THE HERALD.

THURSDAY, NOV. 1, 1877.

STATECRAFT IN NORTH AND disposition and unscrupulous will, for EAST YORK.

the moment at the expense of truth. And The four members for North and unhappily for the country, we have never East York held a meeting at Stouffville had a more striking illustration of this a short time ago, and a most melancholy than is offered by the present Premier. affair it was. Whether the people were unable to bear four such men together we have a standard to be a stan at one time and in one small village, we is found to be as unreliable in his stateknow not, but an awful fizzle was there. ments as a mock Auctioneer. Moreover, Indeed it is enough to make one almost better things were expected from Mr. doubt the wisdom of the decrees of needed. The mass are readily im-Providence when we see two fine Ridings out-ward seeming a man puts on, and it inflicted with such a quartette of mis- was largely believed in by men of both representatives in one season. Dymond, Metcalf, Lane and Widdifield, what have these Ridings done to deserve such a There never was a worse fraud imposed visitation? With the "Bald headed upon a people; for no sooner did he attain vance. Annanias," as he is termed by our the object of his ambition, than it became witty cotemporary we will deal at some apparent. not only, that he was prepared future day; the local men we will moment to serve the hungry crew that severely let alone for the present. But surround him, but that he was also prethere is the member for the Commons for the East Riding, Mr. Metcalf, for tion by a false statement. For instance, him we have a sincere sympathy; by in the infamous Lachine Canal Job of what malign influence was this un-fortunate man dragged out of his quiet place in parliament that he was entirely fortunate man dragged out of his quiet obscurity to make a speech? Was there ignorant of the whole matter; whereas, obscurity to make a spectral in as check lignorant of the whole matter; wholeas, no friend to warn him that eloquence is not his forte? Was he not well aware that he could not open his mouth that he himself had ordered that these that he himself had ordered that these without putting his foot in it? Why men should be furnished with the infornot follow up before the people his well considered habit in the Halls of the ment. In the Foster Contract matter he were habit in the traction of the ment. In the Foster Contract matter he Legislature? Why not, we say, keep his lips tightly closed, looking all the time wondrous wise? The public gazes the Chief Engineer, this as was admiringly at the silent man imagining afterwards proved, mines of unexplored wisdom under his untrue there was no such certificate. In placid exterior : but wee betide the man the Steel Rails' matter he stated that who with nothing in his head, in an evil he was advised to pursue the course he hour unlocks the flood gates of his did by Messrs. Workman and Darling, speech; for then the people find him of Montreal, Hardware Merchants; but out, and for the long future the owl like of these gentlemen say they knew nothing wisdom of his countenance is worthless about it, and so on through the whole This was the hapless member's fate at term of his ministerial career. He Stouffville, wandering on for nearly an seems never to have been able to divest hour in his dreary platitudes, no man might know what he was driving at, and stamping the country in the role of a it was very evident he did not know clear Grit demogogue trained in the himself. Nay, even the small boys with school or the Globe and the Browns, he liveliest imaginations became disgusted has been ever ready to snatch at a lie and left; yet, bad as this was, tho' fearto save himself from present exposure, ful the torture, the wretched man might, in a great measure, have escaped proportion of his supporters would see the consequences of his rash act, had not his brother, Marplot, from North York, In plain truth, the man never was fitted gove and printed his speech, but there by nature or education for any better it is in the Globe of Monday week, let part than that of the henchman of George his constituents read it for themselves, Brown; the semblance of rough honesty bearing in mind that it is intended as worn so well during the days of his the exposition by a statesman of his opposition being only a mask put on to day evening last, when it was decided views in a difficult erisis of our national affairs. Then if his constituents don't nature; and even now he has the ing books. This, with the Government of size and even now he has the ing books. This, with the Government of size and even now he has the ing books. This with the Government of size and even now he has the ing books. This with the Government of size and even now he has the ing books. This with the Government of size and even now he has the ing books. iny tears for our national affairs, effrontery at public meetings to denounce grant of sixty dollars will prove quite they can be no true lovers of their country.

" THIS MAN IS A LIAR."
