Friend Cosgrove should not allow such a eable visage to be posted on the front of his sheds, for it is enough to frighten all the horses that come within five miles of it. When we first saw the picture we thought the whole village would be gobbled up by the hideous monster.

R. Marsh, Esq., of this Village, has forwarded to the Centennial seventeen prize sheep. He could have forwarded double that number, but owing to some mismanagement he was informed that only half the number that afterwards would have been received, was allowed to go.

On Thursday night of last week, about half past ten o'clock, Mr. Jas. Nichol near Newtonbrook, on Yonge street, detected a man in the act of robbing his hen roost. The reflection of a light was seen at the barn and Mr. Nichol went out to see the cause of it, and came upon the thief, who had wrung the neck of one fowl and was in the act of reaching for another; he had also filled two bags with wheat from the granary. Mr. Nichol captured him, Charles Linton, by name, and sent for Constable Lane, who took him to Toronto goal the same night. Mr. Nichol deserves credit for ridding the neighborhood of these pests.

A young man named Parkinson was drowned here on Monday last. Messrs. Earnest and P. W. Charrington, the British Centennial Commissioners, were in town last week.

The cabmen are again in trouble, a hotel-keeper from Barrie having been robbed in a cab of about \$60.

Complaints have been made as to the condition of the Rose Hill Reservoir, but upon examination they appear to be groundless.

A Congregational Church was opened the other day on Spadina avenue. Toronto indeed merits the name of "the city of churches."

A match at base ball was played here on the 26th ult., between the Toronto Club and the Guelph Maple Leaf Club, in which the latter, as expected, came off victorious.

Mr. Harold Lambe, of this city, carried off the first prize in the mile race, at the New York Athletic Sports, thereby gaining the title of champion amateur runner of America.

Markham Village.

The Markham Village Council will meet at the Franklin Hotel on Monday evening next, 2nd of November. -Economist Sept. 28.

Yesterday was the first day of the East Riding of York and Markham Fall Show. There was a small attendance. All the classes are well filled and the show is excellent. To day will be the last and best day of the fair. Full report will be given next week.

A baseball match was played at Markham on Saturday between the White Stockings, of Aurora, and the Stars, of Markham, resulting in a victory for the Stars by a score of 27 to 10. The day was rather cold and hot balls were received with dry faces, which will in a measure account for the large number of runs got on both sides. The Stars are to play at Bowmanville on the 7th inst.

Milliken.

(From our own correspondent.) The annual public meeting of the Ferguson Library was held in the vestry of St. John's church, on Monday, Oct. 2nd. The report read shows a steady increase; the volumes of select works in the library now number about 1000.

Yorkville.

We have been given to understand that Mr. Nightingale, wife and family, are at present on a visit to the Centennial.

The "compliments of the season" are being passed between a "Ratepayer," and "Another Ratepayer," upon handbills posted through the village of Yorkville, upon the fences; the former compliments the latter upon the nice sidewalk, the beautiful new lamp, he has at the corner of the street and other things all of which is alleged to be favoritism, shown to him at the expense of others.

To which "Another Ratepayer" rejoins by saying it is a falsification of facts, and likening the accuser to a badger &c. We beg to say to all those who would like to air the public grievances under which they suffer, that we have no objections to give them a reasonable space in the columns of our paper upon both sides of any question at issue.

North York.

The Commons M. P. for North York, before he got a seat, could condemn through the columns of the paper for which he writes, the Sandfield Macdonald Government, for voting \$450 indemnity to the members of the Local Legislature; but now that the tables are turned he does not scruple to palliate \$800 for like service, in order to bolster up his protegee—neither does his hand paralyze at taking a cool \$1000 for his own distinguished services as a legislator, which may be briefly summed up—moving for a return of the number of murderers and cutthroats the country ought to have endeavored to create a diversion in favor of re-employment. —Eva

Mrs. Dymond has kindly contributed \$5 as a special prize for the Union Show to be held here on the 10th and 11th of next month, and the committee have decided to give it on Covered Carriages, 1st prize \$3, 2nd prize \$2—Banner

Commercial.

At a meeting of the Corn Exchange Association, held in Toronto on Tuesday, the question of the weight of barley came up for discussion, when it was resolved that the Imperial measure should be the standard, and not the Winchester bushel, as was adopted a short time since. It is held that grain that would grade number one in the Imperial would be only number two by the Winchester. It is difficult to understand why changes should be permitted without at first being duly considered, as it must prove a loss and inconvenience to those engaged in the trade.
