**Circumstances Alter Cases.**

The Pharisee, under the name of Reformer, says that he is not as other men are, "extortioners, unjust, &c., &c." No matter what the private character and standing of a man may be so long as he belongs to the Conservative ranks, he—in the eyes of those who claim to have all the virtues that by right belong to the party calling itself Reform—is unfit to be trusted with any public position; so in the days of the Sandfield Macdonald Government because it had in it two Conservatives it was therefore—even before it had time to mature any measures—bad, corrupt and unfit to be trusted. The Reform press was continually crying out that it was a coalition and therefore unfit to have the confidence of the people. But when this same Government was followed by one having the confidence of the "Reformers," although it had within it ranks a Tory dyed in the wool, it was not coalition; the Tory was converted, he was made a good "Reformer," his sins were all washed out, the robes of corruption that he wore when associating with Tories had become clean when he joined the ranks of those whom he formerly opposed. Such is Reform! It is equal to the occasion, its advocates can blow hot or cold. So long as an object is gained they are willing to swear white is black.

Mowat is continually talking, whenever a chance is had, of the old family compact, forgetting, very conveniently, that he was at one time one of this same compact, but now he is a good "Reformer." In the days of the French Revolution the men that were continually prating about the rights of the people, were, when in power, the greatest tyrants, so in these days if you want to find the men most illiberal in their views, the most tyrannical in their character, we point you to the men belonging to the "Reform" ranks, and as specimen bricks we mention the names of Brown, Blake, and the blue-blooded Crooks who made himself ridiculous the other day at South Oxford by talking about the divine rights of kings, &c.

When the men forming the new Government of the Dominion and this Province were in opposition, they and the press that support them were continually finding fault with the way elections were held. Simultaneously, was then their cry; they allowed at that time for nothing to interfere with holding the elections at once a vacancy occurred, but notwithstanding the law was altered stating that the elections should be held forthwith, they set the law now at defiance and have the elections to come off to suit themselves. A paper in West Wellington called the *Lightning Express* gives as a reason why the election in that riding is to be held on the 27th September, so that the farmers may have all their harvesting over. If this is the true reason so far as West Wellington is concerned, what is the reason the election was held in South Victoria last month and in South Oxford on the 10th inst.? But every one knows the reason given is silly, is untrue, is deceptive and unworthy of credit. The harvest must be terribly behind hand if it takes to the 27th to get it all in. But then this is "Reform," this is the standard of morality that Mackenzie and his followers were going to elevate. How long will a deluded people allow themselves to be blinded and hood-winked? Not for long we trust. They must surely see that Reform doctrines, as carried out by Mowat & Co., are a delusion and a snare.

During the first Parliament of this Province the "Reformers" were so incensed at the appointment of a member of the Legislature to a Government office because he was an M.P.P., that they asked the House to pass an act rendering such an appointment illegal, holding that it was subversive of the best interests of the country to make public officers of men who were sent to the House to represent the people. Every supporter, said they, of the government would be looked on as an office seeker. To prove how well they knew about the looks of things, let us see what they did when they got the chance; why! Mr Mowat had hardly doffed his cravat when Mr Perry, M.P.P. of North Oxford, was requested to make way for him and take the shiriverty of that country. So likewise Mr Gibbons, M.P.P., was shoved into another office of the same kind, and last but not least of the many examples that we shall notice at the present time is that of the father of Reform, Archibald Mackellar, who, the other day, was made Sheriff of Wentworth, much to the disgust of their own friends and to the *Hamilton Times* in particular. "Reform," under the present Government, is a by-word and stinks in the nostrils of all sensible, upright and honest men who desire to see practice follow profession and do not admit the honesty of men professing one thing whilst in opposition, and perform another when in power, but then it may be said in excuse that "Circumstances alter cases."

**VILLAGE AND SCHOOL RATES.**

The Village Council have passed the usual By-law striking the rates for Village and School Taxes for the current year, they are as follows:  
For County, the rate will be one mill and fifty-six hundredths of a mill in the dollar.  
Village Rate, four mills and eighty-five hundredths of a mill in the dollar.  
Railway Rate—on the Eastern Division of the Village only—seven tenths of a mill, or the one-fourteenth and two-sevenths of a cent in the dollar.  
Public School Rate—six mills in the dollar on the *Equalized Value* of all the ratable property in the Union School Section—which is equivalent to three mills and fifty-six hundredths of a mill on the assessed value of all the ratable property in the Village, according to the Assessment Roll.

**VILLAGE COUNCIL.**

Sept. 6, 1875.  
Pursuant to adjournment on the 2nd August, the Council met in the Court Room at 8 p.m. The Reeve in the chair. Councilors present: Messrs Crosby, O'Brien and Pogue.  
The minutes of special meeting of 30th August, relating to the "legal expenses in the matter of the appeal against the County Council, for their action in reference to the equalization of the Assessment Rolls of the current year."  
From the Clerk of the Peace, dated 3rd Sept., acknowledging receipt of the Jurors' Rolls for the village.  
From the Reeve of Yorkville, dated 18th August, relating to the "legal expenses in the matter of the appeal against the County Council, for their action in reference to the equalization of the Assessment Rolls of the current year."  
From D. Fotheringham, Esq., Public School Inspector, etc., dated 3rd Sept., relating to the equalization of the "Assessment for School purposes, in the case of Richmond Hill in Union with the Townships of Vaughan and Markham."  
The following accounts were read:  
William Powell, for teaming lumber. \$2.50  
David Boyle, for lumber. .... 5.20  
Samuel Mager, for repairing side-walks, etc. .... 4.50  
Macneil & Marsh, for nails, etc. .... 27.20  
David Hopkins, cutting lumber. .... 4.00  
Mr O'Brien moved, seconded by Mr Crosby, that the Treasurer is hereby instructed to pay the foregoing accounts.—Carried.

Mr Crosby, as Chairman of the Committee on Finance and Assessment, submitted his Report, which was read, and on motion of Mr O'Brien, seconded by Mr Pogue, was adopted.  
Moved by Mr Crosby, seconded by Mr Pogue, that the Treasurer is hereby instructed to transfer the balance at the credit of Dog Tax account for 1874, amounting to fifty two dollars and thirty four cents, to Village Tax and Revenue account for the current year, to be applied to the general purposes of the village; and also to apply the balance of Interest accrued from the investment of Municipalities Fund, amounting to six hundred dollars and fifty cents, to the general purposes of the village for the current year.—Carried.

Moved by Mr Crosby, seconded by Mr Pogue, having heard read the note from John Severn, Esq., Reeve of Yorkville, dated the 18th August, and the reply thereto by W. Trench, Esq., Reeve of Richmond Hill, this Council hereby adopts Mr Trench's reply.—Carried.  
Mr Crosby moved, seconded by Mr O'Brien, that the Clerk is hereby authorized and instructed to prepare a summary of the By-law relating to the Pound and the duties of the Pound Keeper, and have the same printed for the information of all whom it may concern; and to have 200 hand bills printed in blank form for the purpose of advertising cattle, etc., impounded.—Carried.  
Mr Crosby introduced "By-law No. 42" to assess the Village of Richmond Hill for County, Village, School and Railway purposes, for the year 1875," which was read a first, second and third time.  
Mr Crosby moved, seconded by Mr Pogue, the By-law No. 42 do now pass, and that the Reeve and Clerk are hereby instructed to sign the same, and attach the seal of the Corporation thereto.—Carried.  
Mr O'Brien introduced a "By-law to appropriate the sum of \$1000 for the establishment of a Horse Fair at Richmond Hill," which was read a first and second time.  
The Council went into committee of the whole on the By-law. Mr O'Brien in the chair.  
The committee rose.  
The Council adjourned to meet in the Court Room on Monday the 4th day of Oct. next, at 7 p.m.  
M. TEEFY, Clerk.

Vaughan Council meets on Tuesday next, the 14th inst.  
The annual union picnic of the teachers and scholars of the Presbyterian and Methodist Sabbath Schools in this town will be held in Mr Warren's Grove, on Wednesday next, 15th inst. Various amusements will be provided.  
As some of our Villagers are a little curious as to what is the cause of that peculiar sound resembling the clashing of a pair of cracked eyeballs together, which sometimes from the "West End" of our Village at 7 a.m., noon, and 6 p.m. For the information of those who may be ignorant of the cause we would state it is the tolling of our town bell, or at least what is made to do duty instead of a town bell, namely: an old saw, which, on being well pounded, produces a sound equal to the old town bell over the court house, and then it don't cast anything to ring it. Economy is a virtue in our town. Verily we are a virtuous people.  
WATER.—At the fire on Tuesday last, and also at the one on the Tuesday previous it was proven to a demonstration how useful a fire engine can be and what an amount of property can be saved through its instrumentality when not a drop of water can be procured. It would seem as if our village authorities were of the opinion that a fire engine does—or ought to—possess some kind of magic power, capable of quenching a fire by merely running it as close to the spot as the heat will admit and letting it remain there. The damage done within the village limits lately, by fire, has been trifling compared with what might at any moment occur, and how are we prepared for it. On the main street two tanks have been put down and rarely contain more water than sufficient to drown out a tar barrel. On the back streets there is no water at all except what is contained in the wells of private individuals, which, in a dry season, are bare; and in many cases, not sufficient to supply the everyday wants of the family. In this state of affairs, a fire breaking out, with a favorable breeze, would be attended with fearful results. "In time of peace prepare for war," is an old saying and one that our village "magnates" might profit by.

**Correspondence.**

**THORNHILL.**

(By a semi-occasional Correspondent.)  
DEAR EDITOR,—I notice with some regret that the reporters of your valuable paper seem inadvertently to overlook the frontier town to the south. I hope your descriptive man, when through his peregrinations at Woodbridge and surrounding towns will favor our villa with a cursory interview, at least. In the meantime I propose, with your permission, to furnish you with a homely but pertinent outline of its present condition, though I cannot be expected to be cognizant of all the passing events which the "contemporary historian" is supposed to chronicle.  
ITS NEW SIDEWALKS.  
A desideratum, long felt by pedestrians, has recently been provided in the new and improved sidewalks. The work, of course, formed a part of the statute labor. Promoting a more fashionable now.

ITS NEWLY ORGANIZED BAND.  
To keep pace with the neighboring villages, a brass band, with fifteen instruments, has been organized, under the instruction of Mr Spalding, of Patterson. A few more nights' practice and the Thornhill company of musicians will be prepared to negotiate for engagements.  
VICTORIA HALL.—TEMPERANCE.  
Not the least prominent of its public edifices, is the Victoria Hall, which, situated as it is in the heart of the town, wears an attractive appearance to the traveler and casual observer. Societies of various orders meet in this building. At a recent meeting of Good Templars, representing the surrounding lodges, held here on Monday evening of last week, the Rev. Thomas Keough, Methodist Minister, was elected as delegate to the forthcoming Convention, in the interests of Temperance, to be held in Montreal. The "Thornhill Temple," No. 421, have commissioned their W. Chief, Bro. Vanhorn, to represent them at the next session of the County Temple, to be held shortly at Stouffville.

PICTURES.  
Thornhill is a spot of favorite resort for pleasure seeking parties, amid the haunts of luxurious rural retirement. Frequently a visit is received from a select company of metropolitan fashionables, whose love of the "romantic vale" cannot be subjected to animadversion. Last Monday the "young folks" of Langstaff held their annual picnic in Wright's grove, in which a large number participated, and terminated the day's enjoyment with a "sup" in the evening. The picnic was carried out in the most perfect manner, and the Methodist Sabbath School here is expected to evaluate about the 15th inst. They go to Buttoville this time, and intervening schools will also "wait for the wagon and all take a ride." The sixteenth is looked forward to with glad anticipations by all acquainted with the "romantic vale," which is then to be the scene of another popular picnic, being the annual one in aid of the Roman Catholic Church Mission. The new band here are also to have a picnic party, provided for their special benefit, in about ten days hence.

ACCIDENTS.  
Accidents and incidents contribute considerable portion of the "current events" in this town. A "younger son" of Mr O'Brien, carriage builder, was knocked down on the street by a heavy wheel the other day, and only escaped being the subject for a "sad accident" item.  
RUNNING CABS ON SUNDAY.  
These seem to be no By-law here, prohibiting public cabs from being run on the Sabbath, as usually more are seen on the streets that day than on any other. The last one seen left for a journey south, by twilight, on Monday evening, and has not yet returned.

TRAMPS AND AGENTS.  
There are more "knights of the road" passing here in a week than would be required to populate a new town in Muskoka, or fill a Jimmel Briggs' College at Coback. Judging from their numbers one would suppose it was the season of the tramps' harvest. A "fresh arrival," towering about six feet, three inches, in his stockings, (for he carried his boots over his shoulder), passed through the other evening, wearing a hat inscribed about the same size and quantity of gas as Donaldson's small balloon. A newspaper agent for an American agricultural journal, came in town on Monday night, en route to making his periodical visits to the distinguished yeomanry along Yonge Street.

LITERARY AND ARISTOCRATIC CIRCLES.  
The members of the literary circle are having a vacation at present, the topics of discussion having become exhausted; and, judging it dangerous to take up unglorious subjects, touching upon personal or political character. The more fortunate class, however, who possess a larger share of this world's goods, have their daily round of purgatory somewhat relieved by an occasional "drive out-n' style." The *élite* employ their pastime with the favorite game of croquet.

RETROSPECTIVE.  
There are some other choice topics, Mr Editor, upon which I might expatiate (Jimuel Briggs claims this word, though it was not originally his), but seeing the amount of space I have already occupied, I will conclude, hoping that for my next I shall have something better to write of, and accordingly have more time to devote to the task.  
Yours, &c.,  
PUBLIC SPIRIT.  
Thornhill, Sept. 8, '75.

The annual Picnic, in aid of the Roman Catholic Church Mission, will be held in Mr Seager's grove, Thornhill, on Thursday, the 16th inst.  
The building of the handsome new custom house, Toronto, is making rapid progress. All the outside work of the building has been completed.  
PROGRESSIVE.—We are pleased to learn our friend Mr R. Morley, formerly of this office, and latterly of the *Toronto Liberal*, has been advanced to the position of "Contributing Editor" on "Editorial" of our ability. No doubt he will fill with credit and ability. *Stat magni nominis umbra*.

DESTRUCTIVE FIRE.—Last Tuesday, about 4 o'clock p.m., two large barns at the south end of our village, belonging to Mr John Palmer, both on fire. In this place, were, together with their contents, a lot of nearly all this year's produce of his farm, totally destroyed by fire. When the fire was first discovered it had gained such headway that it was impossible to save the buildings or their contents. The fire brigade, under command of Captain Myers, was quickly on the spot with their engines; the latter proved useless, as usual, on account of no water being procurable. The loss is roughly estimated at about \$4,000, with an insurance of 1,300 on the buildings. The origin of the fire is unknown, but it is supposed to have been caused by a spark from a pipe used by some of the hands engaged on the farm.

**NEW LITERATURE.**

NEW DOMINION MONTHLY FOR AUGUST.—Published by John Dougall & Son, Montreal, at \$1.50 per annum.  
Regular readers of this, our oldest Canadian Magazine, observe a notable improvement in its appearance while there is no increase in its advertised price, \$1.50 per year. The *Dominion* is now a magazine of eight pages of reading, instead of sixty four. The type is large and comfortable to read, and the whole thing has a more respectable air. The matter it contains is most of it, as usual, essentially Canadian in subject as well as in origin. The August number just received is decorated with a very happy likeness of Earl Russell, whose face is familiar to all who know Punch. "Vetulia," the first article, is a queer fancy, describing a land where peoples' families consist of their ancestors' instead of their living to be many hundred years old. We cannot refer to everything but will be allowed to remark that we always like Grandfather Gray's Stories, by Mrs Ames, in the Young Folks' department, better than most of the older people's readings.  
PUBLIC SCHOOL PICNIC.—The master and pupils of School Section No. 7, Vaughan, had a picnic last Saturday afternoon at Concord, in Mr John Charlton's beautiful grove. Quite a large company of young people, including several teachers from the adjoining sections, availed themselves of the opportunity of spending a social afternoon together by indulging in swimming, croquet, ball playing, and horse making. After doing ample justice to the abundance of good eatables provided for the occasion, the various games were resumed and kept up with much spirit till a late hour, when all retired to their homes, highly delighted with their afternoon's sport, and only sorry that such social gatherings were so few and far between. Judging from the many sweet smiles and sly glances exchanged, some of the fair damsels will ere long "be brought before the clergy."

THE FIRE BRIGADE meets for practice on Monday evening at 7 o'clock sharp. A full attendance is requested, also five volunteers wanted to fill up the Company.  
THE DUEL TIMES.—One hundred and fifty firms, large and small, have failed in Montreal between the 1st and 30th of August last.  
MANUFACTURE OF COCOA.—"We will now give an account of the process adopted by Messrs James Fry & Co., manufacturers of diabetic articles, at their works in the Easton Road, London"—See article in *Cassell's Household Guide* October 31, 1874. 739-1y
