The New Curative Agent, and only Re-  
liable Remedy for Nervous and  
Liver Complaints.

It is agreeable to the palate, and innocent in its  
action, while retaining all its extraordinary pro-  
perties; and as a specific, surpassing all the known  
therapeutic agents of the present day for the  
speedy and permanent cure of—  
Nervous Prostration Shortness of Breath  
Liver Complaints Trembling of the Hands  
General Debility Impaired Nutrition  
Dizziness Impaired Sight and Me-  
mory  
Loss of Energy and Ap- Consumption (in its first  
stages only)  
Hypochondria Eruptions of the Skin  
Female Complaints Impaired Sight and Me-  
mory  
Indigestion Nervous Pains  
Flatulence Reluctance for Study or Employment  
Faintness Business Nervous Debility in all  
its Stages  
Sick Headache Premature Decline

And all morbid conditions of the system arising  
from whatever cause. The action of the Phospho-  
dyne is twofold—on the one hand increasing the  
principle which constitutes nervous energy, and  
on the other the most powerful blood and flesh  
generating agent known to medicine, a mercurial  
medicine for renovating impaired and broken-  
down constitutions. It quickly improves the func-  
tions of assimilation, and it cures that where  
years are unavailing, anxious, endeavoring, and  
spiritual condition has existed, the flesh will  
rapidly increase in quantity and firmness, and  
the whole system returns to a state of robust  
health. The Phosphodyne acts electrically upon  
the organization; for instance, it assists nature to  
generate that human electricity which renews  
and rebuilds the nervous, muscular, nervous  
membranous and organic systems. It operates  
on the system without exciting care or thought  
upon the individual as to the process. It cures
