Each Fot and Box of my preparation bears the British Government Stamp, with the words "Holloway's Pills and Ointment, London." engraved thereon, It has become necessary to make this announcement, because the New York Chemical Company (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.;" but, even now, no one will have their medicine. even now, no one will buy their medicines direct from them, so that they have made ar rangements to supply exclusively the firm of Messrs Henry and Co., of New York, with their so-called "Holloway's Pills and Oint-

Many respectable firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the napers, tha it may be known that my medicines can be

PHYSICIANS CORNERED. I suppose there is not in the whole course of a Physician's experience anything in luman suffering which calls forth his sympathy and pity to such an extent as to witness the excusia ing pains of a poor mortal, suffering from that fearful disease, Rheumatism Heretofore there has been a considerable diversity of opinion among medical men, as to the true character of this disease; some locating it is the fibrous or muscular tissues of the system, and others viewing it as an acute, nervous disease, but it is now generally admitted to be a disease arising from a poison circulating in the blood. The circulation of the blood is the life of the body, and its stoppage is death.
