

THE HERALD. JOB PRINTING OFFICE, RICHMOND HILL.

THE HERALD, PUBLISHED EVERY FRIDAY. At its Book and Job Printing Office, Yonge St. Richmond Hill, Ontario.

THE HERALD. RICHMOND HILL, SEPT. 1, 1876.

LOCAL.

The Scarborough Council meets on Tuesday next.

The village Council meets on Wednesday evening next.

Miss Campbell will resume her music classes on the 15th inst.

The Palmer house will be ready for occupation in about a fortnight.

Owing to an unusual run of job work we are late in issuing this week's Herald.

THE HERALD is the only Conservative paper in this county. Subscribe now.

The Victoria Square Grange will hold their first annual festival on Wednesday, the 13th inst.

The first annual picnic of the Langstaff Grange will take place on Thursday the 14th inst.

The town bell has been rung at seven o'clock in the morning since Monday last. This is as it should be.

A stout, intelligent boy will at present meet with a good chance to learn the printing business at this office.

We are given to understand, that it is the intention of the Reeve of Markham and Mr. Milliken shortly to visit the Centennial.

The members of Crystal Lodge, U. T. O., visited Napier Lodge at Buttonville on Wednesday evening last, and spent an enjoyable time.

On Thursday next, the 7th inst., Mr. George H. Bath, proprietor of the Thornhill hotel will give a grand hop, to commence at eight o'clock.

A grand picnic and harvest home festival will take place on lot 25, 2nd con. East York, on Tuesday the 12th inst. Proceeds in aid of the Newtonbrook brass band.

Mr. A. Siz, of Unionville, has a son that he claims, will beat anything in the township or out of it. She is of the Berkshire Breed. We would advise him to send her to the Centennial.

The Richmond Hill Temple, I. O. G. T. will hold a musical and literary entertainment on Wednesday evening next, the 6th inst, in the Temperance Hall. Admission 15 cents; children 10 cents. Proceeds in aid of the new temperance hall.

Mrs. G. Trench, formerly Miss Mame E. Sedman, was a few days after her marriage presented with a handsome volume of the Episcopal Church Service by the scholars of her Sunday School class, on the occasion of resigning her position as teacher.

Richmond Hill Village is assessed for taxable income more than either the Villages of Aurora or Markham, whilst the number of assessed persons is smaller, as follows: Aurora, 345 persons, assessed for \$1600; Markham, 212, \$1000; Richmond Hill, 137, \$1900;

A grand Masonic demonstration will be held in the Agricultural Hall, Markham on Thursday, 7th Sept., at which several prominent members of the order are expected to be present and deliver addresses. The usual favor of a complimentary card has been received, for which our thanks are tendered.

A petition was in circulation in the village last week the object of which was the obtaining of the afternoon mail from the south at six o'clock instead of half-past nine as heretofore. 101 names were attached to the petition, and it was sent to P. O. Inspector Spry, with a request to forward to the Post Master General.

On Wednesday morning last there appeared on the Proctor Stage Line a very handsome omnibus, built by Messrs A. Wright & Son. The running gear of the new bus is well got up and the style of the body is airy and can be kept open or closed to suit the weather, but the most noticeable feature of workmanship on it is the painting. The lettering: "Northern Railway and Richmond Hill," "No. 1," and "S. Proctor, Dominion Hotel," is very tastefully executed, and the scroll work is exquisite, and would reflect credit on a workman of years of experience though done by a boy still in his teens, William Ashford, Mr Wright's son.

We notice other papers offering inducements to subscribers, and as we are determined that THE HERALD shall have the largest paying subscription list in the county by the end of this year, we make the following offer to new subscribers: THE HERALD will be given from the present time until December 31st, 1877, for \$1.25 cash in advance.

Nothing can be fairer than Mr. Daniel F. Beatty's mode of doing business, and which evinces his confidence in the superiority of his instruments over all others. He warrants his pianos and organs for six years, gives a five day's test trial, and returns money if purchaser is not satisfied. By this means his instruments are brought into competition with others, and invariably come out victorious. Address all communications to Daniel F. Beatty, Washington, Warren County, N. J.; U. S. A. See his advertisement.

Monies required for county purposes from the different municipalities, for the year 1876, are as follows:

Table with columns: Municipality, General Purposes, L. S. J., School, R. R., Tchs. Totals: \$27,725.63 \$3,906.00 \$7,566.00

Below we insert the 27th section of the Weights and Measures Act for the benefit of those concerned:

Sec. 27.—Every trader, manufacturer, carrier, public weigher, gauger, measurer, surveyor, or any other person, who after the expiration of time appointed under this Act for the first inspection in the inspection division in which he carries on his business, offers for sale or uses, for any purpose of buying, selling, or charging, for the carriage of any goods, wares, merchandise or thing, or of measuring any work, land, goods, materials or other things, for purpose of charging for or ascertaining the price to be paid or the charge to be made therefor, any weight or measure, or weighing machine which has not been duly inspected and stamped according to this Act, or which may be found light, deficient or otherwise unjust, shall be guilty of an offence against this Act, and shall on conviction, incur a penalty of not more than fifty or less than five dollars for each such offence; and every such unstamped, light, deficient, or unjust weight, weighing machine or measure so used, offered for sale, or found in his possession, shall on being discovered by the Deputy Inspector, be forfeited and forthwith seized and broken by him, without suit or other authority than this Act.

BASE BALL

On Saturday last, the Live Oak B. B. Club of Patterson, played a friendly game of base ball on the Unionville grounds, with the B. B. club of that village, which resulted in a hard earned victory for Unionville nine by only six runs. A high wind prevailed during the entire afternoon which made it uncomfortable both for players and spectators. Shortly after commencing, the first base man of the Live Oaks had his ankle sprained which was quite painful to the recipient and likewise a draw back to the nine. Some wild throwing on the part of the Live Oaks gave their opponents such a start that they could not, with the best playing, regain the lost ground. But notwithstanding these mishaps, they succeeded in whitewashing their opponents three times, and in return receiving one themselves. After the match all partook of a first class supper at the Temperance House. Mr. Braithwaite acted as umpire to the entire satisfaction of every one. Mr Andrew Spalding scored for the Live Oaks. Appended is the score:

COUNTY LIQUOR CASES.

The following cases were up before Mr. McNabb, the prosecution being conducted by Mr. William Munzie, the Inspector for West York. The parties charged were defended by Mr. T. H. Bull and Mr. N. Murphy. The cases in their order were:—

James Marshall, Lambton, charged with selling liquor without license. The acts were charged to have been committed on the 4th and 8th inst., respectively. The case was adjourned at defendant's request till the 31st inst.

Wm. McDowell, Humber Mouth, charged with selling without a license on the 18th inst., was fined \$30 and costs.

Charlotte Phillips, near Kleinburg, was charged with selling liquor on the 13th without a license. The case was adjourned, to procure the attendance of a witness, till the 31st inst.

John Colley, Carlton, charged with selling without a license on the 18th inst., and John Dixon, Lambton, on a similar charge, had their cases adjourned at their request till the 31st inst. These two defendants have been previously convicted of the same offence and fined.

The prisoners, the two Youngs, will be brought to Toronto in a few days on a writ from the Court of Queen's Bench.

City Items.

The Editor of the Toronto Telegram has been assaulted by the Hon. John Beverly Robinson for a libellous article in his paper.

The Toronto Street Railway Company have effected a purchase of the lot on the south-west corner of George and Front streets, from Front to the Esplanade. The intention is to erect a building on the lot, with stone foundation and brick walls, four stories high, for stables, car shops, and workshops, and offices pertaining. The head office will be continued in Yorkville. At present there are two stables, that in Yorkville, and the stable on King-street East, both of which will be given up, and the cattle removed to the new stable on George-street. A track will be laid to the new building along Front-street.—Globe.

Milliken.

(From our own correspondent.)

Harvest in this section being mostly finished before the latter part of last week, many farmers were taking a few days to rest their bodies and "relax their limbs," after the busy and bustle. While thus enjoying themselves they remained unconscious of the hardships to which they had been subjected, until McCormick & Co., Chicago, brought into the neighborhood a self-binding reaping machine. A trial of this machine came off on the farm of Mr. Geo. Cook, lot No. 3, 4th concession Markham, on Monday the 28th ult., in a field of oats, heavy in the straw but not badly lodged. On very short notice a large number of farmers gathered to witness the trial, and those who had bent under a noonday sun began to contrast their own labor with that of the driver of the self-binder. There they saw one man sitting on the machine doing the work of four or five good hands, and that in a most perfect manner. Not a loose straw was seen behind the machine, not a head of grain from a broken band, no untied sheaves, no sore hands from Canadian thistles. All were delighted with the exhibition, and some were so much interested that they could scarcely keep out of the machine. Such an exhibition is a real delight to farmers, it is right at home and free. Were they all Grangers? After that they may very well dispense with their half-decided-upon visit to the city of "Brotherly Love."

North York.

About half past one o'clock on Saturday morning of last week, the Public School House at Mount Albert, was discovered in flames; and before assistance, to any extent, reached the place, the entire premises were destroyed. There seems no reasonable doubt about it being the work of an incendiary. The Trustees have offered a reward for the discovery of the offender or offenders. We trust the perpetrator of the deed may be discovered and punished.

Some time during Sunday night the lock-up at Newmarket was broken open to release two lewd girls who have been prowling round the village for the last week or ten days. They were taken prisoners on Sunday. The lock-up is under the process of being moved to another location, and during its moving, which commenced last Friday after the discharge of the boy McDonald, several prisoners have been locked up in it for sundry offences. It stands now partly on the thoroughfare on Water street, waiting till the Council finish negotiating for a proper place for it.

Peel County.

J. Fleming, Esq., of the town of Brampton, has been appointed Deputy judge of the County of Peel.

Yorkville.

The Yorkvillians pay \$80 per year for having a bell rung three a day. In Richmond Hill they do things cheaper, being only about \$10 per year for having a bell rang four times a day.

The Yorkvillians when they travel in England or on the continent always hail from Toronto. They are either ashamed of their own classic suburbs or they are small enough to take advantage of being thought to belong to Toronto, without being willing to be annexed.

An emergency meeting of the Ashlar Lodge was held in the Yorkville Town Hall on Monday night. The question of finding other accommodations for meeting will soon have to occupy the attention of the Lodge. Why not build?

There is some talk of starting an organ here to be edited by gentlemen who are interested in preventing the spread of the annexation fever, and to offset the influence of the Globe upon this subject.

Just now, when chemical fertilizers are creating so much attention, it is of interest to note that Mr. C. T. Hayward of England, has apparently succeeded in preventing potato blight by supplying the mineral elements of potato plant food to his garden, which had previously been well dressed with nitrogenous manures. He claims to have secured a better crop, the tubers more even in size, smooth-skinned, and free from disease; while the market gardeners about him suffered heavy losses from the potato disease.

Mr. St. Just, Minister of Agriculture, is said to have accepted the Lieutenant-Governorship of the new territory of Keewatin.

The prisoners, the two Youngs, will be brought to Toronto in a few days on a writ from the Court of Queen's Bench.

During the dry season of late summers, every country resident should secure several barrels of road dust. It is worth many times its cost as an absorbent. Those who keep poultry secure by its use a valuable fertilizer, nearly as strong as guano, with none of its disagreeable odor. Place an inch or two of road dust in the bottom of the barrel; then, as the poultry house is regularly cleaned, deposit an inch thick of the cleanings, and so on alternately, layers of each till the barrel is filled. The thinner each layer is, the more perfect will be the intermixture of the ingredients.

Commercial.

The Mark Lane Express, in its view of the corn trade, says:—"Harvesting is progressing satisfactorily, and the bulk of the grain crop has been secured. The wheat yield will be less than an average, and probably not larger than that of 1875. This result is disappointing. However, the quality is fine and the weight heavy. New barley is satisfactory."
