HENRY R. WALES, & SONS, the old established and well known Carriage Manufacturers, having been established for more than twenty, five years. and built the first light work in this section, and having equal to any, if not the best shops and facilities of any works in the Dominion, are still giving heir whole effergies to the building of Light Carriages, &c. Being practical workmen in every branch, parties in want of Buggies, Folding Seats, Laddies Phenons, either covered or open, Light Shifting Rail Top Buggies in all sivies, 3 Spring Waggens equal to the best in the Dominion, Springhoards, &c., at the present time, would find it to their advantage to call and inspect our large and vari d stock, as we have upwords of VIFTY jubs of different varieties, strength, capacity and price. As we warrant all our work we do not sacrifice quaity for price. Our rule is to buy and manufacture well so that we can sell well, at the same time making it an object for customers to buy from us, and at the same time for us to sell to them. Owing to our work having

GIVEN

Universal sati faction, and having received scores of first prizes, UNPRINCIPLED parties have tried to deceive customers by palating off inferior work as our instufacture. Parties calling and seeing our VARIED STOCK—as we use every novelty that is known to be good—will not be deceived when they behold the graceful sweeps and outlines of our wood-work, strength and lightness of from-work, elegance, beauty and softness of trimming, and unsufpassed after-like finish of painting. Parties coming from a distance can generally depend upon taking a Buggy

With them. We sell for each or credit. Painting and Trimming done for the trade and public. Wood-work furnished to blacksmiths, or Wood-work fromed for Wood-workers. Allkinds of repairing done without delay.

We make a specialty of painting Old Buggies, and, having adopted a new method, are prepared to guarantee satisfaction. One good efficulty to be surmounted in painting old work is that the cracks in the old paint on the hody of a carriage show th ough the new surface as soon as it is re-painted. We are prepared to meet this obstacle by guaranteeing a good job; and the Spring of the year is the time to see about having your conveyances put in proper repair—it is the best kind of economy.
