Municipal matters are very quiet, we have not heard that any change is likely to be made in our present council, upon the whole we believe the members of it have given satisfaction.

Markham Township, Dec. 11th, 1876. To the Editor of The Herald.
Sir.—Can you inform me how it is that the proceedings of the council of this municipality cost about sixty dollars for the printing, whereas, the minutes of the council of Whitechurch only cost about half the above amount. Does it not seem that there is something rotten in the "state of Denmark."
QUIVER.

Boxgrove, Dec. 11th, 1876. To the Editor of The Herald.

Sir.—Would you inform your readers what the editor of the Economist has in coming out in opposition to thirty of the leading business men of Markham village, who had formed a society with the Reeve of the township as chairman, to assist in carrying Dunkin By Law.

And how it was that Marsh and Doherty took five to form a committee to examine the bill at Cedar Grove, when Milliken and Reesor only took one to form a committee to examine Clarkson Hill.

And at the same time I think you have forgotten to publish the reports of the committees that have been appointed for the last three years.

YORK COUNTY TEMPLE T.O.G.T.

The above temple met at Todmorden on Friday last, and held the most successful and interesting convention it has ever held. The Dunkin Act was the chief topic of discussion, and delegates from different parts of the county gave the objections to the by-law raised in their several localities, which were all easily disposed of. Several hours of spirited discussion on the provisions of the bill itself; the effect of subsequent legislation upon it, the opinion of eminent counsel thereon, and the working of the act where already in force, lead to a resolution to the effect that: "We as a county temple pledge ourselves, by our vote and influence, to give our most hearty support to the by-law under the said Act for the county of York." A public meeting was held in the evening at which there was a large attendance: addresses were delivered by Rev. W. B. Affleck, Rev. J. D. Edgar and Bro. Nixon. Mr. Affleck spoke chiefly on the Dunkin Act, to which he had given good deal of attention in view of the numerous objections about submitting by-laws under that Act, and quoted eminent counsel to show that a by-law under the said Act amounted almost to prohibition. He also, read facts and figures from the blue book, showing how useless were many of the assertions of the adventurers stumping the county in the pay of the Licensed Victuallers' Association. The next meeting will be held at Willowdale in June next.

Mr. Crosby moved, seconded by Mr. Powell, that the By-Law be read a third time and passed. The By-Law was read a third time and passed accordingly.

The special committee appointed by the Council to examine into and report on the complaints laid before the County by the Minister of Education against the Treasurer and the Assessor for West York presented their report, in which, after giving a summary of the evidence taken, it was submitted that "the above statements, in the opinion of the committee, entirely exonerate the Treasurer from any blame in reference to the charges made against him by the Hon. the Minister of Education, and that after a very careful examination of the whole matter complained of, your Committee find no reasonable grounds for the complaint made by the Hon. the Minister of Education." The report was received and adopted by the Council.

A report was received from the Commissioners of Queen-street sidewalk, and from Raymond Baby, giving a statement of money received and expended on his road division.

Mr. Watson presented the petition of Frank Turner, praying the Council to compel the Yorkville and Vaughan Road Company to place the Davenport road in a proper state of repair.

The Council granted permission to Martin McKee to cut ice on the River Don within certain limits.

The Treasurer was instructed to pay the following sums:—To School Section No. 16, for use of school house for polling booth, \$4; James Sparks and Wm. Yorkville.

MUNICIPAL MATTERS.

On Tuesday evening a caucus of the temperance party was held in Yorkville for the purpose of selecting candidates to run for municipal honors on the Temperance ticket. Mr. John Bugg occupied the chair, and among those present were Messrs. A. Hastings, John C. Daniels, Joseph Gibson, E. Mosley, A. Kirkpatrick, W. Huddart, O. Foster, O. F. Foster, James Wallace, James Hodgson, James D. Brown, James Shaw, Joseph Davis, D. Thompson, Moses Thompson, Moses Staunton, and Thos. Nightingale.

After some discussion the following candidates were selected:—
For Reeve, Samuel Wickson, Deputy Reeve, Joseph Gibson; Councilors, Moses Staunton, James Dobson, and E. Y. Crown.

A deputation was then appointed to wait upon the gentlemen mentioned to offer them the nomination of the ticket.

It is also expected that Mr. John Severn, the present Reeve, will be a candidate, and Messrs. Walter Walker and Joseph Dixon of the present council will also offer themselves for re-election.

The Exemptions Committee met Tuesday afternoon, Ald. Hallam in the chair. The chairman announced that he had received endorsed petitions from thirty-one municipalities. Only one municipality had refused to endorse the petition, and strangely for the reason that the petition did not go far enough. An address, which it is proposed to submit to the Attorney-General, was discussed by the Committee, but its contents, in obedience to the wish of the Committee, are held secret for a few days. It was agreed to appoint four canvassers to canvass the city for signatures to the petitions, gratuitously supplied by The Daily Leader. It is to be hoped that this Committee (whose deliberations are important) will notify the press of their future meetings.—Leader.

A meeting of ratepayers, resident on the Don Mount and the Kingston Road, was held at Mr. Smedley's Hotel, on the evening of the 7th instant, to consider the propriety of petitioning the Legislature for an Act to incorporate (as a Village) the District of Leslieville and the adjacent sections in the County of York. Mr. William Hodgson was called to the chair, and after considerable discussion, a motion was carried appointing Messrs. Tiffin, Hodgson and Bedley a Committee to obtain the necessary legal information, and to ascertain the opinion of the ratepayers and ratepayers generally upon the subject, as a preliminary to further proceedings. Mr. James W. Potter was also appointed to act as Secretary to the Committee.—Leader.

Ion Robert Dunlap of Lockport, New York, aged 60 years, left his home on Wednesday Nov 15, and has not since been heard of. He left his home under the delusion that concealment or flight was necessary to his safety, and as he has been traced to Suspension Bridge, it is thought he may be concealed somewhere in Canada. A reward of one thousand dollars is offered by his wife, to any person who will bring him alive to his home, at Lockport, and three hundred dollars to any one who will give information that may lead to his recovery and return, or who shall return his body, if dead. Mr Dunlap is 6 feet in height, 200 lbs weight, black hair mixed with gray, full beard, florid complexion; wore a black slouch felt hat, faded blue overcoat, and blue vest. It was an act of humanity on the part of any one having a knowledge of his whereabouts, to at once communicate with his wife, or S R Daniels, Mayor of Lockport, N. Y., where the above rewards are offered. A photograph of Dunlap may be seen on application to this office.

"THE WEEKLY GLOBE."

THE GLOBE PRINTING COMPANY gratefully acknowledge the thanks of those who have attended the appearance of THE WEEKLY GLOBE in its new and improved form. The vast circulation it has secured, and the enthusiastic appreciation that comes from all sections of the Dominion, as well as from numerous readers in Great Britain and the United States, leave no reason to doubt that the publishers have succeeded in producing

A Weekly Journal of the Highest Class.

But the success achieved in the past year is only one other step in the path of advancement. In the coming year fresh progress will be made, and of a character which must give greatly increased interest and value to the paper.

The series of Illustrated Biographies of prominent Public Men, which has been so ably and so judiciously continued during the coming year will continue to attract and engage the attention of every intelligent and progressive reader; and there will also be added, as totally new features,

Portraits of Men Distinguished in the Early History of Canada.

Accompanied by interesting Histories of their Lives and Times.

Sketches of Canadian Natural Scenery.

Views of the Principal Canadian Cities and Towns, and

Views of the most notable Public Buildings of the Dominion.

With copious letters-press descriptions attached to each sketch, and a full and complete account of the various industries now prosecuted in them. These will be carefully prepared for the Globe by first-class artists and writers, whose services for the coming year have already been secured.

Over twenty thousand of the subscribers to THE WEEKLY GLOBE are agriculturists, and they will all gladly learn that THE CANADIAN FARMER on 1st January next will be furnished with that paper under the title of

THE WEEKLY GLOBE AND CANADIAN FARMER.

THE FARMER will cease to appear as a separate publication; its entire staff of editors, contributors, and correspondents will be united with THE WEEKLY GLOBE, and the whole of the valuable agricultural matter heretofore published in THE FARMER will hereafter appear in THE WEEKLY GLOBE. This new attraction will alone be worth to every intelligent farmer much more than his year's subscription.

The Departments of Ecclesiastical Intelligence, Science Notes, and Literary Affairs, now so popular, will be maintained in 1877 with increased vigour.

The Department of Answers to Correspondents, on every variety of subjects, which has proved so valuable and interesting to crowds of readers, will receive increased attention and careful research.

The Political and General News from all parts of the world, up to the latest moment of publication—the Parliamentary Debates, Federal and Provincial, and all other interesting reports at home and abroad—and the Letters of Special Correspondents from all points of interest will continue to be collected and edited with all the care and energy that has kept THE GLOBE in the front rank of Canadian journals for thirty-four years past.

The Literary and Ladies' Departments, under the care of special conductors, will be fresh and ready. Two first-class series, besides minor productions, will appear during the year.

The annual subscription to THE WEEKLY GLOBE AND CANADIAN FARMER will remain as heretofore, only TWO DOLLARS PER ANNUM, sent free of postage to all parts of Canada and the United States, payable invariably in advance. The CLUB RATES FOR 1877

will be as follows:—

The Political and General News from all parts of the world, up to the latest moment of publication—the Parliamentary Debates, Federal and Provincial, and all other interesting reports at home and abroad—and the Letters of Special Correspondents from all points of interest will continue to be collected and edited with all the care and energy that has kept THE GLOBE in the front rank of Canadian journals for thirty-four years past.
