RICHMOND HILL, Jan. 28, 1876.

NORTH RENFREW AND CHAR-
LEVOIX.
It is with pleasure we, this week,
chronicle two more victories for the
Liberal Conservative Party, namely: the
election of Mr Peter White, for North
Renfrew, and Hon. Mr Langevin, for
Charlevoix. The former by 210 and
the latter by 160 of a majority. Various
causes are given by the Ministerial
organs for the unexpected defeat of the
"reform" candidates in these two con-
stituencies. Some attribute it to the
Ultramontanes, and others to the apathy
of the Reformers in those two sections.
That the Mackenzie Administration is
fast losing ground, and that they no longer
retain the confidence of the people is a
fact that no true Grit will acknowledge.
The fact of the matter is the people have
been hoodwinked long enough, and when-
ever an opportunity is afforded, they
manifest their disapproval of the
modern style of reform in a manner not
to be mistaken. The inconsistency and
glaring hypocrisy of the Grit leaders are
being brought out almost every day.
They gained the reins of power by loud-
mouthed protestations of their own purity
and denouncing the whole Conservative
Party as a mass of corruption. But
"a change came o'er the spirit of their
dreams," disclosures made within the
past year has removed the mask of hy-
pocrisy and the people now see them in
their true colors. We have ample
evidence every day of the incapability of
the present administration to manage
the affairs of the Dominion. This is
the cause of the Conservative re-action
which the Grit journals effect to ignore.
Mr Mackenzie says, by his acts lately
shown that he feels the ground slowly
but surely slipping from under him. By
taking Mr Cauchon, a man whose past
deeds had called down the execrations
of the whole party, into the Cabinet, he
thought to control a number of French
votes. His appearance in North Ren-
frew was intended to arouse the faithful
to a sense of their duty. The result is
as stated above. It does not require
the foresight of a prophet to foretell the
downfall of the purists. We venture to
say the whole country will breathe a sigh
of relief when they are returned once
more to the ranks of the Opposition.

Several items of local interest crowded
out this week:
The Thornhill Temple, I. O. G. T., pur-
pose holding a Social in the Victoria Hall,
Thornhill, on Monday evening next, the
31st inst. Tickets 25 cents, Children 15c.

Rev. J. Herbert Starr was appointed
a member of the High School Board of
Trustees by the Village Council, on the
24th January.

The York County Council met in the
Court Room, Toronto, on Tuesday last,
25th inst. Mr W. C. Patterson, Reeve of
Vaughan, was elected Warden for the cur-
rent year.

THE CLERMONT CASE.—This case was
brought to a close on Saturday last, the
jury bringing in a verdict of "Not Guilty,"
without leaving the box—contrary to the
expectation of many. The Crown was not
in possession of any evidence to corroborate
that of the convict Davis, who was the principal
witness.

REKAWAY.—Last Monday morning, as
Mrs Brown, wife of Mr John Brown, mer-
chant, of this village, was out for a short
drive, the horse became frightened, a short
distance north of the village and overturned
the driver and vehicle into the ditch. Mrs
Brown received several bruises, which were,
fortunately, not of a very serious nature.
The animal was captured on reaching the
village.

The Yonge Street Sabbath School Teach-
ers' Association held their quarterly meeting
on Monday evening last, in the Methodist
Church, in this village. Mr James Ness, of
Pafferson, the President of the Association,
was in the chair. After the reading of the
minutes of last meeting they were adopted.
Addresses were given, by the Rev. Messrs
Starr and Linder. Messrs Ruse, and Con-
ger and he the chairman, on the Sabbath
School Work.

TEMPERANCE.—Pursuant to announce-
ment the Central Committee on the Dunkin
By-law met at Aurora, on the 23rd inst., for
the purpose of organizing and getting into
a position for a thorough canvass of the
County of York. The officers appointed were
President, Rev. T. S. Keough,
Thornhill; Vice President, Wm McMaster,
Aurora; Secretary, C. Doan, Esq.,
Aurora; Secretary, Rev. B. Large, Willow-
dale. Next meeting to be held at New-
market, at the call of the President.

The Thornhill Brass Band Concert, held
in the Victoria Hall, Thornhill, last Tuesday
evening, passed off very successfully. The
Hall was well filled and the several per-
formers, amateur and professional, acquitted
themselves to the satisfaction of all present.
Our limited space will not allow an extended
notice this week. While the concert was
in progress a fire broke out in the dwelling
house occupied by Dr. McConnell, forth-
with the lecture was rather small in at-
tendance. It was discovered before it had
gained much headway and was speedily ex-
tinguished.

PROF. KERR, the well-known lecturer,
whose name has become almost a household
word throughout Canada, delivered two of
his interesting lectures in the Masonic Hall,
under the auspices of the Mechanics' Insti-
tute, on Tuesday and Wednesday evenings
last. The attendance on the evening of the
first lecture was rather small, but on the
second evening the hall was well filled. As
the Professor has delivered, in many par-
ticulars, the same lecture in this village on
previous visits, it is unnecessary to say
further than he was listened to through-
out with the greatest interest. The electrical
experiments of the first night, gave great
satisfaction, as did also those with gases on
the second evening. At the close of each
evening's proceedings several of the audi-
ence, including a number of school children,
were "shocked" much to the amusement
of those who didn't care to know how it
was done. A miniature fire balloon was
"not aloft" by the Professor at the
close of the evening's lecture.

VILLAGE COUNCIL.
Jan. 24, 1876.
Pursuant to adjournment, the Council
met. The Reeve in the chair. Councillors
present—Messrs Crosby, Pogue, Powell
and Savage.
Minutes of meeting of 17th January,
read and approved.
The Clerk read a certificate from Doctor
James Langstaff, dated 24th Jan., stating
"that Thomas Martin, sen., is not able to
do a day's work, and is deserving of some
support."

Mr Crosby moved, seconded by Mr
Pogue, that the Treasurer is hereby au-
thorized to pay Thomas Martin and Mrs.
Mary Collins—two aged, infirm, poor per-
sons—the sum of two dollars per month
each for the months of January, February
and March—Carried.
Moved by Mr Crosby, seconded by Mr
Savage, that whereas the Collector of Tax-
es of this Village has returned his roll, and
all Taxes entered therein, except the Taxes
due by Mr Richard A. Robertson, who is
assessed for income, and has refused to pay
the amount of taxes rated against him, viz:
\$4.28; therefore, this Council doth hereby
authorize the Village Treasurer to deduct the
amount of Taxes due and unpaid by Mr
R. A. Robertson from the aggregate Total
of Taxes in the Collector's Roll, in order to
facilitate the correct balancing of the Treas-
urer's books for the year 1875—Carried.

The Reeve laid before the Council a sum-
mons which had been served upon him (as
head of the Corporation) by the Bailiff of
the Third Division Court of the County of
York, in which Mr John Langstaff sues the
Corporation of Richmond Hill for the sum
of \$33.66, as set forth in an account claim-
ing \$21.50 as having been paid to Village
Poundkeeper on different occasions for
cattle impounded together with \$2.10 in-
terest and \$10 for alleged damages.
Mr Crosby moved, seconded by Mr Powell,
that the Village Clerk is hereby instructed
to leave with the Clerk of the Third Divi-
sion Court a notice that this Council dis-
putes Mr John Langstaff's claim—Carried.
The Chairman of the Committee on
Streets and Sidewalks handed in a Report,
which was read and received.
The Council went into Committee of the
whole on the Report. Mr Pogue in the
chair.

The Committee rose and reported the Re-
port as amended. The Reeve in the chair.
The report was then adopted as amended:
which reads as follows:
"The Committee on Streets and Side-
walks beg leave to report:
"That they have had under consideration
the advisability of purchasing immediately
the necessary material for the construction
of a certain amount of sidewalk during the
coming summer, in view thereof, after
due consideration, would recommend your
Council to authorize the said committee to
advertise for Tenders to supply the mate-
rial necessary for making the following
amount of plank walk, viz: 80 rods on
Yonge Street; 90 rods on other streets;
also, material necessary for widening three
crossings on Yonge Street; all of which
said material to be delivered in manner re-
quired by your committee, on or before the
first day of June next ensuing.
All of which is respectfully submitted.
(Signed) Wm. TREKNER, Jr.
Chairman.

Mr Pogue introduced By-law No. 45,
"For appointing a Trustee for the High
School, and certain officers to serve the
Corporation of the Village of Richmond
Hill," which was read a first and second
time.
The Council went into Committee of the
whole on the By-law. Mr Savage in the
chair.
The Committee rose and reported the
By-law as amended. The Reeve in the chair.
Mr Pogue moved, seconded by Mr Crosby,
that the By-law be read a third time and
passed. The By-law was read a third time
and passed accordingly.
The select Committee, appointed at last
meeting, reported verbally that "the cost
of a 24 hour town clock, with one dial, would
be \$100; an eight day clock, with three
dials, and an alarm would be \$250—Ex-
cepted."
Mr Savage moved, seconded by Mr Powell,
that the report of the special Committee lay
over until next meeting.
The Council adjourned to meet in the
Court Room, on Monday, the 14th Feb., at
7 o'clock, p.m.
M. TERRY, Clerk.

OUR WASTED RESOURCES.
(Continued from last week.)
The number of lunatics in these countries
have increased from the year 1852, 1.16 per
thousand to 2.58 per thousand in 1873, and
the same authority gives the number of
criminals, convicted of crimes connected
immediately with drunkenness, as having in-
creased from 272,000, in 1861, to 407,000,
in 1871.
The nations just referred to are great in
nearly every element that goes to make them
powerful and respected above all the nations
of the earth; and their statements are ever
recognized as the champions of civil and
religious liberty and the avowed apostles of
political economy. And yet, in these very
patterns of civilization, may be noticed the
most extravagant and lavish expendi-
ture of means for that article, which, of all
others, degrades and destroys labor, and is
in itself the largest factor of crime, pauper-
ism and insanity.
Let us now turn to our own country,
Canada, but lately transformed into a Do-
minion, and only numbering a few millions
of souls, and yet do we find ourselves
drifting into the same dangerous and un-
known sea, and, as yet, without chart or
compass.
It has been estimated that our liquor bill
for last year will amount to, in round
numbers, some \$21,000,000, imported and
domestic wine and spirits, valued at \$10,000,000,
making in all \$31,000,000, just the sum
required by Sir John A. Macdonald to build
the Canada Pacific Railway.
Now this may seem incredible to some
who have not taken the trouble to enquire
into this matter for themselves. But in
turning to the returns of 1874 (for which,
I respectfully thank the politeness of Mr
James Mitchell, M. P.), we find the quantity
of imported liquors entered for home con-
sumption set down thus:
Value, } Duty Charged,
\$2,678,498. } \$1,935,674.
The same manufactured in Canada and en-
tered for home consumption:
Proof Gallons, } Duty Charges,
5,479,805, } \$5,503,364.
Again, the quantity of beer manufactured
in Canada and entered for home consump-
tion:
Gallons, } Duty,
10,693,348, } \$380,335
making a total duty for all kinds of li-
quors imported and manufactured in Canada
and entered for home consumption, as \$2-
819,374, or nearly six millions of dollars.
Now let us for a moment look at the ag-
gregate value:
Imported liquors entered for home con-
sumption, \$2,678,498. Whiskey manufac-
tured in Canada and entered for home con-
sumption, 5,479,805 gallons, \$4,000,000;
10,693,248 gallons of beer manufactured in
Canada and entered for home consumption,
\$2,600,000; Duty charges on above
amounts, \$5,819,374; Total: \$14,938,501.
Again, the number of gallons of liquors of
all kinds entered for home consumption in
Canada, last year, we find to be about 19-
673,306 gallons. This, if retained at 5c
a glass, or 1.60 per gallon, would amount
to just \$31,452,281.
It is estimated that the manufacture, sale
or distribution of the above quantities of
liquor, up to the time it reaches the hands
of the consumer, will employ 20,000 men
constantly throughout the year. The
labor of these men is, of course, no real
benefit to society, and becomes, therefore,
a dead loss to the state, and whatever they
consume is non-productive consumption.
These men are worse than parasites in the
community, for not only is their labor non-
productive, but it injures others by shifting
large numbers for productive industry.
The labor of 20,000 men at the rate of
one dollar and fifty cents per diem would
be for each \$400 per annum, making dou-
ble the amount of the above liquor, or for
the whole \$8,000,000 worth of labor that
reflects back upon the country no increase
in wealth, but, on the other hand, takes
from our resources. Whereas this labor, if
properly directed to useful industry, would
have resulted in an increase of actual wealth
to the state of just \$8,000,000.
It is granted on all sides that we have
15,000 dram shops in the Dominion, and
putting down four drunks as the legiti-
mate manufacture of each rum shop, which
is underestimated in a large majority of
cases, this would give us 60,000 drunks
for the Dominion. Now, allowing that a
drunkard loses one half of his time by drink,
this would be equal to the loss of 30,000
men, or, at the rate before fixed, \$400 per
man, or \$12,000,000 per annum of wasted
resources.
There are fully double this number of
male tipplers that lose, by these pernicious
habits, one-sixth of their time, which add
to the above numbers \$2,000,000 more; mak-
ing, in all, loss of time and industry in tabu-
lated form.
Men engaged in making and
selling, } \$8 000 000
of the industry by } drunks,
} 12 000 000
Loss of industry by tipplers, } 2 000 000
No. bushels of grain of all
kinds destroyed in manufac-
ture of liquors in Canada, } 2 175 356
Cash value of same, } \$1 740 284
Money spent in drink, } 31 452 281
Cost of police prosecutions,
courts of justice, expense of
criminals, jurors, witnesses, etc. } 2 000 000
Destruction of property on
land and lakes, loss by theft,
bad debts, and various crimes
through drink, } 3 500 000
Total } \$60 692 565
From which subtract the re-
serve of duty charges, } 6 000 000
Giving for wasted resources } \$54 692 565

THE MERGER WILL CASE.—This case,
which has excited so much public attention
lately, came up for trial before Vice-Chan-
cellor Blake, at the Court of Chancery, on
the 14th inst., and after occupying the at-
tention of the Court for six days, judgment
was given in favor of defendants. There
has evidently been some very hard sweat-
ing done. The evidence of the alleged Mrs
Mercer proved, to some ill degree, that
the whole case was a fraud of the worst kind.
That the parish register had been tampered
with, was evident, and the evidence was
so clear that the Vice-Chancellor took
no time to consider his judgment.
