government was shamed into suspending Whellams from his duties as Emigration agent. For the Mail's part in the matter, its manager - Mr. Pattieson - was sued by Whellams for defamation of character, and he succeeded in obtaining Affirmative, Mr J. A. E. Switzer; Negative a verdict of \$200. The trial was pre- Mr John Duncan; Chairman. Rev. John sided over and carefully engineered by Hunt. To the question "are the ladies adthe tortuous cunning of Grit genius"—

After the case had been commend das as the discussions are free to all, and none After the case had been commend as a civil action, it was actually transferred are more welcome than the ladies. to the criminal list, and by this means the defendant was infamously fettered and prevented from bringing up his evidence in defence. But this was not all ! Mr. Kenneth McKenzie, by a gross stretch of privilege, challenged juryman after juryman, and finally succeeded in obtaining a packed grit jury to try the case. Their verdict is on record !-These are undeniable facts—and the in-famy of such proceedings cannot fail to in the Heavens a few nights ago. The rouse the people.

NEWMARKET UNDER A CLOUD.—The New market Board of School Trustees at a Board meeting held on Friday the 16th October, are reported by the Era to have concluded that "there appears to be a 'Nigger in the fence' somewhere." From which we con-clude that school affairs, at Newmarket, are not in a satisfactory state. We regret this state of things; but Newmarket has never been from time immemorial without what they very ineleganty term "a Nigger in the fence." Brod ler Jackson should remove dat difficulty! not in a satisfactory state. We regret this

Wesley an Methodist Churce.— The Quarterly Meeting will be held in the Merthodist Church in this village, on Sabbath next, November 1st. Preaching at 10 o'clock, a. m. In the evening, the Rev John Hunt will preach to the young people of the congregation on "the advantages and dangers of the times we live in."

Taxes at Markham Village.— The held in the Merch which thus draws the moon with it round the sun. precisely in the same manner as if it were a part of the earth's surface, notwithstanding the intervening distance of about two hundred and forty thousand miles, and at the same time leaves professively distance of about two hundred and forty thousand miles, and at the same time leaves professively distance of the earth. PHYSICIANS CORNERED.

I suppose there is not in the whole course of

sia ing pains of a poor mortal, suffering from that fearful disease, Rheumatism Heretofore there has been a considerable diversity of

comion among modical mon, as to the true

character of this disease; some locating it in the fibro is or muscular tissues of the system.

and others viewing it as an acute, nervous disease, but it is now generally admitted to be a

disease arising from a poison circulating in the

blood. The circulation of the blood is the life of the body, and its stoppage is death. No

disease can be in the hody without first being generaled in the blood, and no disease can

in the blood by a constitutional internal ren edy We feel confident that none will feel bester sa isfied and rejoice more than the con-

scientions physician who has discovered that a sure cure for this stubborn disease has been found. The following testimony from a gen-

teman of standing and high respectability, and well known to the Canadian public cannot fail to satisfy all that the
